ADMINISTRATIVE CODE EDITOR

Published by the
STATE OF IOWA
UNDER AUTHORITY OF IOWA CODE SECTION 17A.6

The Iowa Administrative Code Supplement is published biweekly pursuant to Iowa Code section 17A.6. The Supplement contains replacement chapters to be inserted in the loose-leaf Iowa Administrative Code (IAC) according to instructions included with each Supplement. The replacement chapters incorporate rule changes which have been adopted by the agencies and filed with the Administrative Rules Coordinator as provided in Iowa Code sections 7.17 and 17A.4 to 17A.6. To determine the specific changes in the rules, refer to the Iowa Administrative Bulletin bearing the same publication date.

In addition to the changes adopted by agencies, the replacement chapters may reflect objection to a rule or a portion of a rule filed by the Administrative Rules Review Committee (ARRC), the Governor, or the Attorney General pursuant to Iowa Code section 17A.4(6); an effective date delay imposed by the ARRC pursuant to section 17A.4(7) or 17A.8(9); rescission of a rule by the Governor pursuant to section 17A.4(8); or nullification of a rule by the General Assembly pursuant to Article III, section 40, of the Constitution of the State of Iowa.

The Supplement may also contain replacement pages for the IAC Index or the Uniform Rules on Agency Procedure.

CHAPTER 8 LONG-TERM CARE RESIDENT'S ADVOCATE/OMBUDSMAN

[Prior to 5/20/87, see Aging, Commission on the[20] rules 4.2 and 9.6]

[Prior to 1/27/10, see Elder Affairs Department[321] Ch 8]

17—8.1(231) Purpose. This chapter establishes procedures for notice and appeal of penalties imposed for interference with the official duties of a long-term care resident's advocate/ombudsman, which are established in 2010 Iowa Acts, Senate File 2263, section 7, and in accordance with Section 712 of the federal Older Americans Act, as codified at 42 U.S.C. Section 3058g. This chapter also establishes criteria for serving under the volunteer long-term care ombudsman program. The resident's advocates/ombudsmen investigate complaints related to the actions or inactions of long-term care providers that may adversely affect the health, safety, welfare, or rights of residents and tenants who reside in long-term care facilities, assisted living programs, and elder group homes.

17—8.2(231) Definitions.

"Access" means the term defined in 2010 Iowa Acts, Senate File 2263, section 7.

"Assisted living program" means a program defined in Iowa Code section 231C.2 and certified under Iowa Code chapter 231C.

"Civil penalty" means a civil money penalty not to exceed the amount authorized under 2010 Iowa Acts, Senate File 2263, section 7.

"Department" means the Iowa department on aging.

"Director" means the director of the department on aging.

"Elder group home" means a home defined in Iowa Code section 231B.1 and certified under Iowa Code chapter 231B.

"Long-term care facility" means a long-term care unit of a hospital or a facility licensed under Iowa Code section 135C.1 whether the facility is public or private.

"Long-term care resident's advocate/ombudsman" means the individual employed to carry out the duties of 2010 Iowa Acts, Senate File 2263, section 7.

"Office of the state long-term care resident's advocate" means the office established in 2010 Iowa Acts, Senate File 2263, section 7.

"Official duties" means those duties specified in 2010 Iowa Acts, Senate File 2263, section 7, and in the federal Older Americans Act.

"Volunteer long-term care ombudsman" means a volunteer who has successfully completed all requirements and received certification from a long-term care resident's advocate/ombudsman.

[ARC 8489B, IAB 1/27/10, effective 1/7/10; ARC 8939B, IAB 7/14/10, effective 7/1/10]

17—8.3(231) Interference.

8.3(1) A local long-term care resident's advocate/ombudsman or trained volunteer long-term care ombudsman certified under rule 17—8.7(231) who is denied access to a resident or tenant in a long-term care facility, assisted living program, or elder group home or to medical and personal records while in the course of conducting official duties or whose work is interfered with during the course of an investigation shall report such denial or interference to the office of the state long-term care resident's advocate who will report the interference to the director of the department on aging.

8.3(2) Access to facility records. Copies of a resident's medical or personal records maintained by the facility, or other records of a long-term care facility, assisted living program, or elder group home, may be made with the permission of the resident, the resident's responsible party, or the legal representative of the resident. All medical and personal records shall be made available to a volunteer long-term care ombudsman for review if:

a. The volunteer long-term care ombudsman has written permission from the resident, the legal representative of the resident, or the responsible party; and

b. Access to the records is necessary to investigate a complaint; and

c. The volunteer long-term care ombudsman obtains approval of the resident's advocate/ombudsman or designee.

[ARC 8489B, IAB 1/27/10, effective 1/7/10; ARC 8939B, IAB 7/14/10, effective 7/1/10; ARC 9349B, IAB 2/9/11, effective 3/16/11]

17—8.4(231) Monetary civil penalties—basis. The director, in consultation with the state long-term care resident's advocate/ombudsman, may impose a monetary civil penalty of not more than \$1,500 on an officer, owner, director, or employee of a long-term care facility, assisted living program, or elder group home who intentionally prevents, interferes with, or attempts to impede the duties of the state or a local long-term care resident's advocate/ombudsman. If the director imposes a penalty for a violation under this rule, no other state agency shall impose a penalty for the same interference violation.

[ARC 8489B, IAB 1/27/10, effective 1/7/10; ARC 8939B, IAB 7/14/10, effective 7/1/10; ARC 9349B, IAB 2/9/11, effective 3/16/11]

17—8.5(231) Monetary civil penalties—notice of penalty. The department on aging shall notify the officer, owner, director, or employee of a long-term care facility, assisted living program, or elder group home in writing by certified mail of the intent to impose a civil penalty. The notice shall include, at a minimum, the following information:

1. The nature of the interference and the date the action occurred.
2. The statutory basis for the penalty.
3. The amount of the penalty.
4. The date the penalty is due.
5. Instructions for responding to the notice, including information on the individual's right to appeal.

[ARC 8489B, IAB 1/27/10, effective 1/7/10; ARC 8939B, IAB 7/14/10, effective 7/1/10]

17—8.6(231) Monetary civil penalties—appeals. An officer, owner, director, or employee of a long-term care facility, assisted living program, or elder group home who is assessed a monetary civil penalty for interference with the official duties of a long-term care resident's advocate/ombudsman may appeal the penalty by informing the department of the intent to appeal in writing within ten days after receiving a notice of penalty. Appeals shall follow the procedures set forth in 17—Chapter 13.

[ARC 8939B, IAB 7/14/10, effective 7/1/10]

17—8.7(231) Volunteer long-term care ombudsman program.

8.7(1) Application. Any individual may apply to the resident's advocate/ombudsman program to become a volunteer long-term care ombudsman. A resident advocate committee member shall be given priority in the selection process and may become a certified volunteer long-term care ombudsman pending successful completion of the required training and background checks.

a. *Application forms.* Application forms may be obtained from the resident's advocate/ombudsman program at the department on aging address listed in rule 17—2.1(231) or from other organizations designated by the department.

b. *Submission of forms.* Each applicant shall complete an application and submit it to the department address listed in rule 17—2.1(231).

8.7(2) Conflict of interest.

a. Prior to certification, applicants for the volunteer long-term care ombudsman program must not have a conflict of interest or have had a conflict of interest within the past two years in accordance with the Older Americans Act. A conflict of interest shall be defined as:

- (1) Employment of the applicant or a member of the applicant's immediate family within the previous year by a long-term care facility or by the owner or operator of any long-term care facility;
- (2) Current participation in the management of a long-term care facility by the applicant or a member of the applicant's immediate family;
- (3) Current ownership or investment interest (represented by equity, debt, or other financial relationship) in an existing or proposed long-term care facility or long-term care service by the applicant or a member of the applicant's immediate family;

(4) Current involvement in the licensing or certification of a long-term care facility or provision of a long-term care service by the applicant or a member of the applicant's immediate family;

(5) Receipt of remuneration (in cash or in kind) under a compensation arrangement with an owner or operator of a long-term care facility by the applicant or a member of the applicant's immediate family;

(6) Acceptance of any gifts or gratuities from a long-term care facility or a resident or a resident's representative;

(7) Acceptance of money or any other consideration from anyone other than the office of the state long-term care resident's advocate/ombudsman for the performance of an act in the regular course of long-term care;

(8) Provision of services while employed in a position with duties that conflict with the duties of a volunteer long-term care ombudsman;

(9) Provision of services to residents of a facility in which a member of the applicant's immediate family resides; or

(10) Participation in activities which negatively affect the applicant's ability to serve residents or which are likely to create a perception that the applicant's primary interest is other than as an advocate for the residents.

b. Immediate family shall be defined as father, mother, son, daughter, brother, sister, aunt, uncle, first cousin, nephew, niece, wife, husband, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepparent, stepbrother, stepchild, stepsister, half sister, half brother, grandparent or grandchild.

8.7(3) Applicants shall not be accepted into the program if:

a. It is determined that the applicant has a conflict of interest as listed in subrule 8.7(2); or

b. The applicant has unfavorable references, which shall include a DCI criminal background check and abuse check;

c. The applicant lives in any part of a continuing care retirement community, or any housing owned by the long-term care facility in which the volunteer would function.

8.7(4) Training. Prior to certification, applicants must successfully complete the required training as approved by the resident's advocate/ombudsman. Successful completion shall be defined as completion of all assignments and tasks during training, demonstration of proper techniques and skills, and an understanding of the role of the volunteer long-term care ombudsman in the long-term care setting. The applicant shall complete a minimum of 24 hours of approved training, which shall include, but not be limited to:

a. History and overview of resident's advocate/ombudsman program;

b. Terminology;

c. Resident rights;

d. State and federal law, rules and regulations regarding long-term care facilities;

e. Regulatory process in long-term care facilities;

f. Aging process, common medical conditions and terminology;

g. Life in a long-term care facility and culture change;

h. Communication skills;

i. Confidentiality;

j. Problem solving and documentation, and follow-up of complaints;

k. Dynamics of abuse and neglect;

l. Ethics; and

m. Resources for volunteer long-term care ombudsmen.

8.7(5) Approval for certification. Final approval for certification as a volunteer long-term care ombudsman shall be made by the resident's advocate/ombudsman and shall be subject to the applicant's successful completion of the required training and to a favorable report from the instructor. The resident's advocate/ombudsman has the right to require that the applicant receive additional personal training prior to certification and has the right to deny certification to applicants not meeting the above training criteria.

8.7(6) Certification.

a. Notification. A volunteer long-term care ombudsman shall be notified in writing within 14 days following the conclusion of the training program if certification has been continued or revoked.

b. Certification shall initially be for one year, with recertification available following the volunteer's completion of a minimum of ten hours of approved continuing education in the first year and completion of a progress review by the residents of the facility, the facility administrator and staff, and the resident's advocate/ombudsman or a representative from the office of the state long-term care resident's advocate/ombudsman program.

c. After the volunteer's successful completion of one year as a volunteer long-term care ombudsman, the resident's advocate/ombudsman may recertify the volunteer for a two-year period.

8.7(7) Continuing education.

a. All certified volunteer long-term care ombudsmen shall complete a minimum of ten hours of continuing education the first year and a minimum of six hours of continuing education each year thereafter. Continuing education may include, but is not limited to:

(1) Scheduled telephone conference calls with representatives from the office of the state long-term care resident's advocate/ombudsman program;

(2) Governor's conference on aging;

(3) Area Alzheimer's disease conferences;

(4) Elder abuse conferences;

(5) Courses related to aging conducted by a local community college or university or via the Internet;

(6) Other events as approved in advance by the resident's advocate/ombudsman.

b. Volunteer long-term care ombudsmen are responsible for reporting continuing education hours to the resident's advocate/ombudsman or designee within 30 days following the completion of the continuing education event.

8.7(8) Contesting an appointment. A provider who wishes to contest the appointment of a volunteer shall do so in writing to the resident's advocate/ombudsman. The final determination shall be made by the resident's advocate/ombudsman within 30 days after receipt of notification from the provider.

8.7(9) Certification revocation.

a. *Reasons for revocation.* A volunteer long-term care ombudsman's certification may be revoked by the resident's advocate/ombudsman for any of the following reasons: falsification of information on the application, breach of confidentiality, acting as a volunteer long-term care ombudsman without proper certification, attending less than the required continuing education training, voluntary termination, unprofessional conduct, failure to carry out the duties as assigned, or actions which are found by the resident's advocate/ombudsman to violate the rules or intent of the program.

b. *Notice of revocation.* The resident's advocate/ombudsman shall notify the volunteer and the facility in writing of a revocation of certification.

c. *Request for reconsideration.* A request for reconsideration or reinstatement of certification may be made in writing to the resident's advocate/ombudsman. The request must be filed within 14 days after receipt of the notice of revocation.

d. *Response time.* The resident's advocate/ombudsman shall investigate and consider the request and notify the requesting party and the facility of the decision within 30 days of receipt of the written request.

8.7(10) Access.

a. *Visits to facilities.* A volunteer long-term care ombudsman may enter any long-term care facility without prior notice. After notifying the person in charge of the facility of the volunteer long-term care ombudsman's presence, the volunteer long-term care ombudsman may communicate privately and without restriction with any resident who consents to the communication.

b. *Visits to resident's living area.* The volunteer long-term care ombudsman shall not observe the private living area of any resident who objects to the observation.

c. *Restrictions on visits.* The facility staff member in charge may refuse or terminate a volunteer long-term care ombudsman visit with a resident only when written documentation is provided to the volunteer long-term care ombudsman that the visits are a threat to the health and safety of the resident.

The restriction shall be ordered by the resident's physician, and the order shall be documented in the resident's medical record.

8.7(11) Duties. The volunteer long-term care ombudsman shall assist the resident's advocate/ombudsman or designee in carrying out the duties described in the Older Americans Act. Primary responsibilities of a volunteer long-term care ombudsman shall include:

- a.* Conducting initial inquiries regarding complaints registered with the long-term care resident's advocate/ombudsman;
- b.* At the request of the resident's advocate/ombudsman or designee, providing follow-up visits on cases investigated by the resident's advocate/ombudsman or designee;
- c.* Attending, assisting with, or providing technical assistance to resident and family council meetings as needed;
- d.* At the request of the resident's advocate/ombudsman or designee, making follow-up visits to a facility after a department of inspections and appeals survey or complaint investigation to monitor the progress and changes listed in the plan of correction or to monitor the correction of deficiencies;
- e.* Tracking, monitoring and following up on publicly available information regarding facility performance;
- f.* Identifying concerns in a facility. Concerns identified should be discussed with the chair of the resident advocate committee to determine an appropriate course of action to reach resolution;
- g.* Completing all reports and submitting them to the resident's advocate/ombudsman in a timely manner; and
- h.* Completing exit interviews when the volunteer ombudsman resigns.

CHAPTER 4

RULES OF CONDUCT

[Prior to 7/13/88, see Architectural Examiners, Board of[80]]

193B—4.1(544A,17A) Rules of conduct. Failure by a registrant to adhere to the provisions of Iowa Code sections 272C.10 and 544A.13 and the following rules of conduct shall be grounds for disciplinary action.

4.1(1) Definitions. The following definition applies as used in Iowa Code chapter 544A and this chapter of the architectural examining board rules, unless the context otherwise requires.

“Official copy” means technical submission for purposes of required approval.

4.1(2) Competence.

a. In practicing architecture, an architect shall act with reasonable care and competence, and shall apply the technical knowledge and skill which is ordinarily applied by architects of good standing, practicing in the same locality.

b. In designing a project, an architect shall take into account all applicable state and municipal building laws and regulations. While an architect may rely on the advice of other professionals (e.g., attorneys, engineers and other qualified persons) as to the intent and meaning of the regulations, once having obtained such advice, an architect shall not knowingly design a project in violation of these laws and regulations.

c. An architect shall undertake to perform professional services only when the architect, together with those whom the architect may engage as consultants, are qualified by education, training and experience in the specific technical areas involved.

d. No person shall be permitted to practice architecture if, in the board’s judgment upon receipt of medical testimony or evidence, the person’s professional competence is substantially impaired by physical or mental disabilities.

4.1(3) Conflict of interest.

a. An architect shall not accept compensation for services from more than one party on a project unless the circumstances are fully disclosed to and agreed to (such disclosures and agreement to be in writing) by all interested parties.

b. If an architect has any business association or direct or indirect financial interest which is substantial enough to influence judgment in connection with the architect’s performance or professional services, the architect shall fully disclose, in writing, to the client or employer the nature of the business association or financial interest, and if the client or employer objects to the association or financial interest, the architect will either terminate such association or interest or offer to give up the commission or employment.

c. An architect shall not solicit or accept compensation from material or equipment suppliers in return for specifying or endorsing the products.

d. When acting as the interpreter of building contract documents and the judge of contract performance, an architect shall render decisions impartially, favoring neither party to the contract.

4.1(4) Full disclosure.

a. An architect, making public statements on architectural questions, shall disclose when compensation is being received for making the statements.

b. An architect shall accurately represent to a prospective or existing client or employer the architect’s qualifications and the scope of the architect’s responsibility in connection with work for which the architect is claiming credit.

c. If, in the course of work on a project, an architect becomes aware of a decision taken by the employer or client against the architect’s advice which violates applicable state or municipal building laws and regulations and which will, in the architect’s judgment, adversely affect the safety to the public of the finished project, the architect shall:

1. Report the decision to the local building inspector or other public official charged with enforcement of the applicable state or municipal building laws and regulations.

2. Refuse to consent to the decisions, and,

3. In circumstances where the architect reasonably believes that other decisions will be taken, notwithstanding the architect's objection, terminate the architect's services with reference to the project.

d. An architect shall not deliberately make a materially false statement or deliberately fail to disclose a material fact requested in connection with application for registration or renewal of registration.

e. An architect shall not assist the application for registration of a person known by the architect to be unqualified in respect to education, training, experience or character.

f. An architect possessing knowledge of a violation of these rules by another architect shall report the knowledge to the board.

4.1(5) *Compliance with laws.*

a. An architect shall not, in the conduct of architectural practice, knowingly violate any state or federal criminal law.

b. An architect shall neither offer nor make any payment to a government official (whether elected or appointed) with the intent of influencing the official's judgment in connection with a prospective or existing project in which the architect is interested.

c. An architect shall comply with the registration laws and regulations governing the architect's professional practice in any United States jurisdiction.

4.1(6) *Professional conduct.*

a. Each office maintained for the preparation of drawings, specifications, reports or other professional work shall have an architect resident regularly employed in that office having responsible control of such work.

b. An architect shall not sign or seal drawings, specifications, reports or other professional work for which the architect does not have direct professional knowledge and direct supervisory control; provided, however, that in the case of the portions of professional work prepared by the architect's consultants, registered under this or another professional registration law of this jurisdiction, the architect may sign or seal that portion of the professional work if the architect has reviewed that portion, has coordinated its preparation and intends to be responsible for its adequacy.

c. An architect shall neither offer nor make any gifts to any public official with the intent of influencing the official's judgment in connection with a project in which the architect is interested. Nothing in this rule shall prohibit an architect from providing architectural services as a charitable contribution.

d. An architect shall not engage in conduct involving fraud or wanton disregard of the rights of others.

Failure by a registrant to adhere to these rules of conduct shall cause the registration to be reviewed by the board and shall, at the discretion of the board, be cause for a reprimand, suspension or revocation of the registration.

4.1(7) *Seal and certificate of responsibility.*

a. Each architect shall procure a seal with which to identify all technical submissions issued by the architect for use in Iowa as provided in Iowa Code section 544A.28.

b. Description of seal: The diameter of the outside circle shall be approximately 1¾ inches. The seal shall include the name of the registered architect and the words "Registered Architect". The Iowa registration number and the word "Iowa" shall be included. The seal shall substantially conform to the samples shown below:

- c.* A legible rubber stamp, electronic image or other facsimile of the seal may be used.
- d.* Each technical submission submitted to a building official, hereinafter referred to as the official copy, shall contain an information block on its first page or on an attached cover sheet with application of a seal by the architect in responsible charge and an information block with application of a seal by each professional consultant contributing to the technical submission. The seal and original signature shall be applied only to a final technical submission. Each official copy of a technical submission shall be stapled, bound or otherwise attached together so as to clearly establish the complete extent of the technical submission. Each information block shall display the seal of the individual responsible for that portion of the technical submission. The area of responsibility for each sealing professional shall be designated in the area provided in the information block, so that responsibility for the entire technical submission is clearly established by the combination of the stated seal responsibilities. The information block will substantially conform to the sample shown below:

S E A L	I hereby certify that the portion of this technical submission described below was prepared by me or under my direct supervision and responsible charge. I am a duly registered architect under the laws of the state of Iowa.	
	_____ Printed or typed name	
	_____ Signature	_____ Date
	_____ Registration expires	_____ Date issued
	Pages or sheets covered by this seal: _____	
	_____ _____ _____ _____	

e. The information requested in each information block must be typed or legibly printed in permanent ink or a secure electronic signature. An electronic signature as defined in or governed by Iowa Code chapter 554D meets the signature requirements of this rule if it is protected by a security procedure, as defined in Iowa Code section 554D.103(14), such as digital signature technology. It is the licensee's responsibility to ensure, prior to affixing an electronic signature to a technical submission, that security procedures are adequate to (1) verify that the signature is that of a specific person and (2) detect any changes that may be made or attempted after the signature of the specific person is affixed. The seal implies responsibility for the entire technical submission unless the area of responsibility is clearly identified in the information accompanying the seal.

f. It shall be the responsibility of the architect who signed the original submission to forward copies of all changes and amendments to the technical submission, which shall become a part of the

official copy of the technical submission, to the public official charged with the enforcement of the state, county, or municipal building code.

g. An architect is responsible for the custody and proper use of the seal. Improper use of the seal shall be grounds for disciplinary action.

h. The seal appearing on any technical submission shall be prima facie evidence that said technical submission was prepared by or under the responsible control of the individual named on that seal.

4.1(8) *Communications.* An architect shall, when requested, respond to communications from the board within 30 days of the mailing of such communication by certified mail. Failure to respond to such communication may be grounds for disciplinary action against the architect.

4.1(9) *Intern Development Program supervisor.* The Intern Development Program supervisor shall not fail to respond to a request to verify experience hours reported to the National Council of Architectural Registration Board's Intern Development Program when requested by NCARB, the board, or a subordinate, associate, or intern who is, or has been, supervised by the Intern Development Program supervisor.

This rule is intended to implement Iowa Code chapters 17A and 544A.

CHAPTER 47 DIVERSION INITIATIVES

DIVISION I PROMOTING AWARENESS OF THE BENEFITS OF A HEALTHY MARRIAGE

PREAMBLE

These rules implement the Iowa promoting awareness of the benefits of a healthy marriage program. This program uses federal funds from the Temporary Assistance to Needy Families (TANF) block grant to provide information to certain households about the benefits of a healthy and stable marriage. Eligibility for this program also establishes categorical eligibility for the Iowa food assistance program under 441—Chapter 65.

[ARC 9172B, IAB 11/3/10, effective 1/1/11; ARC 9350B, IAB 2/9/11, effective 4/1/11]

441—47.1(234) Eligibility criteria. Eligibility for the promoting awareness of the benefits of a healthy marriage program is always determined in conjunction with determination of eligibility for food assistance under 441—Chapter 65.

47.1(1) Application. There is no separate application for the program. Eligibility for the program is determined whenever the department determines a household's eligibility for food assistance.

47.1(2) Resources. There is no asset test for the program.

47.1(3) Income. The household's gross countable monthly income determined according to rule 441—65.29(234) must be less than or equal to 160 percent of the current federal poverty guidelines for the household size. The income eligibility limits as described in this subrule are revised each October 1 to reflect the annual adjustment to the federal poverty guidelines.

47.1(4) Otherwise eligible for food assistance. The household must meet all eligibility criteria for food assistance except as provided in this rule. A household that includes a member who is currently disqualified from food assistance due to an intentional program violation is not eligible for the program.

47.1(5) Minimum food assistance benefit. The household must be eligible for a monthly food assistance benefit greater than zero. Households with a monthly food assistance benefit of zero are not eligible for the program.

[ARC 9172B, IAB 11/3/10, effective 1/1/11; ARC 9350B, IAB 2/9/11, effective 4/1/11]

441—47.2(234) Notice and eligibility period. A household that meets all of the eligibility criteria in rule 441—47.1(234) shall receive written notice of its eligibility for the promoting awareness of the benefits of a healthy marriage program.

47.2(1) Written information. Households determined eligible for the program shall receive written information about the benefits of a healthy and stable marriage.

47.2(2) Eligibility period. A household that is determined eligible for the program shall remain eligible for the program until the earlier of the following events:

- a. The household fails to meet the eligibility criteria under rule 441—47.1(234), or
- b. The household's food assistance certification period under 441—Chapter 65 ends.

[ARC 9172B, IAB 11/3/10, effective 1/1/11; ARC 9350B, IAB 2/9/11, effective 4/1/11]

These rules are intended to implement Iowa Code section 234.6.

441—47.3 to 47.20 Reserved.

DIVISION II FAMILY SELF-SUFFICIENCY GRANTS PROGRAM

PREAMBLE

These rules define and structure the family self-sufficiency grants program provided through the PROMISE JOBS service delivery regions. The purpose of the program is to provide immediate and short-term assistance to PROMISE JOBS participant families which will remove barriers related to obtaining or retaining employment. Removing the barriers to self-sufficiency might reduce the length of

time a family is dependent on the family investment program (FIP). Family self-sufficiency grants shall be available for payment to families or on behalf of specific families.

441—47.21(239B) Definitions.

“Candidate” means anyone expressing an interest in the family self-sufficiency grants program.

“Department” means the Iowa department of human services.

“Department division administrator” means the administrator of the department of human services division of financial, health and work supports, or the administrator’s designee.

“Department of workforce development” means the agency that develops and administers employment, placement and training services in Iowa, often referred to as Iowa workforce development, or IWD.

“Family” means “assistance unit” as defined at 441—40.21(239B).

“Family investment program” or *“FIP”* means the cash grant program provided by 441—Chapters 40 and 41, designed to sustain Iowa families.

“Family self-sufficiency grants” means the payments made to specific PROMISE JOBS participants, to vendors on behalf of specific PROMISE JOBS participants, or for services to specific PROMISE JOBS participants.

“Immediate, short-term assistance” means assistance provided under this division shall be authorized upon determination of need and that it shall not occur on a regular basis.

“Iowa workforce development (IWD) division administrator” means the administrator of the department of workforce development’s division of workforce development center administration, or the administrator’s designee.

“Local plan for family self-sufficiency grants” means the written policies and procedures for administering the grants for families as set forth in the plan developed by the PROMISE JOBS service delivery region as described in rule 441—47.26(239B). The local plan shall be approved by the Iowa workforce development division administrator.

“Participant” means anyone receiving assistance under this division.

“PROMISE JOBS contract” means the agreement between the department and Iowa workforce development regarding delivery of PROMISE JOBS services.

“PROMISE JOBS participant” means any person receiving services through PROMISE JOBS. A PROMISE JOBS participant must be a member of an eligible FIP household.

“PROMISE JOBS service delivery regions” means the PROMISE JOBS service delivery entities which correspond to the 15 Iowa workforce development regions.

“Promoting independence and self-sufficiency through employment, job opportunities, and basic skills (PROMISE JOBS) program” means the department’s work and training program as described in 441—Chapter 93.

441—47.22(239B) Availability of the family self-sufficiency grants program. The family self-sufficiency grants program shall be available statewide in each of the 15 PROMISE JOBS service delivery regions. Under the PROMISE JOBS contract, Iowa workforce development (IWD) shall allocate the funds available for authorization to each of the service delivery regions based on the allocation standards used for PROMISE JOBS service delivery purposes. The department actually retains the funds which are released through the PROMISE JOBS expense allowance authorization system.

441—47.23(239B) General criteria. Family self-sufficiency grants candidates shall be PROMISE JOBS participants. Participation in the family self-sufficiency grants program is voluntary and shall be based on an informed decision by the family. Further, candidates must have identifiable barriers to obtaining or retaining employment that can be substantially addressed through the assistance offered by family self-sufficiency grants.

441—47.24(239B) Assistance available in family self-sufficiency grants. Family self-sufficiency grants shall be authorized for removing an identified barrier to self-sufficiency when it can be reasonably anticipated that the assistance will enable PROMISE JOBS participant families to retain employment or obtain employment in the two full calendar months following the date of authorization of payment. For example, if a payment is authorized on August 20, it should be anticipated that the participant can find employment in September or October.

47.24(1) *Employment does not occur.* If employment does not occur in the anticipated two-calendar-month period or if the participant loses employment in spite of the self-sufficiency grant, no penalty is incurred and no overpayment has occurred.

47.24(2) *Types of assistance.* Family self-sufficiency grants are PROMISE JOBS benefits and shall be authorized through the PROMISE JOBS expense allowance system. The PROMISE JOBS service delivery region shall have discretion to determine those barriers to self-sufficiency which can be considered for family self-sufficiency grants such as, but not limited to, auto maintenance or repair, licensing fees, child care, and referral to other resources, including those necessary to address questions of domestic violence. Warrants may be issued to the participants, to a vendor, or for support services provided to the family. The PROMISE JOBS service delivery region shall have discretion in determining method of payment in each case, based on circumstances and needs of the family.

47.24(3) *Limit on assistance.* The total payment limit per family is \$1,000 per year. A year for a family shall be the 12 fiscal months following the date of authorization of the initial payment for the family. A fiscal month begins and ends in different calendar months.

47.24(4) *Frequency of assistance.* Family self-sufficiency grants are intended to provide immediate and short-term assistance and must meet the criteria in this rule. While a family may be a candidate more than once and may receive payments in consecutive months in some circumstances, payments shall not be established as regular or ongoing.

47.24(5) *Supplanting.* Family self-sufficiency grants shall not be used for services already available through department, PROMISE JOBS, or other local resources at no cost.

47.24(6) *Relationship to the family investment agreement.* Family self-sufficiency grants are separate from the PROMISE JOBS family investment agreement process. While the family investment agreement must be honored at all times and renegotiated and amended if family circumstances require it, no family shall be considered to be choosing the limited benefit plan if the family chooses not to participate in the family self-sufficiency grant program.

[ARC 8259B, IAB 11/4/09, effective 12/9/09]

441—47.25(239B) Application, notification, and appeals.

47.25(1) *Application elements.* Each PROMISE JOBS service delivery region shall establish an application form to be completed by the PROMISE JOBS participant and the PROMISE JOBS worker when the participant asks to be a candidate for a family self-sufficiency grant. The application form shall contain the following elements:

- a. An explanation of family self-sufficiency grants and the expectations of the program.
- b. Identification of the family and the person representing the family.
- c. A clear description of the barrier to self-sufficiency to be considered.
- d. Demonstration of how removing the barrier is related to retaining or obtaining employment, meeting the criteria from rule 441—47.24(239B).
- e. Demonstration of why other department, PROMISE JOBS, or community resources cannot deal with the barrier to self-sufficiency.
- f. Anticipated cost of removing the barrier to self-sufficiency.

47.25(2) *Notification process.* PROMISE JOBS shall use Form 470-0602, Notice of Decision: Services, to notify the candidate of the PROMISE JOBS decision regarding the family self-sufficiency grant. Decisions shall be in accordance with policies of this division and the local plan.

- a. On approval, the form shall indicate the amount of the benefit that will be issued to the candidate or paid to a vendor, or the service that will be provided to the family.
- b. On denial, the form shall indicate the reason for denial.

47.25(3) *Appealable actions.* The PROMISE JOBS decisions on family self-sufficiency grants may be appealed pursuant to 441—Chapter 7. Copies of the local plan as described at rule 441—47.26(239B) shall be included with the appeal summary.

47.25(4) *Nonappealable actions.* PROMISE JOBS participants shall not be entitled to an appeal hearing if the sole basis for denying, terminating or limiting assistance from family self-sufficiency grants is that self-sufficiency grant funds have been reduced, exhausted, eliminated, or otherwise encumbered. [ARC 8259B, IAB 11/4/09, effective 12/9/09]

441—47.26(239B) Approved local plans for family self-sufficiency grants. Each PROMISE JOBS service delivery region shall create and provide to IWD their written policies and procedures for administering family self-sufficiency grants. The plan shall be reviewed for required elements and quality of service to ensure that it meets the purpose of the program and approved by the department division administrator and the IWD division administrator. The written policies and procedures shall be available to the public at county offices, PROMISE JOBS offices, and at IWD. At a minimum, these policies and procedures shall contain or address the following:

47.26(1) *A plan overview.* The plan overview shall contain a general description detailing:

- a. Any types of services or assistance which will be excluded from consideration for family self-sufficiency grants in the PROMISE JOBS service delivery region.
- b. How determinations will be made that the service or assistance requested meets the program's objective of helping the family retain employment or obtain employment.
- c. How determinations will be made that the proposed family self-sufficiency grant is not supplanting as required at subrule 47.24(5).
- d. Services established and any maximum (and minimum, if any) values of payments of the services established by the PROMISE JOBS service delivery region.
- e. Verification procedures or standards for documenting barriers, using written notification policies found at 441—subrule 93.10(1).
- f. The design of the application form.
- g. Verification procedures or standards for documenting employment attempts if not already tracked by PROMISE JOBS procedures, using policies found at rule 441—93.10(239B).
- h. How applications will be processed timely to address barriers to obtaining or retaining employment.
- i. Follow-up procedures on participant effort.
- j. Procedures for tracking of family self-sufficiency grant authorizations in order to stay within service delivery region allocation.
- k. How staff will be trained to administer the program.

47.26(2) *Intake and eligibility determination.* The policies and procedures shall describe:

- a. How families most likely to benefit from self-sufficiency grant assistance are identified.
- b. How families can apply for self-sufficiency grant assistance.
- c. How families will be informed of the availability of self-sufficiency grant assistance, its voluntary nature, and how the program works.
- d. How county offices and PROMISE JOBS offices will maintain, provide to pilot participants, and otherwise make available, written policies and procedures describing the project.
- e. Which PROMISE JOBS staff shall make decisions regarding identification of barriers and candidate eligibility for payment and what sign-off or approval is required before a payment is authorized.

47.26(3) *A plan for evaluation of family self-sufficiency grants.* The evaluation plan shall:

- a. Describe tracking procedures.
- b. Describe the plan for evaluation (e.g., what elements will be used to create significant data regarding outcomes).
- c. Describe how measurable results will be determined.
- d. Identify any support needed to conduct an evaluation (e.g., what assistance is needed from department and IWD).

- e.* Describe which aspects of the project were successful and which were not.
These rules are intended to implement Iowa Code section 239B.11.

CHAPTER 97
COLLECTION SERVICES CENTER

PREAMBLE

The collection services center is the public agency designated by state law as the state disbursement unit with responsibility for the receipt, recording and disbursement of specified support payments within the state of Iowa. The administrative guidelines within this chapter describe the process of transferring support cases or information from the clerks of district court to the collection services center and the policies and procedures used to receive, monitor, and distribute support payments.

441—97.1(252B) Definitions. The definitions of terms used in this chapter shall follow those terms defined in rule 441—95.1(252B) with the exception or addition of the following:

“Collection services center” means the public agency designated to receive, record, monitor, and disburse support payments as defined in Iowa Code section 598.1, 252B.15 or 252D.16, in accordance with Iowa Code sections 252B.13A and 252B.14.

“Correlated non-IV-D case” means a non-IV-D case where income withholding information must be maintained by the unit in order to properly process an income withholding payment because the obligor has both a non-IV-D and a current or former IV-D case.

“Electronic funds transmission” means, for purposes of this chapter, the use of a NACHA-approved child support format for the electronic transmission of funds to the collection services center.

“Employee” shall have the same meaning provided this term in Iowa Code section 252G.1.

“Former IV-D case” means a case that previously received services from the unit under rule 441—95.2(252B) but currently receives only payment processing services from the collection services center.

“Insufficient funds payment” means a support payment by check or other financial instrument which is dishonored, not paid, or the funding of the payment is determined to be inadequate.

“IV-D case” means a case that receives services from the unit under rule 441—95.2(252B), including payment processing services from the collection services center.

“NACHA-approved child support payment transmission format” means a child support payment transmission format approved by the National Automated Clearing House Association (NACHA).

“Non-IV-D case” means a support order that never received services from the unit under rule 441—95.2(252B), but that receives payment processing services from the collection services center for income withholding payments.

“Obligee” means the guardian, custodial parent, person, or entity entitled to receive support payments.

“Obligor” means a parent, relative, or any other person declared to be legally liable for the support of a child or the custodial parent or guardian of the child.

“Payor of income” shall have the same meaning provided this term in Iowa Code section 252D.16.

“Support payment” shall have the same meaning provided this term in Iowa Code section 252D.16.

“Unit” means the child support recovery unit as defined in Iowa Code section 252B.2.

“Web site” means the Web site operated by the department of human services for the purpose of allowing a payor of income to make a support payment through electronic transmission to the collection services center.

[ARC 9351B, IAB 2/9/11, effective 4/1/11]

441—97.2(252B) Transfer of records and payments. For non-IV-D cases, the clerk of court shall provide core case information to the unit upon the filing of a new income withholding order or upon the request of the unit. “Core case information” means information listed in paragraphs 97.2(1) “a” and “b” and subrule 97.2(2). For IV-D and correlated non-IV-D cases, the clerk of court shall provide detailed case information to the unit upon request. After the establishment of a case, the unit shall send notices of transfer to obligors, obligees, and payors of income based upon case type.

97.2(1) *Transfer of information on non-IV-D and correlated non-IV-D cases.*

a. In non-IV-D cases, the unit shall request the following information necessary for the receipt, recording and disbursement of payments from the clerk of the district court:

- (1) The obligor's name and address.
- (2) The obligee's name and address.
- (3) The court order numbers.

b. In correlated non-IV-D cases, the unit shall request the following information necessary for the receipt, recording and disbursement of payments from the clerk of the district court:

- (1) The obligor's name and address.
- (2) The obligee's name and address.
- (3) The court order numbers.
- (4) The income withholding order.

c. The clerk of the district court shall provide case information to the unit on a regular basis when an income withholding order is filed with a clerk of court or when the unit requests the information in order to process a payment.

d. The unit shall automatically create cases for payment processing based upon the information received from the clerks of court.

97.2(2) *Transfer of information on IV-D cases.* In IV-D cases, the clerk of district court shall provide the unit with the following information if the information has been provided to the clerk upon request of the unit:

a. The obligee's name, date of birth, last-known mailing address, the social security number if known and, if different in whole or part, the names of the persons to whom the obligation of support is owed by the obligor.

b. The name, birth date, social security number, and last-known mailing address of the obligor.

c. A copy of all support orders that establish or modify a support amount.

d. The names, social security numbers, and dates of birth of any minor dependents for whom support is ordered, if available.

e. A record of any support payments received by the clerk of district court prior to the transfer of case information and any payments received by the collection services center and the date of transfer to the collection services center.

f. A record of any determination of controlling order under the Uniform Interstate Family Support Act.

441—97.3(252B) Support payment records. Each IV-D, former IV-D and non-IV-D case type shall have an official payment record.

97.3(1) *Official records for cases.* The official payment records for each case type shall be maintained by a designated entity.

a. The collection services center shall establish, maintain and certify the official support payment records for IV-D or former IV-D cases.

b. The clerk of the district court shall establish, maintain and certify the official support payment records for non-IV-D and correlated non-IV-D cases. The collection services center shall establish and maintain records for receipt and disbursement of income withholding payments for these cases, but shall not certify these records as the complete payment record.

97.3(2) *Informal conference for payment records.* The unit shall provide an informal conference or desk review regarding the contents of any support payment record to the obligor or obligee upon request.

a. In IV-D or former IV-D cases, the conference shall be available to review the payment record and to answer questions of the obligee or obligor regarding the accuracy of the record.

b. In non-IV-D and correlated non-IV-D cases, the conference shall be available to review the accuracy of the contents of any record of income withholding payments.

97.3(3) *Certified payment records.* The unit shall provide certified copies of the official support payment records as defined in paragraph 97.3(1)“a” to the public, upon request, as a public record.

441—97.4(252B) Method of payment. Payments shall be accepted in specific forms from obligors and payors of income.

97.4(1) Form of payment. Except as otherwise provided in this rule and in rule 441—97.5(252D), support payments may be paid in the form of cash, check, bank draft, money order, preauthorized withdrawal of funds, or other financial instrument, and sent by mail to the collection services center, or by electronic transmission of funds.

97.4(2) Treatment of insufficient funds payments. The unit shall have a process in place to handle insufficient funds payments.

a. An obligor submitting an insufficient funds support payment to the collection services center shall be required to submit payments by cash, bank draft, or money order for a period of up to 12 months unless waived by the collection services center.

b. A payor of income submitting an insufficient funds support payment to the collection services center shall be required to submit payments through electronic funds transmission, cash, bank draft, or money order for a period of up to 12 months unless waived by the collection services center.

c. Insufficient funds payments shall not be credited to the collection services center account for the obligor or shall be removed from the account if credited before sufficiency was verified. Insufficient funds support payments shall be subject to additional collection by the collection services center for the dishonored amount.

d. The collection services center shall not process additional payments other than cash, bank drafts or money orders from an obligor or payor of income who has previously submitted insufficient funds payments without first verifying the payment. The collection services center shall have a process in place to allow the obligor or the payor of income the opportunity to replace any additional moneys submitted for payment of support before processing in order to avoid additional insufficient funds entries into the official payment records on the affected cases.

97.4(3) Distribution of payment. Nonincome withholding support payments received by the collection services center in IV-D, former IV-D, non-IV-D, or correlated non-IV-D cases which are not directed to a specific account or support obligation shall first be applied proportionately to the current support obligation on all cases for the obligor and, secondly, to the support arrearages owed by the obligor.

[ARC 9351B, IAB 2/9/11, effective 4/1/11]

441—97.5(252D) Electronic transmission of payments. Payors of income shall electronically transmit to the collection services center the amounts withheld under an income withholding order.

97.5(1) Thresholds for electronic funds transmission. A payor of income shall transmit payment through electronic funds transmission if either of the following applies:

- a.* The payor of income employs 100 or more employees and uses an agent for payroll processing.
- b.* The payor of income employs 200 or more employees.

97.5(2) Use of the Web site. Unless paragraph 97.4(2) “b” applies, a payor of income required to use electronic funds transmission under subrule 97.5(1) may elect to submit payments electronically by using the Web site if the payor of income determines that using electronic funds transmission would cause undue hardship.

97.5(3) Implementing electronic funds transmission. A payor of income implementing electronic funds transmission shall complete all the following before the implementation date specified in subrule 97.5(5):

- a.* Contact the collection services center to obtain file layout and case reconciliation information.
- b.* Provide to the collection services center:
 - (1) The contact information for the person responsible for electronic funds transmission for the payor of income or the payor of income’s agent for payroll processing;
 - (2) The contact information for the person responsible for payroll accounts for the payor of income or the payor of income’s agent for payroll processing;
 - (3) The name and address of the authorized financial institution from which the payment will be withheld; and

(4) A sample file layout in a NACHA-approved child support format and, if necessary, a test file in a NACHA-approved child support format.

c. If needed upon review by the collection services center:

(1) Make corrections to the file layout to meet a NACHA-approved child support format, and

(2) Provide a corrected copy to the collection services center for review.

d. Upon approval of the file layout by the collection services center, provide an implementation date before the first submission of payment through electronic funds transmission.

97.5(4) *Maintaining information and file format after implementation.* A payor of income that has implemented electronic funds transmission shall:

a. Transmit both payment amounts and detailed information records in accordance with a NACHA-approved child support format.

b. Advise the collection services center of a payment error within two business days.

c. Provide the collection services center ten working days' advance notice when changing between NACHA-approved child support formats.

d. Correct case number or file problems identified by the collection services center before sending any additional files.

97.5(5) *Time frames for implementation.* A payor of income shall comply with the following implementation schedule:

a. A payor of income that employs 1,000 or more employees shall implement electronic funds transmission or begin using the Web site no later than December 31, 2011.

b. A payor of income that employs between 500 and 999 employees shall implement electronic funds transmission or begin using the Web site no later than December 31, 2012.

c. A payor of income that employs between 200 and 499 employees shall implement electronic funds transmission or begin using the Web site no later than December 31, 2013.

d. A payor of income that employs 100 or more employees and uses an agent for payroll processing shall implement electronic funds transmission or begin using the Web site no later than December 31, 2013.

97.5(6) *Exemption from electronic transmission.* To avoid undue hardship, a payor of income that has fewer than 200 employees or a payor of income that has fewer than 100 employees and uses an agent for payroll processing is exempt from using electronic transmission unless subrule 97.4(2) applies.

441—97.6(252B) Authorization of payment. The collection services center must authorize the generation of payments for support paid. The collection services center shall issue payments as follows:

97.6(1) *Submittal of information to department of administrative services.* In order to disburse payments to the obligee within two working days, the collection services center shall submit information daily to the department of administrative services to issue a warrant or electronic file transfer (EFT) payment to the obligee.

97.6(2) *Release of funds.* The following workday an electronic transfer of funds shall be sent to the designated account of the obligee or an alternate account to be accessed by the obligee through an electronic access card, or if subrule 97.6(5) applies, a state warrant may be sent by regular mail to the last-known address of the obligee.

97.6(3) *Electronic transfer.* Obligees who want electronic transfer of support payments to a designated account shall complete Form 470-2612, Authorization for Automatic Deposit, and submit it to the collection services center. Unless subrule 97.6(5) applies, any obligee not using automatic deposit to a designated account shall be issued an electronic access card for receipt of support payments.

97.6(4) *Walk-ins.* Support payments shall not be hand-delivered to the obligee on a walk-in basis.

97.6(5) *Warrants.* The collection services center may authorize generation of a warrant if any one of the following conditions applies:

a. Generation of a warrant is necessary to meet federal requirements to disburse a payment to an obligee within two working days when electronic transfer is not feasible.

b. The obligee has not requested automatic deposit to a designated account of the obligee, and payment is from a source that is nonrecurring or is not expected to continue in a 12-month period.

c. The obligee has not requested automatic deposit to a designated account of the obligee and has asserted in writing on Form 470-3972, Electronic Support Payments, that one of the exemptions listed in this paragraph applies. To claim an exemption, the obligee must return Form 470-3972 to the collection services center within ten days of the date the form was issued. An exemption granted under this paragraph is subject to periodic review by the collection services center. When the collection services center reviews an exemption, it shall issue Form 470-3973, Review of Electronic Transfer Exemption, to the obligee for completion. The exemptions available under this paragraph are:

- (1) A physical disability imposes a hardship in accessing an electronically transferred payment.
- (2) A mental disability imposes a hardship in accessing an electronically transferred payment.
- (3) A language barrier imposes a hardship in accessing an electronically transferred payment.
- (4) A literacy barrier imposes a hardship in accessing an electronically transferred payment.
- (5) The obligee's home and work addresses are more than 30 miles from an automated teller machine and more than 30 miles from a financial institution where the account funds can be accessed.

d. The representative payee, court appointee, or trustee notifies the collection services center or unit in writing that one of the following applies:

- (1) The obligee is under a court-ordered guardianship or conservatorship.
- (2) The obligee is involved in other legal proceedings, including bankruptcy, which require payments to be sent to a trustee or other representative payee.

441—97.7(252B) Processing misdirected payments. If the collection services center receives a payment for which a corresponding obligee cannot be identified, the collection services center shall contact the person or entity that directed the payment to obtain additional information. Payments inappropriately directed to the collection services center shall be returned to the person or entity sending the payment.

These rules are intended to implement Iowa Code sections 252B.13A through 252B.17 and section 252D.17.

CHAPTER 99
SUPPORT ESTABLISHMENT AND ADJUSTMENT SERVICES

PREAMBLE

This chapter contains rules governing the provision of services by the child support recovery unit regarding: the establishment of paternity; the establishment of support obligations in accordance with the mandatory guidelines set by the Iowa Supreme Court; the review and adjustment of support obligations; the modification of support obligations; and the suspension and reinstatement of support obligations. The rules in this chapter pertain only to administrative actions or procedures used by the unit in providing the services identified. This chapter shall not be interpreted to limit the unit's authority to use other means as provided for by state or federal statute, including, but not limited to, judicial procedures in providing these services.

DIVISION I
CHILD SUPPORT GUIDELINES

441—99.1(234,252B,252H) Income considered. The child support recovery unit shall consider all regularly recurring income of both legal parents to determine the amount of the support award in accordance with the child support guidelines prescribed by the Iowa Supreme Court. These rules on child support guidelines shall not apply if the child support recovery unit is determining the support amount by a cost-of-living alteration as provided in Iowa Code chapter 252H, subchapter IV.

99.1(1) Exempt income. The following income of the parent is exempt in the establishment or modification of support:

- a. Income received by the parent under the family investment program (FIP).
- b. Income or other benefits derived from public assistance programs funded by a federal, state, or local governmental agency or entity that are listed in rule 441—41.27(239B) as exempt from consideration in determining eligibility under FIP.
- c. Income such as child support, social security dependent benefits received by a parent for a child because of the other parent's disability, and veteran's dependent benefits received by a parent on behalf of a child.
- d. Stepparent's income.
- e. Income of a guardian who is not the child's parent.
- f. Income of the child's siblings.
- g. Earned income tax credit.

99.1(2) Determining income. Any of the following may be used in determining a parent's income for establishing or modifying a support obligation:

- a. Income reported by the parent in a financial statement.
- b. Income established by any of the following:
 - (1) Income verified by an employer or other source of income.
 - (2) Income reported to the department of workforce development.
 - (3) For a public assistance recipient, income reported to the department of human services caseworker assigned to the public assistance case.
 - (4) Other written documentation that identifies income.
- c. Income as determined through occupational wage rate information published by the Iowa workforce development department or other state or federal agencies.
- d. The median income for parents on the CSRU caseload, calculated annually.
- e. Social security dependent benefits. Social security dependent benefits paid for a child because of a parent's disability shall be included in the disabled parent's income. Social security dependent benefits paid for a parent due to the other parent's disability shall be included in the receiving parent's income.

99.1(3) Verification of income. Verification of income and allowable deductions from each parent shall be requested.

a. Verification of income may include, but is not limited to, the following:

- (1) Federal and state income tax returns.
- (2) W-2 statements.
- (3) Pay stubs.
- (4) Signed statements from an employer or other source of income.
- (5) Self-employment bookkeeping records.
- (6) Award letters confirming entitlement to benefits under a program administered by a government or private agency such as social security, veterans' or unemployment benefits, military or civil service retirement or pension plans, or workers' compensation.

b. Cases in which the information or verification provided by a parent is questionable or inconsistent with other circumstances of the case may be investigated. If the investigation does not reveal any inconsistencies, the financial statement and other documentation provided by the parent shall be used to establish income.

c. If discrepancies exist in the financial statement provided by the parent and additional income information is not available, the child support recovery unit may:

- (1) Request a hearing before the court if attempting to establish a support order through administrative process.

- (2) Conduct discovery if a parent places the matter before the court by answering a petition or requesting a hearing before the court.

- (3) When attempting to establish a default order, provide the court with a copy of the parent's financial information and the reasons the information may be questionable.

d. If the child support recovery unit is unable to obtain verification of a parent's income, the financial statement provided by the parent may be used to establish support.

99.1(4) *Use of occupational wage rate information or median income for parents on the CSRU caseload.* Occupational wage rate information or median income for parents on the CSRU caseload shall be used to determine a parent's income when the parent has failed to return a completed financial statement when requested, and when complete and accurate income information from other readily available sources cannot be secured.

a. *Occupation known.* When the last-known occupation of a parent can be determined through a documented source including, but not limited to, Iowa workforce development or the National Directory of New Hires, occupational wage rate information shall be used to determine income. When the last-known occupation of a parent cannot be determined through a documented source, information may be gathered from the other parent and occupational wage rate information applied. Wage rate information shall be converted to a monthly amount in accordance with subrule 99.3(1).

b. *Occupation unknown.* When the occupation of a parent is unknown, CSRU shall estimate the income of a parent using the median income amount for parents on the CSRU caseload.

99.1(5) *Self-employment income.* A self-employed parent's adjusted gross income, rather than the net taxable income, shall be used in determining net income. The adjusted gross income shall be computed by deducting business expenses involving actual cash expenditures that affect the actual dollar income of the parent.

a. A person is self-employed when the person:

- (1) Is not required to report to the office regularly except for specific purposes such as sales training meetings, administrative meetings, or evaluation sessions.

- (2) Establishes the person's own working hours, territory, and methods of work.

- (3) Files quarterly reports of earnings, withholding payments, and FICA payments to the Internal Revenue Service (IRS).

b. In calculating net income from self-employment, the child support recovery unit shall deduct only those items allowed by the child support guidelines. Amounts from a prior period claimed as net losses shall not be allowed as deductions.

c. Net profits from self-employment may be determined through a review of self-employment bookkeeping records, sales and expenditure records, quarterly reports filed with the IRS, previous year's federal or state income tax returns, or other documentation. The parent shall provide records of

bookkeeping, sales, and expenditures for the most recent 12-month period or, if the self-employment is less than 12 months old, for the period since the self-employment began.

99.1(6) *Fluctuating income.* A person has a fluctuating income when the calculated gross income or the adjusted gross income, as defined in subrule 99.1(5), for the current year varies from the gross or adjusted gross income of the previous year by more than 20 percent.

a. If requested, the child support recovery unit shall average the income of a person whose income fluctuated because the nature of the person's occupation is of a type that normally experiences fluctuations in income.

b. In determining a person's average income, the following procedures shall be used:

(1) For non-self-employed persons, the child support recovery unit shall estimate the gross income for the current year and add the amount to the gross income from relevant years that would accurately depict fluctuations in the person's income. The unit shall divide this sum by the number of years added, prior and current, to arrive at an average gross annual income. The unit shall divide the average gross annual income by 12 to arrive at the person's average gross monthly income.

(2) For income from self-employment, the child support recovery unit shall compute the adjusted gross annual income as defined in subrule 99.1(5) for the relevant years that would accurately depict fluctuations in the person's income. The unit shall use the adjusted gross annual income to compute the average adjusted gross monthly income in the same manner as the computation of average gross monthly income in 99.1(6) "b"(1).

441—99.2(234,252B) Allowable deductions. The deductions specified in the supreme court child support guidelines shall be allowed when determining the amount of income subject to application of the guidelines. The parent claiming the deduction shall provide the documentation necessary for computing allowable deductions. Allowable deductions are:

99.2(1) Federal and state income tax.

a. The child support recovery unit shall calculate the amount of the deduction for federal and state income tax as specified in the Iowa Supreme Court guidelines.

b. The unit shall calculate the amount of the deduction for self-employed persons with fluctuating incomes, as defined in subrule 99.1(6), by computing the person's averaged income and applying the method of calculating a tax deduction as required by Iowa Supreme Court guidelines.

99.2(2) Social security, mandatory pensions, and union dues.

99.2(3) Full cost of health insurance premiums either deducted from wages or paid by a parent or a stepparent, provided the health insurance coverage includes the dependents for whom support is being sought. The parent claiming the deduction shall verify the health insurance premium before the deduction is allowed. Any expected health insurance premiums shall be allowed as a deduction if the parent provides verification of this anticipated expense.

99.2(4) Actual payments of child and spousal support pursuant to a prior court or administrative order. The date of the original court or administrative order, rather than the date of any modifications, shall establish a prior order under this subrule. Support paid under an order established subsequent to the order being modified shall not be deducted. All support payments shall be verified before being allowed as a deduction. The child support recovery unit shall calculate deductions for support as follows:

a. In establishing prior support payments, the child support recovery unit shall verify payments made for the 12 months preceding the month in which the amount of support for the new order is determined. If the support obligation is less than one year old, the child support recovery unit shall verify each monthly payment since the beginning of the obligation.

b. If the obligation is one year old or older, the child support recovery unit shall add together all verified amounts paid during the past 12 months up to the total of the current support obligation that accrued during this 12-month period, and divide by 12. All amounts collected shall be included, regardless of the source.

c. If the support obligation is less than one year old, the child support recovery unit shall add together the verified amounts paid since the obligation began up to the total of the current support

obligation that accrued during this period, and divide by the number of months that the obligation has existed.

d. When a parent has more than one prior support order, the child support recovery unit shall calculate the allowable deduction for each obligation separately, and then add the amounts together to determine the parent's total allowable deduction.

99.2(5) Actual payments of medical support pursuant to a court or administrative order. All medical support payments shall be verified before being allowed as a deduction and shall be calculated in the same manner as the deductions for support in subrule 99.2(4).

99.2(6) Parent's unreimbursed medical expenses, not to exceed \$25 per month.

99.2(7) Actual child care expenses during the custodial parent's employment, less the applicable federal income tax credit. The child support recovery unit shall determine the amount of the child care deduction as follows:

a. Actual child care expenses related to the custodial parent's employment shall be verified by a copy of the custodial parent's federal or state income tax return or by a signed statement from the person or agency providing the child care.

b. Only the amount of reported child care expenses in excess of the amount allowed as "credit for child and dependent care expenses" for federal income tax purposes shall be allowed as a deduction in determining the custodial parent's net income.

c. In determining the deduction allowed to the custodial parent for child care expenses due to employment, the following procedures shall be used:

(1) If the custodial parent provides a copy of a federal income tax return for the current tax processing year and the amount is consistent with the current financial circumstances of the parent, the child support recovery unit shall use the amount reported as "credit for child and dependent care expenses."

(2) If income tax information is not available, or if the parent indicates or there is reason to believe that the amount stated in the return is no longer representative of the parent's financial conditions or child care expenses, the child support recovery unit shall determine the allowable deduction for child care expenses for federal income tax purposes using the custodial parent's income only.

d. The child support recovery unit shall compute the child care deduction as follows:

(1) Divide the amount of child care expense the parent may claim as a deduction for federal income tax purposes by 12 to arrive at a monthly amount.

(2) If the child care expense reported on the financial statement is not a monthly amount, convert the reported amount to an equivalent monthly figure and round the figure to two decimal places.

(3) Subtract the amount the parent may claim as "credit for child and dependent care expenses" for federal income tax from the amount of child care expenses reported on the financial statement. The difference, rounded to the nearest dollar, is the amount allowed for a deduction in determining income for child support.

99.2(8) Qualified additional dependent deduction (QADD). The qualified additional dependent deduction is the amount specified in the supreme court guidelines as a deduction for any child for whom parental responsibility has been legally established as defined by the child support guidelines. However, this deduction may not be used for a child for whom the parent may be eligible to take a deduction under subrule 99.2(4).

a. The deduction for qualified additional dependents may be used:

(1) For dependents of the custodial or noncustodial father or mother, whether in or out of the parent's home. The father may establish the deduction by providing written verification of a legal obligation to the children through one of the actions enumerated in the guidelines. The mother may establish the deduction by providing written verification of a legal obligation to the children, including the mother's statement.

(2) In the establishment of original orders.

(3) In the modification of existing orders. The deduction may be used in an upward modification. The deduction cannot be used to affect the threshold determination of eligibility for a downward modification, but may be used after the threshold determination is met.

b. Reserved.

441—99.3(234,252B) Determining net income.

99.3(1) *Calculating net income.* All includable income and allowable deductions shall be expressed in monthly amounts. Income and corresponding deductions received at a frequency other than monthly shall be converted to equivalent monthly amounts by multiplying the income and corresponding deductions received on a weekly basis by 4.33, on a biweekly basis by 2.17, and on a semimonthly basis by 2. All converted figures shall be rounded to the nearest dollar.

99.3(2) *Estimating net income.*

a. The estimated net income of a parent shall be 80 percent of the reported income or the estimated income as determined from occupational wage rate information or derived from the median income of parents on the CSRU caseload, as appropriate, minus the deductions enumerated in subrules 99.2(3) to 99.2(8) when the information to calculate these deductions is readily available through automated or other sources.

b. The net income of a parent shall be estimated under the following conditions:

(1) Gross earned income information was obtained from a source that did not provide itemized deductions allowed by the mandatory support guidelines.

(2) Occupational wage rate information or median income of parents on the CSRU caseload was used to determine a parent's income.

441—99.4(234,252B) Applying the guidelines.

99.4(1) *Selecting guidelines chart.* The child support recovery unit shall use the guidelines chart only for the number of children for whom support is being sought sharing the same two legal parents.

EXCEPTION: For foster care recovery cases the guidelines chart shall be used as set forth in paragraph 99.5(4) "c."

99.4(2) *Establishing current support.*

a. *Calculation.* The child support recovery unit shall calculate the amount of support required under the Iowa Supreme Court guidelines as follows:

(1) Determine the net monthly income of the custodial parent.

(2) Determine the net monthly income of the noncustodial parent.

(3) Use the chart for the appropriate number of children and the respective incomes of the parents to determine the appropriate percentage to apply.

(4) Multiply the noncustodial parent's net monthly income by the percentage determined appropriate. Round this amount to the nearest whole dollar.

b. *Additional factors.*

(1) In all cases other than foster care, CSRU shall establish current support payable in monthly frequencies.

(2) In foster care cases, CSRU may establish current support payable in monthly or weekly frequencies. To establish a weekly amount, CSRU shall divide the figure in subparagraph 99.4(2) "a"(4) by 4.33 and round to the nearest whole dollar.

(3) If the court orders joint (equally shared) physical care of a child or split or divided physical care of multiple children, the unit shall calculate current support according to the Iowa Supreme Court guidelines for each parent assuming the other is the custodial parent. If a child begins receiving family investment program (FIP) benefits or if foster care funds are expended, an offset of the two amounts as a method of payment shall be disallowed.

(4) The amount of support shall be zero if the noncustodial parent's only income is Supplemental Security Income paid pursuant to 42 U.S.C. 1381a.

99.4(3) *Establishing accrued support debt amount.*

a. *Support debt created.* The payment of public assistance to or for the benefit of a dependent child or a dependent child's caretaker creates an accrued support debt due and owing by the child's parent to the department. The amount of the accrued support debt is based on the period of time public

assistance payment or foster care funds were expended, but is not created for the period of receipt of public assistance on the parent's own behalf for the benefit of the dependent child or the child's caretaker.

b. Calculating accrued support debt. CSRU shall calculate the accrued support debt as follows:

(1) For Family Investment Program (FIP) benefits, CSRU shall use the period for which FIP was paid during the 36 months preceding the date the notice of support debt is prepared or the date the petition is filed. For foster care assistance, CSRU shall use the three-month period for which foster care assistance was paid prior to the date the initial notice to the noncustodial parent of the amount of support obligation is prepared, or the date a written request for a court hearing is received, whichever is earlier.

(2) CSRU shall exclude periods the noncustodial parent received public assistance as a part of this eligible group.

(3) CSRU may extend the period to include any additional periods public assistance is expended prior to the entry of the order.

(4) CSRU shall calculate the amount of the obligation by using the current net income of both parents, the guidelines in effect at the time the order is entered, and the number of children of the noncustodial parent who were receiving public assistance for each month for which accrued support is sought.

(5) CSRU shall calculate the total amount of the FIP support debt by multiplying the number of months for which assistance was paid times the determined guidelines amount.

(6) CSRU may calculate the total amount of the foster care support debt by multiplying the number of months for which assistance was paid times the determined guidelines amount and shall adjust this amount for weeks in which no foster care benefits were paid.

c. Establishing the accrued support repayment amount.

(1) In cases other than foster care, CSRU shall establish the repayment amount as follows:

1. When there is an ongoing obligation, the monthly repayment amount shall be 10 percent of the ongoing amount unless the noncustodial parent agrees to a higher amount.

2. When the order does not include ongoing support, the monthly repayment amount shall be the same as the amount for ongoing support which would have been due if such an obligation had been established. However, when all of the children for whom accrued support debt is sought are residing with the noncustodial parent, the monthly repayment amount shall be set at 10 percent of this amount.

(2) In foster care cases, CSRU shall establish the repayment amount in the same manner as subparagraph (1), but may establish weekly amounts and if the order does not include ongoing support, the repayment amount shall be set at 10 percent of the amount for ongoing support which would have been due if such an obligation had been established.

99.4(4) *Children in nonparental homes or foster care.* The parents of a child in a nonparental home or in foster care are severally liable for the support of the child. A support obligation shall be established separately for each parent.

a. Parents' location known. When the location is known for both parents having a legal obligation to provide support for their children, the income of both parents shall be used to determine the amount of ongoing support in accordance with the child support guidelines.

(1) Calculating support amount. There shall be a separate calculation of each parent's child support amount, regardless of whether the parents are married and living together, or living separately. Each calculation shall assume that the parent for whom support is being calculated is the noncustodial parent and the other parent is the custodial parent.

(2) Prior orders. If only one parent is paying support under a prior order for the children for whom support is being calculated, the amount of support paid shall not be deducted from that parent's net monthly income in computing the support amount for the other parent.

b. One parent's location unknown. When the location of one parent is not known, procedures shall be initiated to establish a support order against the parent whose location is known in accordance with the mandatory support guidelines as follows:

(1) The parent whose location is known shall be considered the noncustodial parent and that parent's income shall be used to calculate child support.

(2) The income of the parent whose location is unknown shall be determined by using the estimated median income for parents on the CSRU caseload and that parent shall be considered the custodial parent in calculating child support.

c. When one parent is deceased or has had parental rights terminated, the method used to calculate support when one parent's location is not known shall be used. The parent who is deceased or has had parental rights terminated shall be considered the custodial parent with zero income.

99.4(5) *Extraordinary visitation adjustment.* The extraordinary visitation adjustment is a credit to the guideline amount of child support as specified in the supreme court guidelines. The credit shall not reduce the child support amount below the minimum support amount required by the supreme court guidelines.

The extraordinary visitation adjustment credit shall be given if all of the following apply:

a. There is an existing order for the noncustodial parent that meets the criteria for extraordinary visitation in excess of 127 overnights per year on an annual basis for the child for whom support is sought. The order granting visitation can be a different order than the child support order. If a controlling order is determined pursuant to Iowa Code chapter 252K and that controlling support order does not meet the criteria for extraordinary visitation, there is another order that meets the criteria.

b. The noncustodial parent has provided CSRU with a file-stamped or certified copy of the order.

c. The court has not ordered equally shared physical care.

441—99.5(234,252B) Deviation from guidelines.

99.5(1) *Criteria for deviation.* Variation from the child support guidelines shall not be considered without a record or written finding, based on stated reasons, that the guidelines would be unjust or inappropriate under the following criteria:

a. Substantial injustice would result to the obligor, the obligee, or the child.

b. Adjustments are necessary to provide for the needs of the child and to do justice between the parties under the special circumstances of the case.

c. In certain foster care cases, adjustments are necessary due to expenses related to the goals and objectives of the case permanency plan or other circumstances contemplated in Iowa Code section 234.39.

99.5(2) *Supporting financial and legal documentation.*

a. The party requesting a deviation from the guidelines shall provide supporting documentation. The supporting documentation shall include an itemized list identifying the amount and nature of each adjustment requested. Failure to provide supporting documentation for a request for deviation shall result in a denial of the request.

b. Legal documents prepared for the court's approval, such as stipulations and orders for support, shall include language to identify the following:

(1) The amount of support calculated under the guidelines without allowance for deviations.

(2) The reasons for deviating from the guidelines.

(3) The amount of support calculated after allowing for the deviation.

99.5(3) *Depreciation.* A parent may request a deduction for depreciation of machinery, equipment, or other property used to earn income. Straight-line depreciation shall be the only type of depreciation that shall be allowed as a deduction. The child support recovery unit shall allow the straight-line depreciation amount as a deduction if the parent provides documentation from a tax preparer verifying the amount of straight-line depreciation being claimed. Straight-line depreciation is computed by deducting the property's estimated salvage value from the cost of the property, and deducting that figure in equal yearly amounts over the period of the property's remaining estimated useful life.

99.5(4) *Foster care case.* In a foster care case, the child support recovery unit may deviate from the guidelines by applying a 30 percent flat rate deduction for parents who provide financial documentation. The flat rate deduction represents expenses under the case permanency plan and financial hardship allowances.

a. and b. Rescinded IAB 5/5/99, effective 7/1/99.

c. CSRU shall calculate the support obligation of the parents of children in foster care when the parents have a legal obligation for additional dependents in the home, as follows: The support obligation of each parent shall be calculated by allowing all deductions the parent is eligible for under the child support guidelines as provided in rule 441—99.2(234,252B) and by using the guidelines chart corresponding to the sum of the children in the home for whom the parent has a legal obligation and the children in foster care. The calculated support amount shall be divided by the total number of children in foster care and in the home to compute the support obligation of the parent for each child in foster care.

99.5(5) *Negotiation of accrued support debt.* The child support recovery unit may negotiate with a parent to establish the amount of accrued support debt owed to the department. In negotiating accrued support, the state does not represent the custodial parent. The custodial parent may intervene at any time prior to the filing of the order to contest the amount of the debt or request the entry of a judgment in the parent's behalf which may otherwise be relinquished through negotiation or entry of a judgment.

These rules are intended to implement Iowa Code sections 234.39, 252B.3, 252B.5, 252B.7A, and 598.21(4).

441—99.6 to 99.9 Reserved.

DIVISION II
PATERNITY ESTABLISHMENT
PART A
JUDICIAL PATERNITY ESTABLISHMENT

441—99.10(252A) Temporary support. If a court ordered a putative father to pay temporary support before entering an order making a final determination of paternity under Iowa Code section 252A.6A, but then the court determines that the putative father is not the legal father and enters an order terminating the temporary support, all the following apply.

99.10(1) *Satisfaction of accrued support.* Upon receipt of a file-stamped copy of the order terminating the support order, the child support recovery unit shall take the following action concerning unpaid support assigned to the department:

- a. The child support recovery unit shall satisfy only unpaid support assigned to the department.
- b. The child support recovery unit shall ask the obligee to sign the satisfaction acknowledging the obligee has no right to support owed the department and waive notice of hearing on a subsequent satisfaction order. If the obligee does not sign the satisfaction and waiver or notice, the child support recovery unit is not prevented from satisfying amounts due the department.
- c. The child support recovery unit shall prepare the required documents to satisfy any amounts owed the department and shall file them with the appropriate district court.

99.10(2) *Previously collected moneys.* The child support recovery unit shall not return any moneys previously paid on the temporary support judgment.

This rule is intended to implement Iowa Code section 252A.6A.

441—99.11 to 99.20 Reserved.

PART B
ADMINISTRATIVE PATERNITY ESTABLISHMENT

441—99.21(252F) When paternity may be established administratively. The child support recovery unit may seek to administratively establish paternity and accrued or accruing child support and medical support obligations against an alleged father when the conditions specified in Iowa Code chapter 252F are met.

441—99.22(252F) Mother's certified statement. Before initiating an action under Iowa Code chapter 252F, the unit may obtain a signed Paternity Questionnaire, Form 470-0172, or a similar document from the child's caretaker. The unit shall obtain the Mother's Written Statement Alleging Paternity, Form 470-3293, from the child's mother certifying, in accordance with Iowa Code section 622.1, that the

man named is or may be the child's biological father. A similar document which substantially meets the requirements of Iowa Code section 622.1 may also be used. In signing Form 470-3293 or similar document, the mother acknowledges that the unit may initiate a paternity action against the alleged father, and she agrees to accept service of all notices and other documents related to that action by first-class mail. The mother shall sign and return Form 470-3293 or a similar document to the unit within ten days of the date of the unit's request.

441—99.23(252F) Notice of alleged paternity and support debt. Following receipt of the Mother's Written Statement Alleging Paternity, Form 470-3293, or a similar document which substantially meets the requirements of Iowa Code section 622.1, the unit shall serve a notice of alleged paternity and support debt as provided in Iowa Code section 252F.3.

441—99.24(252F) Conference to discuss paternity and support issues. The alleged father may request a conference as provided in Iowa Code section 252F.3, subsection (1), with the office that issued the notice to discuss paternity establishment and the amount of support he may be required to pay.

441—99.25(252F) Amount of support obligation. The unit shall determine the amount of the child support obligation accrued and accruing using the child support guidelines established by the Iowa Supreme Court, and pursuant to the provisions of Iowa Code section 252B.7A.

441—99.26(252F) Court hearing. If the alleged father requests a court hearing within the time frames specified in Iowa Code section 252F.3, or as extended by the unit, and paternity testing has not been conducted, the unit shall issue ex parte administrative orders requiring the alleged father, the mother and the child to submit to paternity testing.

441—99.27(252F) Paternity contested. The alleged father may contest the paternity establishment by submitting, within 20 calendar days after service of the notice upon him, as provided in rule 441—99.23(252F), a written statement contesting paternity to the address of the unit as set forth in the notice. The mother may contest paternity establishment by submitting, within 20 calendar days after the unit mailed her notice of the action or within 20 calendar days after the alleged father is served with the original notice, whichever is later, a written statement contesting paternity to the address of the unit as set forth in the notice. When paternity is contested, or at the unit's initiative, the unit shall issue ex parte administrative orders requiring the alleged father, the mother and the child to submit to paternity testing.

441—99.28(252F) Paternity test results challenge. Either party or the unit may challenge the results of the paternity test by filing a written notice with the district court within 20 calendar days after the unit issues or mails the paternity test results to the parties. When a party challenges the paternity test results, and requests an additional paternity test, the unit shall order an additional blood or genetic test, if the party requesting the additional test pays for the additional testing in advance. If the party challenges the first paternity test results, but does not request additional tests, the unit may order additional blood or genetic tests.

441—99.29(252F) Agreement to entry of paternity and support order. If the alleged father admits paternity and reaches agreement with the unit on the entry of an order for support, the father shall acknowledge his consent on the Administrative Paternity Order, Form 470-3294. If the mother does not contest paternity within the allowed time period or if the mother waives the time period for contesting paternity, the unit shall file the Administrative Paternity Order with the court in accordance with Iowa Code section 252F.6.

441—99.30(252F) Entry of order establishing paternity only. If the alleged father requests a court hearing on support issues and paternity is not contested, or if paternity was contested but neither party filed a timely challenge of the paternity test results, the unit shall prepare an order establishing paternity and reserving the support issues for determination by the court. The unit shall present the order and other

documents supporting the entry of the ex parte paternity-only order to the court for review and approval prior to the hearing on the support issues.

441—99.31(252F) Exception to time limit. The unit may accept and respond to written requests for court hearings beyond the time limits allowed in this part.

441—99.32(252F) Genetic test costs assessed.

99.32(1) *Paternity established.* If genetic testing of an alleged father is conducted and that man is established as the child's father, the unit shall assess the costs of the genetic testing to the father who denied paternity and enter an order for repayment of these costs.

99.32(2) *Paternity not established.* If genetic testing of an alleged father is conducted and that man is not established as the child's father, the costs of the genetic testing shall not be assessed to any of the parties.

99.32(3) *Results contested.* If the results of the genetic testing are timely challenged and the challenging party requests additional testing, the party contesting the results shall advance the cost of the additional testing. If the challenging party does not advance payment for the additional testing, the unit shall certify the case to district court.

These rules are intended to implement Iowa Code chapter 252F.

441—99.33 to 99.35 Reserved.

PART C
PATERNITY DISESTABLISHMENT

441—99.36(598,600B) Definitions.

"Disestablishment" means paternity which is legally overcome under the conditions specified in Iowa Code section 600B.41A or section 598.21, subsection 4A.

"Nonrequesting parent" means a parent who is not filing a petition to overcome paternity.

"Requesting parent" means a parent who files a petition to overcome paternity.

441—99.37(598,600B) Communication between parents. When a parent who has filed a petition to disestablish paternity requests assistance from the child support recovery unit in contacting the other parent, the child support recovery unit shall take the following actions if services are being provided by the child support recovery unit, the location of the nonrequesting party is known, and the child support recovery unit has been provided a copy of the petition to disestablish paternity.

99.37(1) *Written contact.* The child support recovery unit shall send written notification to the nonrequesting parent of the requesting parent's desire to disestablish paternity and of the requesting parent's whereabouts. The notice shall state that the nonrequesting parent may cooperate in this action by filing a statement of the nonrequesting parent's current address or the name and address of the nonrequesting parent's attorney in the court file, or may contact the requesting parent with this information.

99.37(2) *Notification of requesting parent.* The child support recovery unit shall provide notification to the requesting party that contact was made with the nonrequesting party and that the nonrequesting parent may file a statement in the court file or may contact the requesting parent directly.

441—99.38(598,600B) Continuation of enforcement. The child support recovery unit shall continue all enforcement actions to collect current and accrued support as ordered until the unit receives a file-stamped copy of the order disestablishing paternity.

441—99.39(598,600B) Satisfaction of accrued support.

99.39(1) *Disestablishment orders entered before May 21, 1997.* Upon receipt of a file-stamped copy of an order disestablishing paternity which was entered before May 21, 1997, the child support recovery unit shall take the following action concerning unpaid support assigned to the department.

a. The child support recovery unit shall satisfy only unpaid support assigned to the department and only if:

(1) For actions under Iowa Code section 600B.41A, blood or genetic testing was done and a guardian ad litem was appointed for the child.

(2) For actions under Iowa Code section 598.21, the written statement was filed and a guardian ad litem was appointed for the child.

b. The child support recovery unit shall ask the obligee to sign the satisfaction acknowledging the obligee has no right to support owed the department and waive notice of hearing on a subsequent satisfaction order. If the obligee does not sign the satisfaction and waiver of notice, the child support recovery unit is not prevented from satisfying amounts due the department.

c. The child support recovery unit shall prepare the required documents to satisfy any amounts owed the department and shall file them with the appropriate district court. If the court later determines that paternity was incorrectly disestablished, the child support recovery unit may attempt to reinstate and enforce the prior judgment.

99.39(2) *Disestablishment orders entered on or after May 21, 1997.* Upon receipt of a file-stamped copy of an order disestablishing paternity which was entered on or after May 21, 1997, the child support recovery unit shall take the following action concerning unpaid support:

a. If the order also contains a provision satisfying unpaid support, the unit shall adjust its records to show unpaid support is paid.

b. If the order does not contain a provision satisfying unpaid support, the unit shall satisfy only unpaid support assigned to the department. The unit shall notify the party who petitioned the court for disestablishment that this is the only support the unit can satisfy.

(1) The child support recovery unit shall ask the obligee to sign the satisfaction acknowledging the obligee has no right to support owed the department and waive notice of hearing on a subsequent satisfaction order. If the obligee does not sign the satisfaction and waiver notice, the child support recovery unit is not prevented from satisfying amounts due the department.

(2) The child support recovery unit shall prepare the required documents to satisfy any amounts owed the department and shall file them with the appropriate court. If the court later determines that paternity was incorrectly disestablished, the child support recovery unit may attempt to reinstate and enforce the prior judgment.

99.39(3) *Termination of paternity.* If the court entered an order dismissing a disestablishment of paternity action on or before May 21, 1997, this subrule applies. Upon receipt of a file-stamped copy of an order terminating paternity under the requirements of Iowa Code section 600B.41A, the child support recovery unit shall take the following action concerning unpaid support assigned to the department:

a. The child support recovery unit shall satisfy only unpaid support assigned to the department.

b. The child support recovery unit shall ask the obligee to sign the satisfaction acknowledging the obligee has no right to support owed the department and waive notice of hearing on a subsequent satisfaction order. If the obligee does not sign the satisfaction and waiver of notice, the child support recovery unit is not prevented from satisfying amounts due the department.

c. The child support recovery unit shall prepare the required documents to satisfy any amounts owed the department and shall file them with the appropriate district court. If the court later determines that paternity was incorrectly terminated, the child support recovery unit may attempt to reinstate and enforce the prior judgment.

99.39(4) *Previously collected moneys.* The child support recovery unit shall not return any moneys previously paid on the judgment.

These rules are intended to implement Iowa Code section 598.21, subsection 4A, and Iowa Code section 600B.41A.

DIVISION III
ADMINISTRATIVE ESTABLISHMENT OF SUPPORT
[Prior to 9/1/93, see 441—95.11(252C)]

441—99.41(252C) Establishment of an administrative order.

99.41(1) *When order may be established.* The bureau chief may establish a child or medical support obligation against a responsible person through the administrative process. This does not preclude the child support recovery unit from pursuing the establishment of an ongoing support obligation through other available legal proceedings. When gathering information to establish a support order, the unit may obtain a signed Form 470-3929, Establishment Questionnaire, or a similar document from the child's caretaker.

a. to d. Rescinded IAB 11/6/96, effective 1/1/97.

99.41(2) *Support debt.* When public assistance is paid to or Medicaid is received by a child of the responsible person, or the dependent child's caretaker, a support debt is created and owed to the department. When no public assistance is paid or Medicaid is received, the debt is owed to the individual caretaker.

99.41(3) *Notice to responsible person.* When the bureau chief establishes a support debt against a responsible person, a notice of child support debt shall be served in accordance with the Iowa Rules of Civil Procedure. The notice shall include all of the rights and responsibilities shown in Iowa Code section 252C.3. The notice shall also inform the responsible person which of these rights may be waived pursuant to Iowa Code section 252C.12, and the procedures for and effect of waiving these rights. The notice shall include a statement that failure to respond within the time limits given and to provide information and verification of financial circumstances shall result in the entry of a default judgment for support.

99.41(4) *Negotiation conference.* The responsible person may, within ten calendar days after being served the notice of child support debt, request a negotiation conference with the office of the child support recovery unit which sent the notice.

99.41(5) *Amount of support obligation.* The child support recovery unit shall determine the amount of the child support obligation accrued and accruing using the child support guidelines established by the Iowa Supreme Court, and pursuant to the provisions of Iowa Code section 252B.7A.

a. Any deviation from the guidelines shall require a written finding by the bureau chief.

b. Reserved.

99.41(6) Reserved.

99.41(7) *Court hearing.* Either the responsible person or the child support recovery unit may request a court hearing regarding the establishment of a support obligation through the administrative process.

a. The request for a hearing by the responsible person shall be in writing and sent to the office of the child support recovery unit which sent the original notice of the support debt by the latest of the following:

- (1) Thirty days from the date of service of the first notice of support debt.
- (2) Ten days from the date of the negotiation conference.
- (3) Thirty days from the date the second notice and finding of financial responsibility is issued.
- (4) Ten days from the date of issuance of the conference report if the bureau chief does not issue a second notice and finding of financial responsibility after a conference was requested.

b. When a request for a court hearing is received from the responsible person, within the time limits allowed, or is made by the child support recovery unit, the bureau chief shall schedule or request that the hearing be scheduled in the district court in the county:

- (1) Where the dependent child resides if the child resides in Iowa.
- (2) Where the responsible person resides if the child for whom support is sought resides in another state or the sole purpose of the administrative order is to secure a judgment for the time period that public assistance was expended by the state on behalf of the family or child.

99.41(8) *Exception to time limit.* The bureau chief may accept and respond to written requests for a court hearing beyond the time limits allowed in this rule.

99.41(9) *Entry of order.* If no request for a hearing is received from the responsible person at the local office of the child support recovery unit, or made by the unit, the bureau chief may prepare an order for support and have it presented ex parte to the court for approval.

a. The attorney for the child support recovery unit shall present the order and other documents supporting the entry of the ex parte order to the court for review and approval. Pursuant to Iowa Code chapter 252C, the court shall approve the order unless defects appear in the order or supporting documents.

b. The bureau chief shall file a copy of the approved order with the clerk of the district court, as stated in 441—paragraph 95.11(7) “*b.*”

c. The bureau chief shall send a copy of the filed order by regular mail, to the caretaker’s last-known address, to the responsible person’s last-known address or the caretaker’s or the responsible person’s attorney pursuant to the provisions of Iowa Code chapter 252C within 14 days after approval and issuance of the order by the court.

99.41(10) *Force and effect.* Once the order has been signed by the judge and filed, it shall have all the force and effect of an order or decree entered by the court. Unless otherwise specified, the effective date of the support obligation shall be the twentieth day following the date the order is prepared by the unit.

99.41(11) *Modification by bureau chief.* The bureau chief may petition an appropriate court for modification of a court order on the same grounds as a party to the court order can petition the court for modification.

This rule is intended to implement Iowa Code chapter 252C.

441—99.42 to 99.60 Reserved.

DIVISION IV
REVIEW AND ADJUSTMENT OF CHILD SUPPORT OBLIGATIONS
[Prior to 9/1/93, see 441—98.51(73GA, ch1244) to 98.60(73GA, ch1244)]

441—99.61(252B,252H) Definitions.

“*Guidelines*” means the most current guidelines and criteria prescribed by the Iowa Supreme Court for determining the amount of child support to be awarded.

“*Parent*” means a person who is a responsible person or a caretaker, as those terms are defined in rule 441—95.1(252B).

“*Recipient of service*” means a person receiving foster care services, or a recipient of family investment program assistance or Medicaid benefits whose child support or medical support is assigned, or a person who is not receiving public assistance but who is entitled to child support enforcement services pursuant to Iowa Code section 252B.4.

441—99.62(252B,252H) Review of permanent child support obligations. Permanent child support obligations that are ongoing and being enforced by the child support recovery unit or the child support agency of another state shall be reviewed by the unit to determine whether or not to adjust the obligation. The unit shall determine the appropriate obligation amount using the child support guidelines. Iowa must have continuing, exclusive jurisdiction to modify the order under Iowa Code chapter 252K.

99.62(1) *Periodic review.* A permanent child support obligation being enforced by the child support recovery unit and meeting the conditions in Iowa Code section 252H.12 may be reviewed upon the initiative of the unit if:

a. The right to any ongoing child support obligation is currently assigned to the state due to the receipt of public assistance.

b. The support order does not already contain medical support provisions.

c. A review is otherwise necessary to comply with state or federal law.

99.62(2) *Review by request.* A review shall be conducted upon the request of the child support recovery agency of another state or upon the written request of either parent subject to the order submitted on Form 470-2749, Request to Modify a Child Support Order. One review may be conducted every two

years when the review is being conducted at the request of either parent. The request for review may be no earlier than two years from the filing date of the support order or most recent modification or the last completed review, whichever is later.

99.62(3) *Review outcome.*

a. Procedures to adjust the support obligation shall be initiated only when the financial and other information available to the child support recovery unit indicates that the:

(1) Present child support obligation varies from the Iowa Supreme Court mandatory child support guidelines by more than 20 percent, and

(2) Variation is due to a change in financial circumstances which has lasted at least three months and can reasonably be expected to last for an additional three months.

b. Procedures to modify a support order may be initiated when the order does not include provisions for medical support.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.63(252B,252H) Notice requirements. The child support recovery unit shall provide written notification to each parent affected by a permanent child support obligation being enforced by the child support recovery unit as follows:

99.63(1) *Notice of right to request review.* The child support recovery unit shall notify each parent of the right to request review of the order and the appropriate place and manner in which the request should be made. Notification shall be provided on Form 470-0188, Application For Nonassistance Support Services, Form 470-1981, Notice of Continued Support Services, Form 470-3078, Availability of Review and Adjustment Services, or through another printed or electronic format.

99.63(2) *Notice of review.* One of the following shall apply:

a. At least 15 days before the review is conducted, the child support recovery unit shall serve notice of its intent to review the order on each parent affected by the child support obligation. This notice shall include a request that the parties complete a financial statement and provide verification of income. The notice shall be served in accordance with Iowa Code section 252B.26 or 252H.15.

b. If the conditions of Iowa Code section 252H.14A(1) are met, the unit may conduct a review using information accessible to the unit without:

- (1) Issuing a notice under paragraph 99.63(2) “a,” or
- (2) Requesting additional information from the parent.

99.63(3) *Notice of decision.* After the child support recovery unit completes the review of the child support obligation in accordance with rule 441—99.62(252B,252H), the unit shall issue a notice of decision in accordance with Iowa Code section 252H.14A or 252H.16 stating whether or not an adjustment is appropriate and, if so, the unit’s intent to enter an administrative order for adjustment.

a. Rescinded IAB 2/5/03, effective 4/1/03.

b. Rescinded IAB 2/5/03, effective 4/1/03.

99.63(4) *Challenges to outcome of review.* Each parent shall be allowed to request a second review challenging the determination of the child support recovery unit. The procedure for challenging the determination is as follows:

a. The parent challenging the determination shall submit the request for a second review in writing to the child support recovery unit stating the reasons for the request and providing written evidence necessary to support the challenge. The request must be submitted:

(1) Within 10 days from the date of a notice of decision issued pursuant to Iowa Code section 252H.16, or

(2) Within 30 days from service of a notice of decision issued pursuant to Iowa Code section 252H.14A.

b. The child support recovery unit shall review the written evidence submitted with the request and all financial information available to the unit and make a determination of one of the following:

- (1) Rescinded IAB 2/5/03, effective 4/1/03.
- (2) To enter an administrative order for adjustment of the obligation.
- (3) That adjustment of the child support obligation is inappropriate.

c. The unit shall send written notice of the outcome of the second review to each parent affected by the child support obligation at the parent's last-known mailing address.

d. For a review initiated under Iowa Code section 252H.15, if either parent disputes the second decision, the objecting parent may request a court hearing within 15 days from the date the notice of decision is issued or within 10 days of the date the second notice of decision is issued, whichever is later.

e. For a review initiated under Iowa Code section 252H.14A, either parent may request a court hearing within 10 days of the issuance of the second notice of decision.

f. If the unit receives a timely written request or the unit determines that a court hearing is necessary, the unit shall certify the matter to the district court. An objecting parent may seek recourse by filing a private petition for modification through the district court.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.64(252B,252H) Financial information. The child support recovery unit shall attempt to obtain and verify information concerning the financial circumstances of the parents subject to the order to be reviewed necessary to conduct the review.

99.64(1) *Financial statements.* Except for a review initiated under Iowa Code section 252H.14A, both parents subject to the order to be reviewed shall provide a financial statement and verification of income within ten days of service of the notice of the unit's intent to review the obligation. If a review is initiated under Iowa Code section 252H.14A and the first notice of decision is challenged as described in subrule 99.63(4), both parents shall be requested to provide a financial statement and verification of income within ten days of the unit's request.

a. Verification of income shall include, but not be limited to, the following: copies of state and federal income tax returns, W-2 statements, pay stubs, or a signed statement from an employer or other source of income.

b. The child support recovery unit may also request that the parent requesting review provide an affidavit regarding the financial circumstances of the nonrequesting parent when the unit is otherwise unable to obtain financial information concerning the nonrequesting parent. The requesting parent shall complete the affidavit if the parent possesses sufficient information to do so.

99.64(2) *Independent sources.* The child support recovery unit may utilize other resources to obtain or confirm information concerning the financial circumstances of the parents subject to the order to be reviewed.

a. These resources include, but are not limited to, the following: the Iowa workforce development department, the Iowa department of revenue, the Internal Revenue Service, the employment, revenue, and child support recovery agencies of other states, and the Social Security Administration.

b. In the absence of other verification of income and deductions allowed under the mandatory support guidelines, the child support recovery unit may estimate the net earned income of a parent for the purpose of determining the amount of support that would be due under the guidelines by deducting 20 percent from the gross earned income confirmed by an independent source. A parent may challenge this estimate by providing verification of actual earned income deductions.

99.64(3) *Availability of medical insurance.* Both parents subject to the order to be reviewed shall provide documentation regarding the availability of health insurance coverage for the children covered under the order, and the cost of the coverage, within ten days of a written request by the child support recovery unit. Verification may include, but not be limited to: a copy of the health benefit plan including the effective date of the plan, a letter from the employer detailing the availability of health insurance, or any other source that will serve to verify health insurance information and the cost of the coverage.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.65(252B,252H) Review and adjustment of a child support obligation.

99.65(1) *Conducting the review.* The child support recovery unit or its attorney shall review the case for administrative adjustment of a child support obligation unless it is determined that any of the following exist:

a. The location of one or both of the parents is unknown.

b. The variation from the Iowa Supreme Court mandatory child support guidelines is based on any material misrepresentation of fact concerning any financial information submitted to the child support recovery unit.

c. The variation from the Iowa Supreme Court mandatory child support guidelines is due to a voluntary reduction in net monthly income attributable to the actions of the parent. The unit may request and the parent shall supply verification that a loss of employment was not voluntary or that all facts concerning financial information are true. Verification may include, but is not limited to, a statement from the employer, a doctor, or other person with knowledge of the situation.

d. The criteria of rule 441—99.62(252B,252H) are not met.

e. The end date of the order is less than 12 months in the future or the youngest child is 17½ years of age.

99.65(2) Civil action. The review and adjustment action that is certified to court for hearing shall proceed as an ordinary civil action in equity, and the child support recovery unit attorney shall represent the state of Iowa in those proceedings.

99.65(3) Private counsel. After the notice has been issued as described in subrule 99.63(2) or 99.63(3), any party may choose to be represented personally by private counsel. Any party who retains private counsel shall notify the child support recovery unit of this fact in writing.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.66(252B,252H) Medical support. The child support recovery unit, or its attorney, shall review the medical support provisions contained in any permanent child support order which is subject to review under rule 441—99.65(252B,252H) and shall include in any adjustment order a provision for medical support as defined in Iowa Code chapter 252E, and as set forth in 441—Chapter 98, Division I, or other appropriate provisions pertaining to medical support for all children affected directly by the child support order under review.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.67(252B,252H) Confidentiality of financial information. Financial information provided to the child support recovery unit by either parent for the purpose of facilitating the review and adjustment process may be disclosed to the other parties to the case, or to the district court, as follows:

99.67(1) Financial statements. Statements of financial status may be disclosed to either party.

99.67(2) Other documentation. Supporting financial documentation such as state and federal income tax returns, pay stubs, IRS Form W-2, bank statements, and other written evidence of financial status may be disclosed to the court after the notice has been issued as described in subrule 99.63(2) or 99.63(3), unless otherwise prohibited by state or federal law.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.68(252B,252H) Payment of service fees and other court costs. Payment of fees for administrative review or service of process and other court costs associated with the review and adjustment process is the responsibility of the party requesting review unless the court orders otherwise or the requesting party, as a condition of eligibility for receiving public assistance benefits, has assigned the rights to child or medical support for the order to be modified.

A requesting party who is indigent or receiving public assistance may request deferral of fees and costs. For the purposes of the division, “indigent” means that the requesting party’s income is 200 percent or less than the poverty level for one person as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981.

441—99.69(252B,252H) Denying requests. A request for review by a parent subject to the order may be denied for the following reasons:

99.69(1) Rescinded IAB 8/2/95, effective 10/1/95.

99.69(2) It has been less than two years since the support order was filed with the court, last modified, or last reviewed for the purpose of adjustment.

99.69(3) The child support recovery unit or a child support agency of another state is not providing enforcement services for an ongoing support obligation under the order for which the review has been requested.

99.69(4) The request is based entirely on issues such as custody or visitation rights, which are not directly related to child support.

99.69(5) The request is for the sole purpose of modifying the amount of delinquent support that has accrued under a support order.

99.69(6) The request is for the review of a temporary support order.

441—99.70(252B,252H) Withdrawing requests. If the requesting party contacts the child support recovery unit to withdraw the request, the child support recovery unit shall proceed as follows:

99.70(1) *Best interests of the child.* Rescinded IAB 2/5/03, effective 4/1/03.

99.70(2) *Consent of both parties.* The child support recovery unit shall notify the nonrequesting party of the requesting party's desire to withdraw the request.

a. If the nonrequesting party indicates a desire to continue the review, the unit shall proceed with the review and adjust the obligation, if appropriate.

b. If the nonrequestor indicates a desire to stop the process or fails to respond within ten days to the notification of the request to withdraw, the unit shall notify all parties that the review and adjustment process has been terminated.

99.70(3) *Effect of withdrawal.* If a request is successfully withdrawn pursuant to subrule 99.70(2), a later request by either party shall be subject to the limitations of subrule 99.62(2).

441—99.71(252H) Effective date of adjustment. Unless subject to court action or reconciliation of multiple Iowa orders, the new obligation amount shall be effective on the first date that the periodic payment is due under the order being modified after the unit files the adjustment order with the court.

These rules are intended to implement Iowa Code sections 252B.5 to 252B.7 and 598.21C(2) and Iowa Code chapter 252H.

441—99.72 to 99.80 Reserved.

DIVISION V
ADMINISTRATIVE MODIFICATION

PREAMBLE

This division implements those provisions of Iowa Code chapter 252H which provide for administrative modification of support obligations when there is a substantial change in the financial circumstances of a party and when both parties agree to a change in an obligation through a cost-of-living alteration. These rules also provide for use of the administrative procedure to modify orders to add children, correct errors, set support which had previously been reserved or set at zero dollars, and increase support for minor obligors who do not comply with statutory educational or parenting class requirements or who are no longer minors.

441—99.81(252H) Definitions.

"Additional child" means a child to be added to an existing support order covering another child of the same parents.

"Born of a marriage" means a child was born of a woman who was married at the time of conception, birth, or at any time during the period between conception and birth of the child pursuant to Iowa Code chapter 252A and Iowa Code section 144.13.

"Cost-of-living alteration" means a change in an existing child support order that equals an amount which is the amount of the support obligation following application of the percentage change of the consumer price index for all urban consumers, United States city average, as published in the Federal

Register by the federal Department of Labor, Bureau of Labor Statistics, pursuant to Iowa Code section 252H.2.

“Guidelines” means the most current guidelines and criteria prescribed by the Iowa Supreme Court for determining the amount of child support to be awarded.

“Parent” means a person who is a responsible person or a caretaker, as those terms are defined in rule 441—95.1(252B).

“Substantial change of circumstances,” for the purposes of this division, means:

1. There has been a change of 50 percent or more in the net income of a parent, as determined by comparing the new net income with the net income upon which the current child support obligation was based, and
2. The change is due to financial circumstances which have existed for a minimum period of three months and can reasonably be expected to exist for an additional three months, pursuant to Iowa Code section 252H.18A.

441—99.82(252H) Availability of service. The child support recovery unit shall provide the services described in this division for a support order originally entered or a foreign order registered in the state of Iowa. The order must be one which:

1. Involves at least one child born of a marriage or one child for whom paternity has been legally established.
2. Is being enforced by the unit in accordance with Iowa Code chapter 252B.
3. Is subject to the jurisdiction of this state for the purposes of modification.
4. Is not subject to or is not appropriate for review and adjustment.
5. Provides for support of at least one child under the age of 18 or a child between the ages of 18 and 19 years who is engaged full-time in completing high school graduation or equivalency requirements in a manner which is reasonably expected to result in completion of the requirements prior to the person’s reaching 19 years of age.
6. Has an obligation ending more than 12 months in the future.
7. Involves parents for whom the location of both parents is known.

441—99.83(252H) Modification of child support obligations. Permanent child support obligations meeting the criteria set forth in rule 441—99.82(252H) may be modified at the initiative of the unit, or upon written request of either parent subject to the order submitted on Form 470-2749, Request to Modify a Child Support Order. Any action shall be limited to adjustment, modification, or alteration of the child support or medical provisions of the support order. The duration of the underlying order shall not be modified. The procedures used by the child support recovery unit to determine if a modification is appropriate are as follows:

99.83(1) Substantial change of circumstances. Procedures to modify the support obligation may be initiated outside the minimum time frame described in subrule 99.62(2) if a request is received from either parent and if the parent has submitted verified documentation of a substantial change in circumstances which indicates both of the following:

- a. A change of at least 50 percent in the net income of a parent as defined by guidelines. The new net income will be compared to the net income upon which the current child support obligation was based.
- b. The change is due to financial circumstances which have existed for a minimum period of three months and can reasonably be expected to exist for an additional three months.

The unit shall review the request and documentation and, if appropriate, issue a notice of intent to modify as described in subrule 99.84(1).

99.83(2) Adding provisions for additional children. Procedures to modify the support obligation may be initiated if:

- a. A parent requests, in writing, or the unit determines that it is appropriate to add an additional child to the support order and modify the obligation amount according to the guidelines pursuant to Iowa Code section 598.21(4) and Iowa Code section 252B.7A; and

b. Paternity has been legally established.

When adding a child to an order through administrative modification, medical support provisions shall apply to the additional child.

99.83(3) *Reserved, zero-dollar-amount, or medical-provisions-only orders.* Procedures to modify the support obligation may be initiated if:

a. A parent requests a modification in writing or the unit determines that it is appropriate to include a support amount based on the guidelines; and

b. The original order:

(1) Reserved establishment of an ongoing, dollar-amount support obligation giving a specific reason other than lack of personal jurisdiction over the obligor, or

(2) Set the amount at zero, or

(3) Was for medical provisions only.

99.83(4) *Corrections.* Procedures to modify the support obligation may be initiated if:

a. An error or omission pertaining to child support or medical provisions was made during preparation or filing of a support order; and

b. A necessary party requests a modification or the unit determines that a modification to correct an error or omission is appropriate.

99.83(5) *Noncompliance by minor obligors.* The unit may initiate procedures to modify a support order if a parent requests modification in writing or the unit determines that it is appropriate when:

a. An obligor who is under 18 years of age fails to comply with the requirement to attend parenting classes pursuant to Iowa Code section 598.21G; or

b. An obligor who is 19 years of age or younger fails to provide proof of compliance with education requirements described in Iowa Code section 598.21B(2) “e”; or

c. The obligor no longer meets the age requirements as defined in Iowa Code section 598.21B(2) “e” or 598.21G.

99.83(6) *Cost-of-living alteration.* A support order may be modified to provide a cost-of-living alteration if all the following criteria are met:

a. A parent requests a cost-of-living alteration in writing.

b. At least two years have passed since the order was filed with the court or last reviewed, modified, or altered.

c. The nonrequesting parent signs a statement agreeing to the cost-of-living alteration of the support order.

d. Each parent signs a waiver of personal service accepting service by regular mail.

e. The current support order addresses medical support for the children.

f. A copy of each affected order is provided, if the unit does not already have copies in its files.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.84(252H) Notice requirements. The child support recovery unit shall provide written notification to parents affected by a permanent child support obligation being enforced by the unit as follows:

99.84(1) *Notice of intent to modify.* When a request for administrative modification is received or the unit initiates an administrative modification, the unit shall provide written notice to each parent of its intent to modify.

a. The notice shall include the legal basis and purpose for the action; a request for income or other information necessary for the application of guidelines (if applicable); an explanation of the legal rights and responsibilities of the affected parties, including time frames; and procedures for contesting the action.

b. The unit shall take the following actions to notify parents:

(1) Rescinded IAB 2/5/03, effective 4/1/03.

(2) If the modification is based on subrules 99.83(1) through 99.83(5), notice shall be provided to each parent. The notice shall be served in accordance with the Iowa Rules of Civil Procedure or Iowa Code section 252B.26 or 252H.19.

(3) If the modification is based on provision of a cost-of-living alteration as established at subrule 99.83(6) and the required documentation is included, the child support recovery unit shall notify each parent of the amount of the cost-of-living alteration by regular mail to the last-known address of each parent or, if applicable, each parent's attorney. The notice shall include:

1. The method of determining the amount of the alteration pursuant to Iowa Code section 252H.21.
2. The procedure for contesting a cost-of-living alteration by making a request for review of a support order as provided in Iowa Code section 252H.24.
3. A statement that either parent may waive the 30-day notice waiting period. If both parents waive the notice waiting period, the unit may prepare an administrative order altering the support obligation.

99.84(2) *Notice of decision to modify.* The unit shall issue a notice of its decision to modify the support order to each parent affected by the support obligation at each parent's (or attorney's) last-known address. The notice shall contain information about whether the unit will continue or terminate the action and the procedures and time frames for contesting the action by requesting a court hearing pursuant to 441—subrule 99.86(2).

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.85(252H) Financial information. The child support recovery unit may attempt to obtain and verify information concerning the financial circumstances of the parents subject to the order to be modified that is necessary to conduct an analysis and determine support. The unit does not require financial information if the request is for a cost-of-living alteration.

99.85(1) *Financial statements.* Parents subject to the order shall provide a financial statement and verification of income within ten days of a written request by the unit.

a. If the modification action is based on a substantial change of circumstances:

(1) The requesting party must provide Form 470-2749, Request to Modify a Child Support Order, and documentation that proves the amount of change in net income and the date the change took place, such as:

1. Copies of state and federal income tax returns, W-2 statements, or pay stubs, or
2. A signed statement from an employer or other source of income.

(2) The unit shall review the request and documentation. If appropriate, the unit shall issue to each parent a notice of intent to modify the order as stated in subrule 99.84(1) and a financial statement. Each parent shall complete and sign the financial statement and return it to the unit with verification of income and deductions as described in subrule 99.1(3).

b. The unit may require a completed and signed financial statement and verification of income from each parent as described in subrule 99.1(3) if the modification is based on:

- (1) Addition of a child;
- (2) Changing a reserved or zero-dollar-amount obligation;
- (3) Changing a medical-provisions-only obligation;
- (4) Making a correction (if financial information is needed); or
- (5) Noncompliance by a minor obligor as defined in Iowa Code section 598.21B(2) "e" or 598.21G.

c. The unit may also request that a parent requesting a modification provide an affidavit regarding the financial circumstances of the nonrequesting parent when the unit is otherwise unable to obtain financial information concerning the nonrequesting parent. The requesting parent shall complete the affidavit if the parent possesses sufficient information to do so.

d. The unit may also use the most recent wage rate information published by the department of workforce development or the median income for parents on the unit caseload to estimate the net earned income of a parent when a parent has failed to return a completed financial statement when requested and complete and accurate information is not readily available from other sources.

e. Self-employment income will be determined as described in subrule 99.1(5).

99.85(2) *Independent sources.* The child support recovery unit may use other resources to obtain or confirm information concerning the financial circumstances of the parents subject to the order to be modified as described in rule 441—99.1(234,252B).

99.85(3) Guidelines calculations.

a. The unit shall determine:

(1) The appropriate amount of the child support obligation (excluding cost-of-living alteration amounts) as described in rules 441—99.1(234,252B) through 441—99.5(234,252B), and

(2) Medical support provisions as described in Iowa Code chapter 252E and rules 441—98.1(252E) through 441—98.7(252E).

b. If the modification action is due to noncompliance by a minor obligor, as defined in Iowa Code section 598.21B(2) “e” or 598.21G, the unit will impute an income to the obligor equal to a 40-hour workweek at the state minimum wage unless the parent’s education, experience, or actual earnings justify a higher income.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.86(252H) Challenges to the proposed modification action. For modification actions based on subrules 99.83(1) through 99.83(5), each parent shall have the right to request a conference to contest the proposed modification. Either parent, or the unit, may also request a court hearing. For requests made based on subrule 99.83(6), either parent may contest the cost-of-living alteration by making a request for a review and adjustment of the support order.

99.86(1) Conference. Either parent may contest the proposed modification based on subrules 99.83(1) through 99.83(5) by means of a conference with the office of the unit that issued the notice of intent to modify.

a. Only one conference shall be held per parent.

b. The request must be made within ten days of the date of service of the notice of intent to modify.

c. The office that issued the notice of intent to modify shall schedule a conference with the parent and advise the parent of the date, time, place, and procedural aspects of the conference.

d. Reasons for contesting the modification include, but are not limited to, mistake of fact regarding the identity of one of the parties or the amount or terms of the modification.

e. The child support recovery unit may conduct the conference in person or by telephone.

f. If the party who requested the conference fails to attend the conference, only one alternative time shall be scheduled by the child support recovery unit.

g. The results of a conference shall in no way affect the right of either party to request a court hearing pursuant to subrule 99.86(2).

h. Upon completion of the conference, the unit shall issue a notice of decision to modify as described in subrule 99.84(2).

99.86(2) Court hearing.

a. Either parent, or the unit, may contest the proposed modification, based on subrules 99.83(1) through 99.83(5), by requesting a court hearing within the latest of any of the following time periods:

(1) Twenty days from the date of successful service of the notice of intent to modify,

(2) Ten days from the date scheduled for a conference, or

(3) Ten days from the date of issuance of a notice of decision to modify.

b. If the unit receives a timely written request, the unit shall certify the matter to the district court as described in Iowa Code section 252H.8.

c. If a timely request is not received, if waiting periods have been waived, or if the notice periods have expired, the unit shall prepare an administrative order as provided in Iowa Code section 252H.9.

99.86(3) Contesting a proposed cost-of-living alteration. Either parent may contest a cost-of-living alteration within 30 days of the date of the notice of intent to modify by making a request for a review of the support order as provided in Iowa Code section 252H.13.

a. If the unit receives a timely written request for review, the unit shall terminate the cost-of-living alteration process and proceed with the review and adjustment process.

b. If a timely request is not made, or the notice waiting period has been waived by both parties, or the notice period has expired, the unit shall prepare an administrative order as provided in Iowa Code section 252H.24.

441—99.87(252H) Voluntary reduction of income.

99.87(1) The unit shall not modify the support order based on a substantial change of circumstances if a change in income is:

- a.* Due to a voluntary reduction in net monthly income attributable to the actions of the party, or
- b.* Due to any material misrepresentation of fact concerning any financial information submitted to the child support recovery unit.

99.87(2) The unit may request verification that a loss of employment was not voluntary or that all facts concerning financial information are true. Verification may include, but is not limited to, a statement from the employer, a doctor, or other person with knowledge of the situation.

[ARC 9352B, IAB 2/9/11, effective 4/1/11]

441—99.88(252H) Effective date of modification. Unless subject to court action or reconciliation of multiple Iowa orders, the new obligation shall be effective on the first date that the periodic payment is due under the order being modified after the unit files the modification order with the court. If the modification is based on a reserved, zero-dollar-amount, or medical-provisions-only obligation, the new obligation shall be effective 20 days after generation of the administrative modification order.

441—99.89(252H) Confidentiality of financial information. Financial information provided to the child support recovery unit by either parent for the purpose of facilitating the modification process may be disclosed to the other parties to the case, or the district court, as follows:

99.89(1) *Financial statements.* The financial statement or affidavit may be disclosed to either party.

99.89(2) *Other documentation.* Supporting financial documentation such as state and federal income tax returns, paycheck stubs, IRS Form W-2, bank statements, and other written evidence of financial status may be disclosed to the court unless otherwise prohibited by state or federal law.

441—99.90(252H) Payment of fees. Payment of service of process and other costs associated with the modification process is the responsibility of the party requesting modification unless the court orders otherwise or the requesting party, as a condition of eligibility for receiving public assistance benefits, has assigned the rights to child or medical support for the order to be modified.

A requesting party who is indigent or receiving public assistance may request deferral of fees and costs. For the purposes of this division, “indigent” means that the requesting party’s income is 200 percent or less than the poverty level for one person as defined by the United State Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981.

441—99.91(252H) Denying requests. A request for modification by a parent subject to the order may be denied if the criteria in rule 441—99.82(252H) are not met or the following conditions exist:

99.91(1) *Nonsupport issues.* The request is based entirely on issues such as custody or visitation rights.

99.91(2) *Request only for delinquent support.* The request is for the sole purpose of modifying the amount of delinquent support that has accrued under a support order.

99.91(3) *Temporary order.* The request is for the modification of a temporary support order.

99.91(4) *Two-year time frame.* The request is for a cost-of-living alteration and it has been less than two years since the order was filed with the court or last reviewed, modified, or altered.

99.91(5) *Change of circumstances.* The request is based on a substantial change in circumstances and:

- a.* The requestor’s net income has not changed by at least 50 percent, as required in paragraph 99.83(1) “*a.*,” or
- b.* The requestor has not provided adequate documentation of the change in income, as required in subrule 99.85(1), or
- c.* The change in income has not yet lasted for three months, as required in paragraph 99.83(1) “*b.*,” or

d. The change in income is not expected to last another three months, as required in paragraph 99.83(1) “b,” or

e. The change in income is a voluntary reduction attributable to the actions of the party, as explained in rule 441—99.87(252H), or

f. The change in income is due to material misrepresentation of fact, as explained in rule 441—99.87(252H).

441—99.92(252H) Withdrawing requests. If the requesting party contacts the child support recovery unit to withdraw the request, the child support recovery unit shall notify the nonrequesting party of the requesting party’s desire to withdraw the modification request. If the nonrequesting party indicates, in writing, a desire to continue with the modification process, the child support recovery unit shall proceed, and if appropriate, modify the support order. If there is no response from the nonrequesting party or if the nonrequesting party also wants the process to end, the unit shall end the modification process. If the unit initiated the modification action, the unit may terminate the process if, after notifying both parents, neither parent indicates a desire to continue with the modification.

These rules are intended to implement Iowa Code chapter 252H.

441—99.93 to 99.100 Reserved.

DIVISION VI
SUSPENSION AND REINSTATEMENT OF SUPPORT

441—99.101(252B) Definitions. As used in this division, unless the context otherwise requires:

“*Child*” shall mean the same as defined in Iowa Code section 252E.1.

“*Child support recovery unit*” or “*unit*” shall mean the same as defined in rule 441—95.1(252B) and Iowa Code section 252B.1.

“*Obligee*” shall mean the same as defined in rule 441—98.1(73GA,ch1224).

“*Obligor*” shall mean the same as defined in rule 441—98.1(73GA,ch1224).

“*Public assistance*” shall mean the same as defined in Iowa Code section 252H.2.

“*Spousal support*” shall mean either a set amount of monetary support, or medical support as defined in Iowa Code section 252E.1, for the benefit of a spouse or former spouse, including alimony, maintenance, or any other term used to describe these obligations.

“*Step change*” shall mean a change designated in a support order that specifies the amount of the child support obligation as the number of children entitled to support under the order changes.

“*Support*” shall mean the same as defined in Iowa Code section 252D.16, and shall include spousal support and support for a child.

“*Support for a child*” shall mean either a set amount of monetary support (child support), or medical support as defined in Iowa Code section 252E.1, for the benefit of a child. This term does not include spousal support as defined in this rule.

“*Support order*” shall mean the same as a “court order” as defined in Iowa Code section 252C.1.

441—99.102(252B) Availability of service. The child support recovery unit shall provide the services described in this division only with respect to support orders entered or registered in this state for which the unit is providing enforcement services in accordance with Iowa Code chapter 252B to collect current or accrued support.

99.102(1) Services described in this division shall only be provided if a court in this state would have continuing, exclusive jurisdiction to suspend and reinstate the order under Iowa Code chapter 252K.

99.102(2) Services described in this division shall be provided only if no prior request for suspension of all or part of a support order has been filed with the unit during the two-year period preceding the request. However, if the request was filed during the two-year period preceding July 1, 2005, and the unit denied the request because the suspension did not apply to all children for whom support is ordered, the unit shall provide suspension services if the parents jointly file a request on or after July 1, 2005.

441—99.103(252B) Basis for suspension of support.

99.103(1) *Reconciliation.* The child support recovery unit shall assist an obligor and obligee in suspending support for a child and, if contained in a child support order, spousal support, when the obligor and obligee are reconciled and are residing together, with at least one child entitled to support under the order, in the same household.

99.103(2) *Change in residency.* The unit shall assist an obligor and obligee in suspending support for a child when the child is residing with the obligor; however, the unit shall not assist in suspending any spousal support provisions of a support order on this basis.

99.103(3) *Affected children.* The unit shall assist an obligor and obligee in suspending all or part of a support order as provided in this division if the basis for suspension as described in this rule applies to the children entitled to support under the order to be suspended as follows:

a. If the basis for suspension applies to all of the children, the unit shall assist in suspending support obligations for all of the children.

b. If the basis for suspension applies to at least one but not all of the children and if the support order includes a step change, the unit shall assist in suspending the support obligations for children for whom the basis for suspension applies.

99.103(4) *Limited to current support.* The provisions in this division for suspending support apply only toward ongoing or current support. Any support that has accrued prior to the entry of an order suspending support, including judgments for past periods of time, is unaffected by the suspension.

99.103(5) *Duration of conditions.* The basis for suspension of support as provided in subrule 99.103(2) and subrule 99.103(3) must reasonably be expected to continue for not less than six months from the date a request for assistance to suspend is received by the child support recovery unit.

441—99.104(252B) Request for assistance to suspend.

99.104(1) *Submitting a request.* The obligor and obligee subject to a support order being enforced by the unit may request that the unit assist in having the ongoing support provisions suspended as follows:

a. A request for suspension shall be submitted to the local child support unit providing services using Form 470-3033, Request to Suspend Support, and Form 470-3032, Affidavit Regarding Suspension of Support.

b. The unit shall provide Forms 470-3032 and 470-3033 to the obligor or obligee upon request.

c. Both forms must be signed by both the obligor and the obligee affected by the order to be suspended. In the event that current support payments are assigned to an individual or entity other than the obligee named in the original order, but may revert to the original obligee at a future date without court action, both the original obligee and the current assignee must sign both forms.

d. Form 470-3032 must be notarized.

e. The request shall contain sufficient information to allow the local unit to identify the court order and parties involved, and a statement that the obligor and obligee expect the basis for suspension to continue for not less than six months.

f. If the obligor and obligee are requesting suspension of more than one order at the same time, the obligor and obligee shall be required to submit only one copy of Form 470-3033, identifying each order the request involves; however, the obligor and obligee shall be required to submit a separate, signed and notarized affidavit, Form 470-3032, for each order.

99.104(2) *Acknowledging requests.* The local unit providing services shall issue a written notice to the obligor and obligee indicating whether a properly completed request is accepted or denied.

a. This notice shall be sent by first-class regular mail to the last known address of the obligor and obligee, or, if applicable, to the last known address of the obligor's or obligee's attorney.

b. If the basis for suspension is reconciliation, one notice shall be sent to the address shared by the obligor and obligee. If the basis for suspension is a change in residency of the children entitled to support, a separate notice shall be issued to the obligor and obligee at their respective last known addresses.

c. A notice denying a request shall indicate the reason for denial.

99.104(3) *Denying requests.* A request for suspension shall be denied when:

- a.* The conditions specified in Iowa Code section 252B.20, rule 441—99.102(252B), or rule 441—99.103(252B) are not met.
- b.* and *c.* Rescinded IAB 12/7/05, effective 2/1/06.
- d.* Denial of a request is not subject to appeal or review under Iowa Code chapter 17A.

441—99.105(252B) Order suspending support. After approving a request to suspend support, the unit shall prepare and present to the district court an order suspending support as provided in Iowa Code section 252B.20.

99.105(1) When the basis for suspension is reconciliation, the suspension shall apply to any ongoing support provisions of the order, including medical support, with respect to any child residing with the parents and with respect to any spouse or former spouse entitled to support under the order to be suspended.

99.105(2) When the basis for suspension is a change in residency of one or more of the children entitled to support, the suspension shall apply to ongoing support provisions, including medical support, with respect to only the children entitled to support under the order who are residing with the obligor. Any spousal support also ordered in the same support order shall remain unaffected by this action.

99.105(3) A copy of the filed order shall be sent by first-class regular mail to the last known address of the obligor and obligee, or, if applicable, to the last known address of the obligor's or obligee's attorney.

441—99.106(252B) Suspension of enforcement of current support. The child support recovery unit shall suspend enforcement actions intended to collect or enforce any current support obligation that would have accrued during the time the support obligation is suspended. The unit shall continue to provide all appropriate enforcement services to collect any support not suspended and any arrearages that accrued before the effective date of the suspension.

441—99.107(252B) Request for reinstatement. The unit may request that the court reinstate the suspended support obligation in accordance with the procedures found in Iowa Code section 252B.20.

99.107(1) Either the obligor or the obligee affected by the suspended order may request reinstatement by submitting a written request for reinstatement to the child support recovery unit. The request must indicate that reinstatement is being requested, the reason for reinstatement, and contain sufficient information to identify the court order and parties involved. The request must also be signed by the requesting party.

99.107(2) The unit may, at its own initiative, request that the court reinstate a support obligation when it is determined that a child for whom the obligation was suspended is receiving public assistance benefits.

99.107(3) The unit shall issue a written notice to any obligor or obligee requesting reinstatement, approving or denying the request. This notice shall be sent to the last known address of the requesting party by first-class regular mail and shall indicate any reason for denial.

99.107(4) A properly completed request for reinstatement shall be denied when any of the following conditions exist:

- a.* The request is made by someone other than the obligor, the obligee, or the obligor's or obligee's attorney.
- b.* Rescinded IAB 12/7/05, effective 2/1/06.
- c.* The unit is no longer providing enforcement services for the suspended order.
- d.* The request is received more than six months since the date of the filing of the order suspending support.
- e.* The request is for partial reinstatement of the suspended support order for some but not all of the children and the order does not contain a step change.
- f.* A court in this state would not have continuing, exclusive jurisdiction to reinstate the order under Iowa Code chapter 252K.

441—99.108(252B) Reinstatement. The child support recovery unit shall follow the procedures in Iowa Code section 252B.20, in seeking to have the court reinstate a support order.

99.108(1) The unit shall request that the court reinstate a spousal support provision previously suspended if the provision was included in the suspension in accordance with subrule 99.105(1) and if the unit receives a properly completed request from the obligor or the obligee.

99.108(2) The unit shall seek to have the previously suspended support for a child reinstated under this division when the conditions in paragraph “a” or “b” are met. This provision shall not prohibit any party, including the child support recovery unit, from taking other action to establish support as provided for by law.

a. The basis for suspension no longer applies to any of the children for whom support was suspended; or

b. The basis for suspension continues to apply to some but not all of the children for whom support was suspended, and there is a step change in the order.

441—99.109(252B) Reinstatement of enforcement of support. If a suspended support obligation is reinstated, the unit shall also reinstate all appropriate enforcement measures to enforce all reinstated ongoing support provisions of the support order.

441—99.110(252B) Temporary suspension becomes final. The temporary suspension of a support order under this division shall become final if not reinstated in accordance with Iowa Code section 252B.20.

These rules are intended to implement Iowa Code section 252B.20.

TITLE IV
WASTEWATER TREATMENT AND DISPOSAL

CHAPTER 60
SCOPE OF TITLE—DEFINITIONS—FORMS—RULES OF PRACTICE

[Prior to 7/1/83, see DEQ Chs 15 and 24]

[Prior to 12/3/86, Water, Air and Waste Management[900]]

567—60.1(455B,17A) Scope of title. The department has jurisdiction over the surface water and groundwater of the state to prevent, abate and control water pollution by establishing standards for water quality and for direct or indirect discharges of wastewater to waters of the state and by regulating potential sources of water pollution through a system of general rules or specific permits. The construction and operation of any wastewater disposal system and the discharge of any pollutant to a water of the state require a specific permit from the department, unless exempted by the department.

This chapter provides general definitions applicable in this title and rules of practice, including forms, applicable to the public in the department's administration of the subject matter of this title.

Chapter 61 contains the water quality standards of the state, including classification of surface waters. Chapter 62 contains the standards or methods for establishing standards relevant to the discharge of pollutants to waters of the state. Chapter 63 identifies monitoring, analytical and reporting requirements pertaining to permits for the operation of wastewater disposal systems. Chapter 64 contains the standards and procedures for obtaining construction, operation and NPDES permits for wastewater disposal systems other than those associated with animal feeding operations. Chapter 65 specifies minimum waste control requirements and permit requirements for animal feeding operations. Chapter 66 specifies restrictions on pesticide application to waters. Chapter 67 contains standards for the land application of sewage sludge. Chapter 68 contains standards and licensing requirements applicable to commercial septic tank cleaners. Chapter 69 specifies guidelines for private sewage disposal systems.

[ARC 7625B, IAB 3/11/09, effective 4/15/09]

567—60.2(455B) Definitions. The following definitions apply to this title, unless otherwise specified in the particular chapter of this title:

“Act” means the Federal Water Pollution Control Act as amended through July 1, 2007, 33 U.S.C. §1251 et seq.

“Acute toxicity” means that level of pollutants which would rapidly induce a severe and unacceptable impact on organisms.

“Application for a construction permit” means the engineering report, plans and specifications and other data deemed necessary by the department for the construction of a proposed wastewater disposal system or part thereof.

“Application for an operation permit” means a written application for an operation or NPDES permit made on forms provided by the department.

“Approved pretreatment program” means a program administered by a publicly owned treatment works that meets the criteria established in 40 CFR Part 403 and which has been approved by the director.

“Aquatic pesticide” means any pesticide, as defined in Iowa Code section 206.2, that is labeled for application to surface water.

“ASTM” means “Annual Book of Standards, Part 31, Water.” The publication is available from the American Society for Testing and Materials, 1916 Race St., Philadelphia, Pennsylvania 19103.

“Average dry weather flow” or *“ADW”* means the daily average flow when the groundwater is at or near normal and runoff is not occurring.

“Average wet weather flow” or *“AWW”* means the daily average flow for the wettest 30 consecutive days for mechanical plants or for the wettest 180 consecutive days for controlled discharge lagoons.

“Best management practice (BMP)” means a practice or combination of practices that is determined, after problem assessment, examination of alternative practices, and appropriate public participation, to be the most effective, practicable (including technological, economic and institutional

considerations) means of preventing or reducing the amount of pollution generated by nonpoint sources to a level compatible with water quality goals.

“Biochemical oxygen demand (five-day)” means the amount of oxygen consumed in the biological processes that break down organic matter in water by aerobic biochemical action in five days at 20°C.

“Bypass” means the diversion of waste streams from any portion of a treatment facility or collection system. A bypass does not include internal operational waste stream diversions that are part of the design of the treatment facility, maintenance diversions where redundancy is provided, diversions of wastewater from one point in a collection system to another point in a collection system, or wastewater backups into buildings that are caused in the building lateral or private sewer line.

“Carbonaceous biochemical oxygen demand (five-day)” means the amount of oxygen consumed in the biological processes that break down carbonaceous organic matter in water by aerobic biochemical action in five days at 20°C.

“CFR” or *“Code of Federal Regulations”* means the federal administrative rules adopted by the United States in effect as of July 1, 2008. The amendment of the date contained in this definition shall constitute the amendment of all CFR references contained in 567—Chapters 60 to 69, Title IV, unless a date of adoption is set forth in a specific rule.

“Chronic toxicity” means that level of pollutants which would, over long durations or recurring exposure, cause a continuous, adverse or unacceptable response in organisms.

“Combined sewer overflow” means the discharge from a combined sewer system at a point prior to the treatment works.

“Combined sewer system” means a wastewater collection system owned by a municipality which conveys sanitary wastewater (domestic, commercial, and industrial) and storm water through a single pipe system to the treatment plant.

“Construction permit” means a written approval from the director to construct a wastewater disposal system or part thereof in accordance with the plans and specifications approved by the department.

“Continuing planning process (CPP)” means the continuing planning process, including any revision thereto, required by Sections 208 and 303(e) of the Act (33 U.S.C. §§1288 and 1313(e)) for state water pollution control agencies. The continuing planning process is a time-phased process by which the department, working cooperatively with designated areawide planning agencies:

a. Develops a water quality management decision-making process involving elected officials of state and local units of government and representatives of state and local executive departments that conduct activities related to water quality management.

b. Establishes an intergovernmental process (such as coordinated and cooperative programs with the state conservation commission in aquatic life and recreation matters, and the soil conservation division, department of agriculture and land stewardship in nonpoint pollution control matters) which provides for water quality management decisions to be made on an areawide or local basis and for the incorporation of such decisions into a comprehensive and cohesive statewide program. Through this process, state regulatory programs and activities will be incorporated into the areawide water quality management decision process.

c. Develops a broad-based public participation (such as utilization of such mechanisms as basin advisory committees composed of local elected officials, representatives of areawide planning agencies, the public at large, and conservancy district committees) aimed at both informing and involving the public in the water quality management program.

d. Prepares and implements water quality management plans, which identify water quality goals and established state water quality standards, defines specific programs, priorities and targets for preventing and controlling water pollution in individual approved planning areas and establishes policies which guide decision making over at least a 20-year span of time (in increments of 5 years).

e. Based on the results of the statewide (state and areawide) planning process, develops the state strategy to be updated annually, which sets the state’s major objectives, approach, and priorities for preventing and controlling pollution over a five-year period.

f. Translates the state strategy into the annual state program plan (required under Section 106 of the federal Act), which establishes the program objectives, identifies the resources committed for the state

program each year, and provides a mechanism for reporting progress toward achievement of program objectives.

g. Periodically reviews and revises water quality standards as required under Section 303(c) of the federal Act.

“Crossover point” means that location in a river or stream in which the flow shifts from being principally along one bank to the opposite bank. This crossover point usually occurs within two curves or an S-shaped curve of a water course.

“Culture water” means reconstituted water or other acceptable water used for culturing test organisms.

“Deep well” means a well located and constructed in such a manner that there is a continuous layer of low permeability soil or rock at least 5 feet thick located at least 25 feet below the normal ground surface and above the aquifer from which water is to be drawn.

“Diluted effluent sample” means a sample of effluent diluted with culture water at the same ratio as the dry weather design flow to the applicable receiving stream flow contained in the zone of initial dilution as allowed in 567—subrule 61.2(4), regulatory mixing zones, including paragraphs *“b,” “c”* and *“d.”*

“Dilution ratio” means, for a specific wastewater discharger, the ratio of the seven-day, ten-year low stream flow to the effluent design flow, e.g., a dilution ratio of 2:1 has two parts stream flow to one part effluent flow.

“Discharge of a pollutant” means any addition of any pollutant or combination of pollutants to navigable waters or waters of the state from any point source. “Discharge of a pollutant” includes additions of pollutants into navigable waters or waters of the state from surface runoff which is collected or channeled by human activity; discharges through pipes, sewers, or other conveyances owned by a state, municipality, or other person which do not lead to a treatment works; and discharges through pipes, sewers, or other conveyances, leading into privately owned treatment works. “Discharge of a pollutant” does not include an addition of pollutants by any indirect discharger.

“Disposal system” means a system for disposing of sewage, industrial waste, or other wastes, or for the use or disposal of sewage sludge. “Disposal system” includes sewer systems, treatment works, point sources, dispersal systems, and any systems designed for the usage or disposal of sewage sludge.

“Effluent toxicity test” means a test to determine the toxicity of a chemical or chemicals contained in a wastewater discharge on living organisms in a static 48-hour exposure under laboratory conditions.

“EPA methods” means “Methods for Chemical Analysis of Water and Wastes,” 1979 U.S. EPA, EPA-600/4-79/020, Environmental Monitoring and Support Laboratory, National Environmental Research Center, Cincinnati, Ohio 45268. This publication is available from the National Technical Information Service, Springfield, Virginia 22151.

“Excessive infiltration/inflow (I/I)” as referred to in the discussion of secondary treatment is the quantity of I/I which is more economical to remove from the sewer system than to transport and treat at a wastewater facility. Within the cost-effectiveness analysis performed to determine excessive I/I, the transportation and treatment costs will be based on the percent removal requirements specified in the appropriate subrule, 567—subrule 62.3(1) or 62.3(3).

“Fecal coliform” means the portion of the coliform group which is present in the gut or the feces of warm-blooded animals. It includes organisms which are capable of producing gas from lactose broth in a suitable culture medium within 24 hours at $44.5 \pm 0.2^{\circ}\text{C}$.

“FR” means the Federal Register, published daily by the Office of the Federal Register, National Archives and Record Service, General Services Administration, Washington, D.C. 20408 and distributed by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

“General permit” means an NPDES permit issued to a class of facilities which could be conditioned and described by a single permit.

“Human health criteria” means that level of pollution which, in the case of noncarcinogens, prevents adverse health effects in humans, and in the case of carcinogens, represents a level of incremental cancer risk of 1 in 100,000. The numerical criteria are based on the human consumption of an average of 6.5 grams of fish and shellfish per day by a 70-kilogram individual for a life span of 70 years.

“Indirect discharger” means a non-domestic discharger introducing pollutants to a publicly owned treatment works.

“Industrial waste” means any liquid, gaseous, radioactive, or solid waste substance resulting from any process of industry, manufacturing, trade, or business, or from the development of any natural resource.

“Interference” means a discharge which, alone or in conjunction with a discharge or discharges from other sources, both:

1. Inhibits or disrupts a POTW, its treatment process or operations, or its sludge processes, use or disposal; and
2. Is a cause of a violation of any requirement of a POTW NPDES permit including an increase in the magnitude or duration of a violation or the prevention of sewage sludge use or disposal.

“Intermittent watercourses” means watercourses which contain flow associated with rainfall/runoff events and which periodically go dry even in pooled areas.

“Local public works department” means a city or county public works department, a board of trustees of a city utility organized pursuant to Iowa Code chapter 388, or a sanitary sewer district organized pursuant to Iowa Code chapter 358.

“Losing streams” means streams which lose 30 percent or more of their flow during the seven-day, ten-year low stream flow periods to cracks and crevices of rock formations, sand and gravel deposits, or sinkholes in the streambed.

“Low permeability” means a soil layer of well-sorted, fine grain-sized sediments or of rock that under normal hydrostatic pressures would not be significantly permeable. Low permeability soils may include homogeneous clays below the zone of weathering, mudstone, claystone, shale, and some glacial till.

“Major,” for municipalities, means a facility having an average wet weather design flow of 1.0 million gallons per day (MGD) or greater. For industries “major” means a facility which is designated by EPA as being a major industry based on the EPA point rating system.

“Major permit amendment” or *“major modification”* means a permit modification that is not a minor permit amendment as defined in this rule.

“Maximum wet weather flow” or *“MWW”* means the total maximum flow received during any 24-hour period when the groundwater is high and runoff is occurring.

“Milligrams per liter (mg/l)” means milligrams of solute per liter of solution (equivalent to parts per million-assuming unit density). A microgram (ug) is 1/1000 of a milligram.

“Minimum flow” means that established stream flow in lieu of the seven-day, ten-year low stream flow to which the provisions of 567—Chapter 61 apply.

“Minor” means all remaining municipal and industrial facilities which have wastewater discharge flows and which are not designated as major facilities.

“Minor permit amendment” or *“minor modification”* means a permit modification made with the consent of the permittee that occurs as a result of any of the following:

1. Correction of a typographical error;
2. Modification of the monitoring and reporting requirements in the permit to include more frequent monitoring or reporting;
3. Revision of an interim date in a compliance schedule, provided that the new date is not more than 120 days after the date specified in the permit and does not interfere with the attainment of the final compliance date;
4. Change in facility name or ownership;
5. Deletion of a point source outfall that does not result in the discharge of pollutants from other outfalls; or
6. Incorporation of an approved local pretreatment program.

“Mixing zone” means a delineated portion of a stream or river in which wastewater discharges will be allowed to combine and disperse into the water body. The chronic criteria of 567—subrule 61.3(3) will apply at the boundary of this zone.

“Mortality” means, for the purpose of the 48-hour acute toxicity test, death, immobilization, or serious incapacitation of the test organisms.

“Navigable water” means a water of the United States as defined in 40 CFR Part 122.2.

“Nephelometric” means the nephelometric method of determining turbidity as stated in Standard Methods, pp. 132-134.

“New source” means any building, structure, facility or installation from which there is or may be a discharge of pollutants to a navigable water, the construction of which commenced after the promulgation of standards of performance under Section 306 of the Act which are applicable to such source, provided that:

1. The building, structure, facility or installation is constructed at a site at which no other source is located; the building, structure, facility or installation totally replaces the process or production equipment that causes the discharge of pollutants at an existing source; or the production or wastewater generating processes of the building, structure, facility or installation are substantially independent of an existing source at the same site. In determining whether these are substantially independent, factors, such as the extent to which the new facility is integrated with the existing plant and the extent to which the new facility is engaged in the same general type of activity as the existing source, should be considered.

2. Construction on a site at which an existing source is located results in a modification rather than a new source if the construction does not create a new building, structure, facility or installation meeting the criteria of paragraph “1” but otherwise alters, replaces, or adds to existing process or production equipment.

3. Construction of a new source as defined pursuant to this rule has commenced if the owner or operator has:

- Begun, or caused to begin, as part of a continuous on-site construction program, any placement, assembly, or installation of facilities or equipment; or significant site preparation work including clearing, excavation, or removal of existing buildings, structures, or facilities which is necessary for the placement, assembly, or installation of new source facilities or equipment; or
- Entered into a binding contractual obligation for the purchase of facilities or equipment which is intended to be used in the operation of the new source within a reasonable time. Options to purchase or contracts which can be terminated or modified without substantial loss, and contracts for feasibility, engineering, and design studies do not constitute a contractual obligation under this definition.

“Nonpoint source” means a source of pollutants that is not a point source.

“NPDES permit” means an operation permit, issued after the department has obtained approval of its National Pollutant Discharge Elimination System (NPDES) program from the administrator, that authorizes the discharge of any pollutant into a navigable water.

“Operation permit” means a written permit by the director authorizing the operation of a wastewater disposal system or part thereof or discharge source and, if applicable, the discharge of wastes from the disposal system or part thereof or discharge source to waters of the state. An NPDES permit will constitute the operation permit in cases where there is a discharge to a water of the United States and an NPDES permit is required by the Act.

“Other waste” means heat, garbage, municipal refuse, lime, sand, ashes, offal, oil, tar, chemicals, and all other wastes which are not sewage or industrial waste.

“Pass through” means a discharge which, alone or in conjunction with a discharge or discharges entering the treatment facility from other sources, exits a POTW or semipublic sewage disposal system in quantities or concentrations which cause a violation of any requirement of the treatment facility's NPDES permit including an increase in the magnitude or duration of a violation.

“Pathogen” means any microorganism or virus that can cause disease.

“Permit rationale” means a document that sets forth the principal facts and the significant factual, legal, methodological, and policy questions considered in preparing a draft operation or NPDES permit.

“Pesticide” shall have the definition as stated in Iowa Code section 206.2.

“pH” means the hydrogen ion activity of a solution expressed as the logarithm of the reciprocal of the hydrogen ion activity in moles per liter at 25°C. pH is a measure of the relative acidity or alkalinity

of the solution. The range extends from 0 to 14; 7 being neutral, 0 to 7 being acidic, and 7 to 14 being alkaline.

“Point source” means any discernible, confined, and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, rolling stock, concentrated animal feeding operation, landfill leachate collection system, or vessel or other floating craft, from which pollutants are or may be discharged. “Point source” does not include return flows from irrigated agriculture or agricultural storm water runoff.

“Pollutant” means sewage, industrial waste, or other waste.

“Population equivalent” means the calculated number of people who would contribute an equivalent amount of biochemical oxygen demand (BOD) per day as the system in question, assuming that each person contributes 0.167 pounds of five-day, 20 degrees Celsius, BOD per day.

“Positive toxicity test result” means a statistical significant difference of mortality rate between the control and the diluted effluent test.

“POTW” or *“publicly owned treatment works”* means any device or system used in the treatment of municipal sewage or industrial wastes of a liquid nature which is owned by a municipal corporation or other public body created by or under Iowa law and having jurisdiction over disposal of sewage, industrial wastes or other wastes, or a designated and approved management agency under Section 208 of the Act.

“Pretreatment” means the reduction of the amount of pollutants, the elimination of pollutants, or the alteration of the nature of pollutant properties in wastewater prior to or in lieu of discharging or otherwise introducing such pollutants into a POTW. The reduction or alteration may be obtained by physical, chemical, or biological processes, by process changes, or by other means, except as prohibited in 40 CFR 403.6(d).

“Pretreatment requirements” means any substantive or procedural requirement related to pretreatment, other than a national pretreatment standard, imposed on an industrial user.

“Pretreatment standard” or *“national pretreatment standard”* means any regulation containing pollutant discharge limits promulgated by EPA in accordance with Section 307(b) and (c) of the Act, which applies to industrial users. “Pretreatment standard” includes prohibitive discharge limits established pursuant to 40 CFR 403.5.

“Primary contact” means any recreational or other water use in which there is direct human contact with the water involving considerable risk of ingestion of water or contact with sensitive body organs such as the eyes, ears and nose, in quantities sufficient to pose a significant health hazard.

“Private sewage disposal system” means a system which provides for the treatment or disposal of domestic sewage from four or fewer dwelling units or the equivalent of less than 16 individuals on a continuing basis. This includes domestic waste, whether residential or nonresidential, but does not include industrial waste of any flow rate.

“Qualified volunteer” means a person or group of people acting on their own behalf, and not for a government agency or under contract with the department, to produce water quality monitoring data in accordance with a department-approved volunteer monitoring plan. Qualified volunteers must have the training and experience to ensure quality assurance and quality control for the data being produced, or be under the direct supervision of a person having such qualifications. A person or persons identified as participants in a department-approved volunteer monitoring plan will be considered qualified volunteers.

“Records of operation” means department of natural resources report forms or such other report forms, letters or documents which may be acceptable to the department that are designed to indicate specific physical, chemical, or biological values for wastewater during a stated period of time.

“Regional administrator” means the regional administrator of the United States Environmental Protection Agency, Region VII, 901 N. 5th Street, Kansas City, Kansas 66101.

“Secondary contact” means any recreational or other water use in which contact with the water is either incidental or accidental and in which the probability of ingesting appreciable quantities of water is minimal, such as fishing, commercial and recreational boating and any limited contact incidental to shoreline activity. This would include users who do not swim or float in the water body while on a boating activity.

“Semipublic sewage disposal system” means a system for the treatment or disposal of domestic sewage which is not a private sewage disposal system and which is not owned by a city, a sanitary sewer district, or a designated and approved management agency under Section 208 of the Act (33 U.S.C. 1288).

“Seven-day average” means the arithmetic mean of pollutant parameter values for samples collected in a period of seven consecutive days.

“Seven-day, ten-year low stream flow” means the lowest average stream flow which would statistically occur for seven consecutive days once every ten years.

“Severe property damage” means substantial physical damage to property, damage to the treatment facilities which causes them to become inoperable, or substantial and permanent loss of natural resources which can reasonably be expected to occur in the absence of a bypass. “Severe property damage” does not mean economic loss caused by delays in production.

“Sewage” means the water-carried waste products from residences, public buildings, institutions, or other buildings, including the bodily discharges from human beings or animals together with such groundwater infiltration and surface water as may be present.

“Sewage from vessels” means human body wastes and the wastes from toilets and other receptacles intended to receive or retain body wastes that are discharged from vessels and regulated under Section 312 of the Act.

“Shallow well” means a well located and constructed in such manner that there is not a continuous 5-foot layer of low permeability soil or rock between the aquifer from which the water supply is drawn and a point 25 feet below the normal ground surface.

“Significant industrial user” means an industrial user of a POTW that meets any one of the following conditions:

1. Discharges an average of 25,000 gallons per day or more of process wastewater excluding sanitary, noncontact cooling and boiler blowdown wastewater;
2. Contributes a process waste stream which makes up 5 percent or more of the average dry weather hydraulic or organic capacity of the POTW;
3. Is subject to Categorical Pretreatment Standards under 40 CFR 403.6 and 40 CFR Chapter I, Subchapter N; or
4. Is designated by the department as a significant industrial user on the basis that the contributing industry, either singly or in combination with other contributing industries, has a reasonable potential for adversely affecting the operation of or effluent quality from the POTW or for violating any pretreatment standards or requirements.

Upon a finding that an industrial user meeting the criteria in paragraph “1” or “2” of this definition has no reasonable potential for adversely affecting the operation of the POTW or for violating any pretreatment standard or requirement, the department may, at any time on its own initiative or in response to a request received from an industrial user or POTW, determine that an industrial user is not a significant industrial user.

“Significantly more stringent limitation” relates to secondary treatment CBOD₅ and SS limitations necessary to meet the percent removal requirements of at least 5 mg/l more stringent than the otherwise applicable concentration-based limitations (i.e., less than 20 mg/l in the case of CBOD₅), or the percent removal limitations in 567—subrules 62.3(1) and 62.3(3), if such limits would, by themselves, force significant construction or other significant capital expenditure.

“Sinkhole” means any depression caused by the dissolution or collapse of subterranean materials in a carbonate formation or in gypsum or rock salt deposits through which water may be drained or lost to the local groundwater system. Such depressions may or may not be open to the surface at times. Intermittently, sinkholes may hold water forming a pond.

“Small municipal separate storm sewer system” means all separate storm sewer systems that are owned or operated by the United States, the state of Iowa or a city, town, county, district, association or other public body (created by or pursuant to state law) having jurisdiction over disposal of sewage, industrial wastes, storm water, or other wastes, including special districts under state law such as a sewer district, flood control district or drainage district, or similar entity, or a designated and approved

management agency under Section 208 of the Clean Water Act that discharges to waters of the United States or of the state of Iowa, and that have a population of less than 100,000 as determined by the 1990 census. This term includes systems similar to separate storm sewer systems in municipalities, such as systems at military bases, large hospital or prison complexes, and highways and other thoroughfares. The term does not include separate storm sewers in very discrete areas such as individual buildings.

“Storm water” means storm water runoff, snow melt runoff and surface runoff and drainage. (NOTE: Agricultural storm water runoff is excluded by federal regulation 40 CFR 122.3(e) as amended through June 15, 1992.)

“Storm water discharge associated with industrial activity” means the discharge from any conveyance which is used for collecting and conveying storm water and which is directly related to manufacturing, processing or raw materials storage areas at an industrial plant. The term does not include discharges from facilities or activities excluded from the NPDES program under 40 CFR Part 122 as amended through June 15, 1992. For the categories of industries identified in paragraphs “1” to “10” of this definition, the term includes, but is not limited to, storm water discharges from industrial plant yards; immediate access roads and rail lines used or traveled by carriers of raw materials, manufactured products, waste material, or by-products used or created by the facility; material handling sites; refuse sites; sites used for the application or disposal of process wastewaters (as defined at 40 CFR 401 amended through June 15, 1992); sites used for the storage and maintenance of material handling equipment; sites used for residual treatment, storage, or disposal; shipping and receiving areas; manufacturing buildings; storage areas (including tank farms) for raw materials, and intermediate and finished products; and areas where industrial activity has taken place in the past and significant materials remain and are exposed to storm water.

For the categories of industries identified in paragraphs “1” to “9” and “11,” the term includes only storm water discharges from all the areas (except access roads and rail lines) that are listed in the previous sentence where material handling equipment or activities, raw materials, intermediate products, final products, waste materials, by-products, or industrial machinery are exposed to storm water. For the purposes of this paragraph, material handling activities include the: storage, loading and unloading, transportation, or conveyance of any raw material, intermediate product, finished product, by-product or waste product. To qualify for this exclusion, a storm-resistant shelter is not required for: drums, barrels, tanks and similar containers that are tightly sealed with bands or otherwise secured and have no taps or valves, are not deteriorated and do not leak; adequately maintained vehicles used in material handling; and final products other than products that would be mobilized in storm water discharge. The term excludes areas located on plant lands separate from the plant’s industrial activities, such as office buildings and accompanying parking lots as long as the drainage from the excluded areas is not mixed with storm water drained from the above described areas. Industrial facilities (including industrial facilities that are federally, state, or municipally owned or operated) that meet the description of the facilities listed in paragraphs “1” to “11” of this definition include those facilities designated under 40 CFR 122.26(a)(1)(v) as amended through December 8, 1999. The following categories of facilities are considered to be engaging in “industrial activity” for purposes of this definition:

1. Facilities subject to storm water effluent limitations guidelines, new source performance standards, or toxic pollutant effluent standards under 40 CFR Subchapter N as amended through June 15, 1992 (except facilities with toxic pollutant effluent standards which are exempted under paragraph “11” of this definition);

2. Facilities classified as Standard Industrial Classifications 24 (except 2434), 26 (except 265 and 267), 28 (except 283 and 285), 29, 311, 32 (except 323), 33, 3441, 373;

3. Facilities classified as Standard Industrial Classifications 10 through 14 (mineral industry) including active or inactive mining operations (except for areas of coal mining operations meeting the definition of a reclamation area under 40 CFR 434.11(1) as amended through June 15, 1992) because the performance bond issued to the facility by the appropriate SMCRA authority has been released, or except for areas of non-coal mining operations which have been released from applicable state or federal reclamation requirements after December 17, 1990, and oil and gas exploration, production, processing, or treatment operations, or transmission facilities that discharge storm water contaminated

by contact with, or that has come into contact with, any overburden, raw material, intermediate products, finished products, by-products or waste products located on the site of such operations; (inactive mining operations are mining sites that are not being actively mined, but which have an identifiable owner/operator; inactive mining sites do not include sites where mining claims are being maintained prior to disturbances associated with the extraction, beneficiation, or processing of mined materials, nor sites where minimal activities are undertaken for the sole purpose of maintaining a mining claim);

4. Hazardous waste treatment, storage, or disposal facilities, including those that are operating under interim status or a permit under Subtitle C of RCRA;

5. Landfills, land application sites, and open dumps that have received any industrial wastes (waste that is received from any of the facilities described under this definition) including those that are subject to regulation under Subtitle D of RCRA;

6. Facilities involved in the recycling of materials, including metal scrap yards, battery reclaimers, salvage yards, and automobile junkyards, including, but not limited to, those classified as Standard Industrial Classifications 5015 and 5093;

7. Steam electric power generating facilities, including coal handling sites;

8. Transportation facilities classified as Standard Industrial Classifications 40, 41, 42 (except 4221-4225), 43, 44, 45 and 5171 which have vehicle maintenance shops, equipment cleaning operations, or airport deicing operations. Only those portions of the facility that are either involved in vehicle maintenance (including vehicle rehabilitation, mechanical repairs, painting, fueling, and lubrication), equipment cleaning operations, airport deicing operations, or which are otherwise identified under paragraphs "1" to "7" or "9" or "11" of this definition are associated with industrial activity;

9. Treatment works treating domestic sewage or any other sewage sludge or wastewater treatment device or system used in the storage, treatment, recycling, and reclamation of municipal or domestic sewage, including land dedicated to the disposal of sewage sludge that are located within the confines of the facility, with a design flow of 1.0 mgd or more, or required to have an approved pretreatment program under 40 CFR 403 (as amended through June 15, 1992). Not included are farmlands, domestic gardens or lands used for sludge management where sludge is beneficially reused and which are not physically located in the confines of the facility, or areas that are in compliance with 40 CFR 503 (as amended through June 15, 1992);

10. Construction activity including clearing, grading and excavation activities except operations that result in the disturbance of less than 5 acres of total land area which is not part of a larger common plan of development or sale. Effective March 10, 2003, construction activity including clearing, grading and excavation activities except operations that result in the disturbance of less than 1 acre of total land area which is not part of a larger common plan of development or sale;

11. Facilities under Standard Industrial Classifications 20, 21, 22, 23, 2434, 25, 265, 267, 27, 283, 285, 30, 31 (except 311), 323, 34 (except 3441), 35, 36, 37 (except 373), 38, 39, 4221-4225 (and which are not otherwise included within paragraphs "2" to "10").

"Storm water discharge associated with small construction activity" means the discharge of storm water from:

1. Construction activities including clearing, grading, and excavating that result in land disturbance of equal to or greater than 1 acre and less than 5 acres. Small construction activity also includes the disturbance of less than 1 acre of total land area that is part of a larger common plan of development or sale if the larger common plan will ultimately disturb an area equal to or greater than 1 acre and less than 5 acres. Small construction activity does not include routine maintenance that is performed to maintain the original line and grade, hydraulic capacity, or original purpose of the facility.

2. Any other construction activity designated by the director based on the potential for contribution to a violation of a water quality standard or for significant contribution of pollutants to waters of the United States.

"Storm water point sources" means point sources that serve to collect, channel, direct, and convey storm water and which are subject to Section 402(p) of the federal Clean Water Act and Parts 122, 123, and 124 of Title 40 of the Code of Federal Regulations (as amended through June 15, 1992).

"Temperature" means a measure of the heat content of water.

“Thirty-day average” means the arithmetic mean of pollutant parameter values of samples collected in a period of 30 consecutive days.

“Toxicity reduction evaluation (TRE) program” means a step-wise process, similar to that found in EPA Document/600/2-88/062, which combines effluent toxicity tests and analysis of the chemical characteristics of the effluent to determine the cause of the effluent toxicity or the treatment methods which will reduce the effluent toxicity, or both.

“Turbidity” is a measure of the optical property of the particles of mud, clay, silt, finely divided organic matter, or microscopic organisms suspended in water that interfere with light transmission, causing the light to be scattered and absorbed rather than transmitted through the water in straight lines.

“Uncontrolled sanitary landfill” means a landfill or open dump, whether in operation or closed, that does not meet the requirements for runoff or runoff controls established pursuant to subtitle D of the Solid Waste Disposal Act.

“Valid effluent toxicity test” means the mortality in the control test is not greater than 10 percent and all test conditions contained in 567—subrule 63.4(2) “b” “Standard Operating Procedure: Effluent Toxicity Testing, Iowa Department of Natural Resources” are met.

“Water contact recreational canoeing” means the type of activities associated with canoeing outings in which primary contact with the water does occur. This would include users who swim or float in the water body while on a canoeing outing.

“Water of the state” means any stream, lake, pond, marsh, watercourse, waterway, well, spring, reservoir, aquifer, irrigation system, drainage system, and any other body or accumulation of water, surface or underground, natural or artificial, public or private, which are contained within, flow through or border upon the state or any portion thereof.

“Zone of initial dilution” means a delineated portion of a mixing zone in which wastewater discharges will be allowed to rapidly combine and begin dispersing into the water body. The acute criteria of 567—subrule 61.3(3) will apply at the boundary of this zone.

567—60.4(455B,17A) Application procedures and requirements generally. The following procedures and requirements pertain to applications for wastewater permits. More specific and substantive requirements may be found in 567—Chapters 61 to 65.

60.4(1) Construction permit applications.

a. *General.* All applications for a construction permit pursuant to 567—64.2(455B) shall be made in accordance with the instructions for completion of application for wastewater construction permit. The instructions specify the requirements for federal grant and nongrant projects. In addition to the required engineering documents and data the appropriate application schedules (Form 28, "A" to "S") and Sewage Treatment Agreement Form 29 as applicable shall be submitted. The applicant will be promptly notified if the application is incomplete or improperly filled out, and an application will not be reviewed until such time as a complete and proper submission is made. A wastewater construction permit will be denied when the application does not meet all requirements for issuance of a construction permit. For a system with permits conditioned by limitations on additional loads under 567—subrule 64.2(10), paragraphs "a," "b" or "f," subsequent construction permit applications must be accompanied by an accounting of connections and additional loading since the time the initial conditioned permit was issued.

b. *Sewer systems.* If Schedule B, "Collection System," of the construction permit application does not provide sufficient information on which to make a determination to grant or deny a sewer system construction permit under this subrule, additional information, such as the following, may be requested and evaluated:

- (1) Sources of extraneous flows,
- (2) Population trends and density in area to be served,
- (3) Quality and strength of wastes from industrial contributors,
- (4) Existing water used data,
- (5) Historical and experience data,
- (6) Location, capacity, and condition of existing sewer system and stormwater drainage courses,
- (7) Probability of annexation or development of adjacent areas,
- (8) Service agreements with adjacent communities,
- (9) Existence and effectiveness of industrial waste ordinance,
- (10) Drainage area limits,
- (11) Bypasses and combined sewers,
- (12) Municipal sewer map.

c. Site surveys. For new or expanded wastewater treatment facilities, an application for a site survey must be submitted, by the applicant's engineer, generally in advance of a full application for construction permit. The applicant should allow 60 days from the date of application for preliminary approvals. The following minimum information must be submitted:

(1) A preliminary engineering report or a cover letter which contains a brief description of the proposed treatment process and assurance that the project is in conformance with the long-range planning of the area.

(2) Completed Schedule A — General Information

(3) Completed Schedule F — Treatment Project Site Selection

(4) Completed Schedule G — Treatment Project Design Data

If the application is incomplete it will be returned to the engineer for completion. When the application is complete it will be reviewed and if the data submitted indicates on its face that the site would be unsuitable for its intended purpose, a letter of rejection will be sent to the applicant and the engineer. Clarifications and additional data may be requested of the applicant and the engineer. When the application is complete and indicates on its face that the site may be suitable, a site survey will be conducted by department staff.

d. Modification. Persons seeking a modification to plans and specifications after having been issued a construction permit shall submit an addendum to plans and specifications, a change order, or revised plans and specifications, along with the reasons for the proposed changes, to the department. A supplemental written permit or approval will be issued when the changes submitted by the applicant meet department requirements. Construction shall not proceed until such changes have been approved.

e. Fees. Required fees shall be submitted with all applications for a construction permit as noted in 567—64.16(455B).

60.4(2) Operation and NPDES permit applications.

a. General. A person required to obtain or renew a wastewater operation permit or an Iowa NPDES permit pursuant to 567—Chapter 64, 567—Chapter 65, or 567—Chapter 69 must complete the appropriate application form as identified in subrule 60.3(2).

(1) Complete applications. A permit application is complete and approvable when all necessary questions on the application forms have been completed and the application is signed pursuant to 567—subrule 64.3(8), and when all applicable portions of the application, including the application fee and required attachments, have been submitted. The director may require the submission of additional information deemed necessary to evaluate the application. The due date for a renewal application is 180 days prior to the expiration date of the current permit, as noted in 567—64.8(455B). For a POTW, permission to submit an application at a later date may be granted by the director. The due date for a new application is 180 days prior to the date the operation is scheduled to begin, unless a shorter period is approved by the director.

(2) Incomplete applications. Incomplete applications may be returned to the applicant for completion. Authorization to discharge will be suspended if a complete application is not submitted to the department before the expiration date of the current permit. In the case of new applications, no discharge will be allowed until an NPDES or operation permit is issued. In the case of existing discharges, if a permit application is incomplete or has not been submitted, the department shall notify the permittee of a violation of this rule and may proceed administratively on the violation or may request that the commission refer the matter to the attorney general for legal action.

(3) Other information. If a permittee becomes aware that it failed to submit any relevant facts in a permit application, or submitted incorrect information in a permit application, the permittee shall promptly submit such facts or information.

b. Amendments. A permittee seeking an amendment to its operation permit shall make a written request in the form of a detailed letter to the department which shall include the nature of and the reasons supporting the requested amendment. A variance or amendment to the terms and conditions of a general permit shall not be granted. If a variance or amendment to a general permit is desired, the applicant must apply for an individual permit following the procedures in 567—paragraph 64.3(4) “a.”

(1) Schedules of compliance. Requests to amend a permit schedule of compliance shall be made at least 30 days prior to the next scheduled compliance date which the permittee contends it is unable to meet. The request shall include any proposed changes in the existing schedule of compliance, and any supporting documentation for the time extension. An extension may be granted by the department for cause. Cause may include unusually adverse weather conditions, equipment shortages, labor strikes, federal grant regulation requirements, or any other extenuating circumstances beyond the control of the requesting party. Cause does not include economic hardship, profit reduction, or failure to proceed in a timely manner.

(2) Interim effluent limitations. A request to amend interim effluent limitations in an existing permit shall include the proposed amendments to existing effluent limitations and any documentation in support of the proposed limitations. The department will evaluate the request based upon the capability of the disposal system to meet interim effluent limitations, taking into account the contributions to treatment capability which can be made by good operation and maintenance of the disposal system and by minor alterations which can be made to the system to improve its capability. The department may deny a request where the inability of the disposal system to meet interim effluent limitations is due to increased waste loadings on the system over those loadings upon which the interim limitations were based.

(3) Monitoring requirements. An amendment request for a change in the minimum monitoring requirements in an existing permit is considered a variance request. A request for a variance shall include a letter and the Petition for Waiver or Variance form (542-1258). This form can be obtained from the NPDES section as noted in 60.3(455B). The requesting permittee must provide monitoring results which are frequent enough to reflect variations in actual wastewater characteristics over a period of time and are consistent in results from sample to sample. The department will evaluate the request based upon whether or not less frequent sample results accurately reflect actual wastewater characteristics and whether operational control can be maintained.

Upon receipt of a request, the department may grant, modify, or deny the request. If the request is denied, the department may notify the permittee of any violation of its permit and may proceed administratively on the violation or may request that the commission refer the matter to the attorney general for legal action.

c. Fees. Required fees shall be submitted with all permit applications as noted in 567—64.16(455B).

CHAPTER 64
WASTEWATER CONSTRUCTION AND OPERATION PERMITS

[Prior to 7/1/83, DEQ Ch 19]

[Prior to 12/3/86, Water, Air and Waste Management[900]]

567—64.1(455B) Definitions. Rescinded IAB 3/11/09, effective 4/15/09.

567—64.2(455B) Permit to construct.

64.2(1) No person shall construct, install or modify any wastewater disposal system or part thereof or extension or addition thereto without, or contrary to any condition of, a construction permit issued by the director or by a local public works department authorized to issue such permits under 567—Chapter 9, nor shall any connection to a sewer extension in violation of any special limitation specified in a construction permit pursuant to 64.2(10) be allowed by any person subject to the conditions of the permit.

64.2(2) The site for each new wastewater treatment plant or expansion or upgrading of existing facilities must be inspected and approved by the department prior to submission of plans and specifications. Applications must be submitted in accordance with 567—60.4(455B).

64.2(3) Site approval under 64.2(2) shall be based on the criteria contained in the Ten States Standards, design manuals published by the department, applicable federal guidelines and standards, standard textbooks, current technical literature and applicable safety standards. To the extent that separation distances of this subrule conflict with the separation distances of Iowa Code section 455B.134(3) “f,” the greater distance shall prevail. The following separation distances from a treatment works shall apply unless a separation distance exception is provided in the “Iowa Wastewater Facilities Design Standards.” The separation distance from lagoons shall be measured from the water surface.

a. 1000 feet from the nearest inhabitable residence, commercial building, or other inhabitable structure. If the inhabitable or commercial building is the property of the owner of the proposed treatment facility, or there is written agreement with the owner of the building, the separation criteria shall not apply. Any such written agreement shall be filed with the county recorder and recorded for abstract of title purposes, and a copy submitted to the department.

b. 1000 feet from public shallow wells.

c. 400 feet from public deep wells.

d. 400 feet from private wells.

e. 400 feet from lakes and public impoundments.

f. 25 feet from property lines and rights-of-way.

When the above separation distances cannot be maintained for the expansion, upgrading or replacement of existing facilities, the separation distances shall be maintained at no less than 90 percent of the existing separation distance on the site, providing no data is available indicating that a problem has existed or will be created.

64.2(4) Applications for a construction permit must be submitted to the director in accordance with 567—60.4(455B) at least 120 days in advance of the date of start of construction.

64.2(5) The director shall act upon the application within 60 days of receipt of a complete application by either issuing a construction permit or denying the construction permit in writing unless a longer review period is required and the applicant is so notified in writing. Notwithstanding the 120-day requirement in 64.2(4), construction of the approved system may commence immediately after the issuance of a construction permit.

64.2(6) The construction permit shall expire if construction thereunder is not commenced within one year of the date of issuance thereof. The director may grant an extension of time to commence construction if it is necessary or justified, upon showing of such necessity or justification to the director.

64.2(7) The director may modify or revoke a construction permit for cause which shall include but not be limited to the following:

a. Failure to construct said wastewater disposal system or part thereof in accordance with the approved plans and specifications.

b. Violation of any term or condition of the permit.

c. Obtaining a permit by misrepresentation of facts or failure to disclose fully all material facts.

d. Any change during construction that requires material changes in the approved plans and specifications.

64.2(8) A construction permit shall not be required for the following:

- a.* Storm sewers or storm water disposal systems that transport only storm water.
- b.* Any new disposal system or extension or addition to any existing disposal system that receives only domestic or sanitary sewage from a building, housing or occupied by 15 persons or less.
- c.* A privately owned pretreatment facility, except an anaerobic lagoon, where a treatment unit or units provide partial reduction of the strength or toxicity of the waste stream prior to additional treatment and disposal by another person, corporation, or municipality. However, the department may require that the design basis and construction drawings be filed for information purposes.

64.2(9) Review of applications.

a. Review of applications for construction permits shall be based on the criteria contained in the “Iowa Wastewater Facilities Design Standards,” the Ten States Standards, applicable federal guidelines and standards, standard textbooks, current technical literature and applicable safety standards. To the extent of any conflict between the above criteria the “Iowa Wastewater Facilities Design Standards” standards shall prevail.

b. The chapters of the “Iowa Wastewater Facilities Design Standards”* that apply to wastewater facilities projects, and the date of adoption of those chapters are:

<u>Chapter</u>	<u>Date of Adoption</u>
11. Project submittals	April 25, 1979
12. Iowa Standards for Sewer Systems	September 6, 1978 (Amended March 28, 1979 and May 20, 1987)
13. Wastewater pumping stations and force mains	March 19, 1985
14. Wastewater treatment works	March 22, 1984 (Amended May 20, 1987)
15. Screening and grit removal	February 18, 1986
16. Settling	March 22, 1984 (Amended May 20, 1987)
17. Sludge handling & disposal	March 26, 1980
18. Biological treatment	
<i>A.</i> Fixed film media treatment	October 21, 1985
<i>B.</i> Activated sludge	March 22, 1984
<i>C.</i> Wastewater treatment ponds (Lagoons)	April 25, 1979 (Amended May 20, 1986 and May 20, 1987)
19. Supplemental treatment processes	November 13, 1986
20. Disinfection	February 18, 1986
21. Land application of wastewater	April 25, 1979

*The design manual as adopted and amended is available upon request to department, also filed with administrative rules coordinator.

c. Variances from the design standards and siting criteria which provide in the judgment of the department for substantially equivalent or improved effectiveness may be requested when there are unique circumstances not found in most projects. The director may issue variances when circumstances are appropriate. The denial of a variance may be appealed to the commission.

d. When reviewing the variance request the director may consider the unique circumstances of the project, direct or indirect environmental impacts, the durability and reliability of the alternative, and the purpose and intent of the rule or standard in question.

e. Circumstances that would warrant consideration of a variance (which provides for substantially equivalent or improved effectiveness) may include the following:

(1) The utilization of new equipment or new process technology that is not explicitly covered by the current design standards.

(2) The application of established and acceptable technologies in an innovative manner not covered by current standards.

(3) It is reasonably clear that the conditions and circumstances which were considered in the adoption of the rule or standard are not applicable for the project in question and therefore the effective purpose of the rule will not be compromised if a variance is granted.

64.2(10) Applications for sanitary sewer extension construction permits shall conform to the Iowa Standards for Sewer Systems, and approval shall be subject to the following:

a. A sanitary sewer extension construction permit may be denied if, at the time of application, the treatment facility treating wastewater from the proposed sewer is not in substantial compliance with its operating permit or if the treatment facility receives wastes in volumes or quantities that exceed its design capacity and interfere with its operation or performance.

If the applicant is operating under a compliance schedule which is being adhered to that leads to resolution of the substantial compliance issues or if the applicant can demonstrate that the problem has been identified, the planning completed, and corrective measures initiated, then the construction permit may be granted.

b. A sanitary sewer extension construction permit may be denied if bypassing has occurred at the treatment facility, except when any of the following conditions are being met:

(1) The bypassing is due to a combined sewer system, and the facility is in compliance with a long-term CSO control plan approved by the department.

(2) The bypassing occurs as a result of a storm with an intensity or duration greater than that of a storm with a return period of five years. (See App. A)

(3) The department determines that timely actions are being taken to eliminate the bypassing.

c. A sanitary sewer extension construction permit may be denied if an existing downstream sewer is or will be overloaded or surcharged, resulting in bypassing, flooded basements, or overflowing manholes, unless:

(1) The bypassing or flooding is the result of a precipitation event with an intensity or duration greater than that of a storm with a return period of two years. (See App. A); or

(2) The system is under full-scale facility planning (I/I and SSES) and the applicant provides a schedule that is approved by the department for rehabilitating the system to the extent necessary to handle the additional loadings.

d. Potential loads. Construction permits may be granted for sanitary sewer extensions that are sized to serve future loads that would exceed the capacity of the existing treatment works. However, initial connections shall be limited to the load that can be handled by the existing treatment works. The department will determine this load and advise the applicant of the limit. This limitation will be in effect until additional treatment capacity has been constructed.

64.2(11) Certification of completion. Within 30 days after completion of construction, installation or modification of any wastewater disposal system or part thereof or extension or addition thereto, the permit holder shall submit a certification by a registered professional engineer that the project was completed in accordance with the approved plans and specifications.

[ARC 7625B, IAB 3/11/09, effective 4/15/09]

567—64.3(455B) Permit to operate.

64.3(1) Except as otherwise provided in this subrule, in 567—Chapter 65, and in 567—Chapter 69, no person shall operate any wastewater disposal system or part thereof without, or contrary to any condition of, an operation permit issued by the director. An operation permit is not required for the following:

a. A private sewage disposal system which does not discharge into, or have the potential to reach, a designated water of the state or subsurface drainage tile (NOTE: private sewage disposal systems under this exemption are regulated under 567—Chapter 69);

- b.* A semipublic sewage disposal system, the construction of which has been approved by the department and which does not discharge into a water of the state;
- c.* A pretreatment system, the effluent of which is to be discharged directly to another disposal system for final treatment and disposal;
- d.* A discharge from a geothermal heat pump which does not reach a navigable water.
- e.* Water well construction and well services related discharge that does not reach a water of the United States as defined in 40 CFR Part 122.2.
- f.* Discharges from the application of biological pesticides and chemical pesticides where the discharge does not reach a water of the United States as defined in 40 CFR Part 122.2.

64.3(2) Rescinded, effective 2/20/85.

64.3(3) The owner of any disposal system or part thereof in existence before August 21, 1973, for which a permit has been previously granted by the Iowa department of health or the Iowa department of environmental quality shall submit such information as the director may require to determine the conformity of such system and its operation with the rules of the department by no later than 60 days after the receipt of a request for such information from the director. If the director determines that the disposal system does not conform to the rules of the department, the director may require the owner to make such modifications as are necessary to achieve compliance. A construction permit shall be required, pursuant to 64.2(1), prior to any such modification of the disposal system.

64.3(4) Applications.

a. Individual permit. Except as provided in 64.3(4)“*b*,” applications for operation permits required under 64.3(1) shall be made on forms provided by the department, as noted in 567—subrule 60.3(2). The application for an operation permit under 64.3(1) shall be filed pursuant to 567—subrule 60.4(2). Permit applications for a new discharge of storm water associated with construction activity as defined in 567—Chapter 60 under “storm water discharge associated with industrial activity” must be submitted at least 60 days before the date on which construction is to commence. Upon completion of a tentative determination with regard to the permit application as described in 64.5(1)“*a*,” the director shall issue operation permits for applications filed pursuant to 64.3(1) within 90 days of the receipt of a complete application unless the application is for an NPDES permit or unless a longer period of time is required and the applicant is so notified.

b. General permit. A Notice of Intent for coverage under a general permit must be made on the appropriate form provided by the department listed in 567—subrule 60.3(2) and in accordance with 567—64.6(455B). A Notice of Intent must be submitted to the department according to the following:

(1) For existing storm water discharge associated with industrial activity, with the exception of discharges identified in subparagraphs (2) and (3) of this paragraph, on or before October 1, 1992.

(2) For any existing storm water discharge associated with industrial activity from a facility or construction site that is owned or operated by a municipality with a population of less than 100,000 other than an airport, power plant or uncontrolled sanitary landfill, on or before March 10, 2003.

For purposes of this subparagraph, municipality means city, town, borough, county, parish, district, association, or other public body created by or under state law. The entire population served by the public body shall be used in the determination of the population.

(3) For any existing storm water discharge associated with small construction activity on or before March 10, 2003.

(4) For storm water discharge associated with industrial activity which initiates operation after October 1, 1992, with the exception of discharges identified in subparagraphs (2) and (3) of this paragraph, where storm water discharge associated with industrial activity could occur as defined in rule 567—60.2(455B).

(5) For any private sewage disposal system installed after July 1, 1998, where subsoil discharge is not possible.

(6) For any discharge, except a storm water only discharge, from a mining or processing facility after July 18, 2001.

(7) For the discharge of biological pesticides and chemical pesticides which leave a residue to a water of the United States (as defined in 40 CFR Part 122.2) that meet any of the thresholds established in General Permit No. 7 after March 30, 2011.

64.3(5) Requirements for industries that discharge to another disposal system except storm water point sources.

a. The director may require any person discharging wastes to a publicly or privately owned disposal system to submit information similar to that required in an application for an operation permit, but no operation permit is required for such discharge.

Significant industrial users as defined in 567—Chapter 60 must submit a treatment agreement which meets the following criteria:

(1) The agreement must be on the treatment agreement form, number 542-3221, as provided by the department; and

(2) Must identify and limit the monthly average and the daily maximum quantity of compatible and incompatible pollutants discharged to the disposal system and the variations in daily flow; and

(3) Be signed and dated by the significant industrial user and the owner of the disposal system accepting the wastewater; and

(4) Provide that the quantities to be discharged to the disposal system must be in accordance with the applicable standards and requirements in 567—Chapter 62.

b. A significant industrial user must submit a new treatment agreement form 60 days in advance of a proposed expansion, production increase or process modification that may result in discharges of sewage, industrial waste, or other waste in excess of the discharge stated in the existing treatment agreement. An industry that would become a significant industrial user as a result of a proposed expansion, production increase or process modification shall submit a treatment agreement form 60 days in advance of the proposed expansion, production increase or process modification.

c. A treatment agreement form must be submitted at least 180 days before a new significant industrial user proposes to discharge into a wastewater disposal system. The owner of a wastewater disposal system shall notify the director by submitting a complete treatment agreement to be received at least 10 days prior to making any commitment to accept waste from a proposed new significant industrial user. However, the department may notify the owner that verification of the data in the treatment agreement may take longer than 10 days and advise that the owner should not enter into a commitment until the data is verified.

d. A treatment agreement form for each significant industrial user must be submitted with the facility plan or preliminary engineering report for the construction or modification of a wastewater disposal system. These agreements will be used in determining the design basis of the new or upgraded system.

e. Treatment agreement forms from significant industrial users shall be required as a part of the application for a permit to operate the wastewater disposal system receiving the wastes from the significant industrial user.

64.3(6) Rescinded, effective 7/23/86.

64.3(7) Operation permits may be granted for any period of time not to exceed five years. Applications for renewal of an operation permit must be submitted to the department 180 days in advance of the date the permit expires. General permits will be issued for a period not to exceed five years. Each permit to be renewed shall be subject to the provisions of all rules of the department in effect at the time of the renewal.

64.3(8) Identity of signatories of permit applications. The person who signs the application for a permit shall be:

a. Corporations. In the case of corporations, a responsible corporate officer. A responsible corporate officer means:

(1) A president, secretary, treasurer, or vice president in charge of a principal business function, or any other person who performs similar policy- or decision-making functions; or

(2) The manager of manufacturing, production, or operating facilities, if authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures.

- b. Partnerships.* In the case of a partnership, a general partner.
- c. Sole proprietorships.* In the case of a sole proprietorship, the proprietor.
- d. Municipal, state, federal, or other public agency.* In the case of a municipal, state, or other public facility, either the principal executive officer or the ranking elected official. A principal executive officer of a public agency includes:
 - (1) The chief executive officer of the agency; or
 - (2) A senior executive officer having responsibility for the overall operations of a unit of the agency.
- e. Storm water discharge associated with industrial activity from construction activities.* In the case of a storm water discharge associated with construction activity, either the owner of the site or the general contractor.
- f. Certification.* Any person signing a document under paragraph “a” to “d” of this subrule shall make the following certification:

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for known violations.

The person who signs NPDES reports shall be a person described in this subrule, except that in the case of a corporation or a public body, monitoring reports required under the terms of the permit may be submitted by a duly authorized representative of the person described in this subrule. A person is a duly authorized representative if the authorization is made in writing by a person described in this subrule and the authorization specifies an individual or position having responsibility for the overall operation of the regulated facility, such as plant manager, superintendent, or position of equivalent responsibility, or an individual or position having overall responsibility for environmental matters for the corporation.

64.3(9) When necessary to comply with present standards which must be met at a future date, an operation permit shall include a schedule for the alteration of the permitted facility to meet said standards. Such schedules shall not relieve the permittee of the duty to obtain a construction permit pursuant to 64.2(455B). When necessary to comply with a pretreatment standard or requirement which must be met at a future date, a significant industrial user will be given a compliance schedule for meeting those requirements.

64.3(10) Operation permits shall contain such conditions as are deemed necessary by the director to ensure compliance with all applicable rules of the department, including monitoring and reporting conditions, to protect the public health and beneficial uses of state waters, and to prevent water pollution from waste storage or disposal operations.

64.3(11) The director may amend, revoke and reissue, or terminate in whole or in part any individual operation permit or coverage under a general permit for cause. Except for general permits, the director may modify in whole or in part any individual operation permit for cause. A variance or modification to the terms and conditions of a general permit shall not be granted. If a variance or modification to a general permit is desired, the applicant must apply for an individual permit following the procedures in 64.3(4) “a.”

a. Permits may be amended, revoked and reissued, or terminated for cause either at the request of any interested person (including the permittee) or upon the director’s initiative. All requests shall be in writing and shall contain facts or reasons supporting the request.

b. Cause under this subrule includes the following:

- (1) Violation of any term or condition of the permit.
- (2) Obtaining a permit by misrepresentation of fact or failure to disclose fully all material facts.
- (3) A change in any condition that requires either a temporary or permanent reduction or elimination of the permitted discharge.

(4) Failure to submit such records and information as the director shall require both generally and as a condition of the permit in order to ensure compliance with the discharge conditions specified in the permit.

(5) Failure or refusal of an NPDES permittee to carry out the requirements of 64.7(5)“c.”

(6) Failure to provide all the required application materials or appropriate fees.

(7) A request for a modification of a schedule of compliance, an interim effluent limitation, or the minimum monitoring requirements pursuant to 567—paragraph 60.4(2)“b.”

(8) Causes listed in 40 CFR 122.62 and 122.64.

c. The permittee shall furnish to the director, within a reasonable time, any information that the director may request to determine whether cause exists for amending, revoking and reissuing, or terminating a permit, including a new permit application.

d. The filing of a request by an interested person for an amendment, revocation and reissuance, or termination does not stay any permit condition.

e. If the director decides the request is not justified, the director shall send the requester a brief written response giving a reason for the decision. Denials of requests for modification, revocation and reissuance, or termination are not subject to public notice, comment, hearings, or appeals.

f. Draft permits.

(1) If the director tentatively decides to amend, revoke and reissue, or terminate a permit, a draft permit shall be prepared according to 64.5(1).

(2) When a permit is amended under this paragraph, only those conditions to be modified shall be reopened when a new draft permit is prepared. All other aspects of the existing permit shall remain in effect for the duration of the permit.

(3) When a permit is revoked and reissued under this paragraph, the entire permit is reopened just as if the permit had expired and was being reissued.

(4) If the permit amendment falls under the definition of “minor amendment” in 567—60.2(455B), the permit may be amended without a draft permit or public notice.

(5) During any amendment, revocation and reissuance, or termination proceeding, the permittee shall comply with all conditions of the existing permit until a new final permit is reissued.

64.3(12) No permit may be issued:

a. When the applicant is required to obtain certification under Section 401 of the Clean Water Act and that certification has not been obtained or waived;

b. When the imposition of conditions cannot ensure compliance with the applicable water quality requirements of all affected states; or

c. To a new source or new discharger if the discharge from its construction or operation will cause or contribute to a violation of water quality standards. The owner or operator of a new source or new discharger proposing to discharge to a water segment which does not meet applicable water quality standards must demonstrate, before the close of the public comment period for a draft NPDES permit, that:

(1) There is sufficient remaining load in the water segment to allow for the discharge; and

(2) The existing dischargers to the segment are subject to compliance schedules designed to bring the segment into compliance with water quality standards.

The director may waive the demonstration if the director already has adequate information to demonstrate (1) and (2).

567—64.4(455B) Issuance of NPDES permits.

64.4(1) Individual permit. An individual NPDES permit is required when there is a discharge of a pollutant from any point source into navigable waters. An NPDES permit is not required for the following:

a. Reserved.

b. Discharges of dredged or fill material into navigable waters which are regulated under Section 404 of the Act;

c. The introduction of sewage, industrial wastes or other pollutants into a POTW by indirect dischargers. (This exclusion from requiring an NPDES permit applies only to the actual addition of materials into the subsequent treatment works. Plans or agreements to make such additions in the future do not relieve dischargers of the obligation to apply for and receive permits until the discharges of pollutants to navigable waters are actually eliminated. It also should be noted that, in all appropriate cases, indirect discharges shall comply with pretreatment standards promulgated by the administrator pursuant to Section 307(b) of the Act and adopted by reference by the commission);

d. Any discharge in compliance with the instruction of an On-Scene Coordinator pursuant to 40 CFR Part 300 (The National Oil and Hazardous Substances Pollution Contingency Plan) or 33 CFR 153.10(e) (Pollution by Oil and Hazardous Substances);

e. Any introduction of pollutants from non-point source agricultural and silvicultural activities, including storm water runoff from orchards, cultivated crops, pastures, range lands, and forest lands, except that this exclusion shall not apply to the following:

- (1) Discharges from concentrated animal feeding operations as defined in 40 CFR 122.23;
- (2) Discharges from concentrated aquatic animal production facilities as defined in 40 CFR 122.24;
- (3) Discharges to aquaculture projects as defined in 40 CFR 122.25;
- (4) Discharges from silvicultural point sources as defined in 40 CFR 122.27;

f. Return flows from irrigated agriculture; and

g. Water transfers, which are defined as activities that convey or connect navigable waters without subjecting the transferred water to intervening industrial, municipal, or commercial use.

64.4(2) General permit.

a. The director may issue general permits which are consistent with 64.4(2) “b” and the requirements specified in 567—64.6(455B), 567—64.7(455B), 567—subrule 64.8(2), and 567—64.9(455B) for the following activities:

- (1) Storm water point sources requiring an NPDES permit pursuant to Section 402(p) of the federal Clean Water Act and 40 CFR 122.26 (as amended through June 15, 1992).
- (2) Private sewage disposal system discharges permitted under 567—Chapter 69 where subsoil discharge is not possible as determined by the administrative authority.
- (3) Discharges from water well construction and related well services where the discharge will reach a water of the United States as defined in 40 CFR Part 122.2.
- (4) For any discharge, except a storm water only discharge, from a mining or processing facility.
- (5) Discharges from the application of biological pesticides and chemical pesticides which leave a residue where the discharge will reach a water of the United States as defined in 40 CFR Part 122.2.

b. Each general permit issued by the department must:

- (1) Be adopted as an administrative rule in accordance with Iowa Code chapter 17A, the Administrative Procedure Act. Each proposed permit will be accompanied by a fact sheet setting forth the principal facts and methodologies considered during permit development,
- (2) Correspond to existing geographic or political boundaries, and
- (3) Be identified in 567—64.15(455B).

c. If an NPDES permit is required for an activity covered by a general permit, the applicant may seek either general permit coverage or an individual permit. Procedures and requirements for obtaining an individual NPDES permit are detailed in 64.3(4) “a.” Procedures for filing a Notice of Intent for coverage under a general permit are described in 567—64.6(455B) “Completing a Notice of Intent for Coverage Under a General Permit.”

64.4(3) Effect of a permit.

a. Except for any toxic effluent standards and prohibitions imposed under Section 307 of the Act and standards for sewage sludge use or disposal under Section 405(d) of the Act, compliance with a permit during its term constitutes compliance, for purposes of enforcement, with Sections 301, 302, 306, 307, 318, 403 and 405(a)-(b) of the Act, and equivalent limitations and standards set out in 567—Chapters 61 and 62. However, a permit may be terminated during its term for cause as set forth in 64.3(11). Compliance with a permit condition which implements a particular standard for sewage

sludge use or disposal shall be an affirmative defense in any enforcement action brought for a violation of that standard for sewage sludge use or disposal.

b. The issuance of a permit does not convey any property rights of any sort, or any exclusive privilege.

[ARC 7625B, IAB 3/11/09, effective 4/15/09; ARC 8520B, IAB 2/10/10, effective 3/17/10; ARC 9365B, IAB 2/9/11, effective 3/30/11]

567—64.5(455B) Notice and public participation in the individual NPDES permit process.

64.5(1) *Formulation of tentative determination.* The department shall make a tentative determination to issue or deny an operation or NPDES permit for the discharge described in a permit application in advance of the public notice as described in 64.5(2).

a. If the tentative determination is to issue an NPDES permit, the department shall prepare a permit rationale for each draft permit pursuant to 64.5(3) and a draft permit. The draft permit shall include the following:

(1) Effluent limitations identified pursuant to 64.6(2) and 64.6(3), for those pollutants proposed to be limited.

(2) If necessary, a proposed schedule of compliance, including interim dates and requirements, identified pursuant to 64.7(4), for meeting the effluent limitations and other permit requirements.

(3) Any other special conditions (other than those required in 64.6(5)) which will have a significant impact upon the discharge described in the permit application.

b. If the tentative determination is to deny an NPDES permit, the department shall prepare a notice of intent to deny the permit application. The notice of intent to deny an application will be placed on public notice as described in 64.5(2).

c. If the tentative determination is to issue an operation permit (non-NPDES permit), the department shall prepare a final permit and transmit the final permit to the applicant. The applicant will have 30 days to appeal the final operation permit.

d. If the tentative determination is to deny an operation permit (non-NPDES permit), no public notice is required. The department shall send written notice of the denial to the applicant. The applicant will have 30 days to appeal the denial.

64.5(2) *Public notice for NPDES permits.*

a. Prior to the issuance of an NPDES permit, a major NPDES permit amendment, or the denial of a permit application for an NPDES permit, public notice shall be circulated in a manner designed to inform interested and potentially interested persons of the proposed discharge and of the tentative determination to issue or deny an NPDES permit for the proposed discharge. Procedures for the circulation of public notice shall include at least the procedures of subparagraphs (1) to (3).

(1) The public notice for a draft NPDES permit or major permit amendment shall be circulated by the applicant within the geographical areas of the proposed discharge by posting the public notice in the post office and public places of the city nearest the premises of the applicant in which the effluent source is located; by posting the public notice near the entrance to the applicant's premises and in nearby places; and by publishing the public notice in local newspapers and periodicals, or, if appropriate, in a newspaper of general circulation. The public notice for the denial of a permit application shall be sent to the applicant and circulated by the department within the geographical areas of the proposed discharge by publishing the public notice in local newspapers and periodicals, or, if appropriate, in a newspaper of general circulation.

(2) The public notice shall be sent by the department to any person upon request.

(3) Upon request, the department shall add the name of any person or group to the distribution list to receive copies of all public notices concerning the tentative determinations with respect to the permit applications within the state or within a certain geographical area and shall send a copy of all public notices to such persons.

b. The department shall provide a period of not less than 30 days following the date of the public notice during which time interested persons may submit their written views on the tentative determinations with respect to the permit application and request a public hearing pursuant to 64.5(6). Written comments may be submitted by paper or electronic means. All comments submitted during

the 30-day comment period shall be retained by the department and considered by the director in the formulation of the director's final determinations with respect to the permit application. The period for comment may be extended at the discretion of the department. Pertinent and significant comments received during either the original comment period or an extended comment period shall be responded to in a responsiveness summary pursuant to 64.5(8).

c. The contents of the public notice of a draft NPDES permit, a major permit amendment, or the denial of a permit application for an NPDES permit shall include at least the following:

- (1) The name, address, and telephone number of the department.
- (2) The name and address of each applicant.
- (3) A brief description of each applicant's activities or operations which result in the discharge described in the permit application (e.g., municipal waste treatment plant, corn wet milling plant, or meat packing plant).
- (4) The name of the waterway to which each discharge of the applicant is made and a short description of the location of each discharge of the applicant on the waterway indicating whether such discharge is a new or an existing discharge.
- (5) A statement of the department's tentative determination to issue or deny an NPDES permit for the discharge or discharges described in the permit application.
- (6) A brief description of the procedures for the formulation of final determinations, including the 30-day comment period required by paragraph "b" of this subrule, procedures for requesting a public hearing and any other means by which interested persons may influence or comment upon those determinations.
- (7) The address, telephone number, and E-mail address of places at which interested persons may obtain further information, request a copy of the tentative determination and any associated documents prepared pursuant to 64.5(1), request a copy of the permit rationale described in 64.5(3), and inspect and copy permit forms and related documents.

d. No public notice is required for a minor permit amendment, including an amendment to correct typographical errors, include more frequent monitoring requirements, revise interim compliance schedule dates, change the owner name or address, include a local pretreatment program, or remove a point source outfall that does not result in the discharge of pollutants from other outfalls.

e. No public notice is required when a request for a permit amendment or a request for a termination of a permit is denied. The department shall send written notice of the denial to the requester and the permittee only. No public notice is required if an applicant withdraws a permit application.

64.5(3) *Permit rationales and notices of intent to deny.*

a. When the department has made a determination to issue an NPDES permit as described in 64.5(1), the department shall prepare and, upon request, shall send to any person a permit rationale with respect to the application described in the public notice. The contents of such permit rationales shall include at least the following information:

- (1) A detailed description of the location of the discharge described in the permit application.
- (2) A quantitative description of the discharge described in the permit application which includes:
 1. The average daily discharge in pounds per day of any pollutants which are subject to limitations or prohibitions under 64.7(2) or Section 301, 302, 306 or 307 of the Act and regulations published thereunder; and
 2. For thermal discharges subject to limitation under the Act, the average and maximum summer and winter discharge temperatures in degrees Fahrenheit.
- (3) The tentative determinations required under 64.5(1).
- (4) A brief citation, including a brief identification of the uses for which the receiving waters have been classified, of the water quality standards applicable to the receiving waters and effluent standards and limitations applicable to the proposed discharge.
- (5) An explanation of the principal facts and the significant factual, legal, methodological, and policy questions considered in the preparation of the draft permit.
- (6) Any calculations or other necessary explanation of the derivation of effluent limitations.

b. When the department has made a determination to deny an application for an NPDES permit as described in 64.5(1), the department shall prepare and, upon request, shall send to any person a notice of intent to deny with respect to the application described in the public notice. The contents of such notice of intent to deny shall include at least the following information:

- (1) A detailed description of the location of the discharge described in the permit application; and
- (2) A description of the reasons supporting the tentative decision to deny the permit application.

c. When the department has made a determination to issue an operation permit as described in 64.5(1), the department shall prepare a short description of the waste disposal system and the reasons supporting the decision to issue an operation permit. The description shall be sent to the operation permit applicant upon request.

d. When the department has made a determination to deny an application for an operation permit as described in 64.5(1), the department shall prepare and send written notice of the denial to the applicant only. The written denial shall include a description of the reasons supporting the decision to deny the permit application.

e. Upon request, the department shall add the name of any person or group to a distribution list to receive copies of permit rationales and notices of intent to deny and shall send a copy of all permit rationales and notices of intent to deny to such persons or groups.

64.5(4) Notice to other government agencies. Prior to the issuance of an NPDES permit, the department shall notify other appropriate government agencies of each complete application for an NPDES permit and shall provide such agencies an opportunity to submit their written views and recommendations. Notifications may be distributed and written views or recommendations may be submitted by paper or electronic means. Procedures for such notification shall include the procedures of paragraphs “a” to “f.”

a. At the time of issuance of public notice pursuant to 64.5(2), the department shall transmit the public notice to any other state whose waters may be affected by the issuance of the NPDES permit. Each affected state shall be afforded an opportunity to submit written recommendations to the department and to the regional administrator which the director may incorporate into the permit if issued. Should the director fail to incorporate any written recommendation thus received, the director shall provide to the affected state or states and to the regional administrator a written explanation of the reasons for failing to accept any written recommendation.

b. At the time of issuance of public notice pursuant to 64.5(2), the department shall send the public notice for proposed discharges (other than minor discharges) into navigable waters to the appropriate district engineer of the army corps of engineers.

(1) The department and the district engineer for each corps of engineers district within the state may arrange for: notice to the district engineer of minor discharges; waiver by the district engineer of the right to receive public notices with respect to classes, types, and sizes within any category of point sources and with respect to discharges to particular navigable waters or parts thereof; and any procedures for the transmission of forms, period of comment by the district engineer (e.g., 30 days), and for objections of the district engineer.

(2) A copy of any written agreement between the department and a district engineer shall be forwarded to the regional administrator and shall be available to the public for inspection and copying in accordance with 567—Chapter 2.

c. Upon request, the department shall send the public notice to any other federal, state, or local agency, or any affected county, and provide such agencies an opportunity to respond, comment, or request a public hearing pursuant to 64.5(6).

d. The department shall send the public notice for any proposed NPDES permit within the geographical area of a designated and approved management agency under Section 208 of the Act (33 U.S.C.1288).

e. The department shall send the public notice to the local board of health for the purpose of assisting the applicant in coordinating the applicable requirements of the Act and Iowa Code chapter 455B with any applicable requirements of the local board of health.

f. Upon request, the department shall provide any of the entities listed in 64.5(4) “a” through “e” with a copy of the permit rationale, permit application, or proposed permit prepared pursuant to 64.5(1).

64.5(5) *Public access to NPDES information.* The records of the department connected with NPDES permits are available for public inspection and copying to the extent provided in 567—Chapter 2.

64.5(6) *Public hearings on proposed NPDES permits.* The applicant, any affected state, the regional administrator, or any interested agency, person or group of persons may request or petition for a public hearing with respect to an NPDES application. Any such request shall clearly state issues and topics to be addressed at the hearing. Any such request or petition for public hearing must be filed with the director within the 30-day period prescribed in 64.5(2) “b” and shall indicate the interest of the party filing such request and the reasons why a hearing is warranted. The director shall hold an informal and noncontested case hearing if there is a significant public interest (including the filing of requests or petitions for such hearing) in holding such a hearing. Frivolous or insubstantial requests for hearing may be denied by the director. Instances of doubt should be resolved in favor of holding the hearing. Any hearing held pursuant to this subrule shall be held in the geographical area of the proposed discharge, or other appropriate area in the discretion of the director, and may, as appropriate, consider related groups of permit applications.

64.5(7) *Public notice of public hearings on proposed NPDES permits.*

a. Public notice of any hearing held pursuant to 64.5(6) shall be circulated at least as widely as was the notice of the tentative determinations with respect to the permit application.

(1) Notice shall be published in at least one newspaper of general circulation within the geographical area of the discharge;

(2) Notice shall be sent to all persons and government agencies which received a copy of the notice for the permit application;

(3) Notice shall be mailed to any person or group upon request; and

(4) Notice pursuant to subparagraphs (1) and (2) of this paragraph shall be made at least 30 days in advance of the hearing.

b. The contents of public notice of any hearing held pursuant to 64.5(6) shall include at least the following:

(1) The name, address, and telephone number of the department;

(2) The name and address of each applicant whose application will be considered at the hearing;

(3) The name of the water body to which each discharge is made and a short description of the location of each discharge to the water body;

(4) A brief reference to the public notice issued for each NPDES application, including the date of issuance;

(5) Information regarding the time and location for the hearing;

(6) The purpose of the hearing;

(7) A concise statement of the issues raised by the person or persons requesting the hearing;

(8) The address and telephone number of the premises where interested persons may obtain further information, request a copy of the draft NPDES permit prepared pursuant to 64.5(1), request a copy of the permit rationale prepared pursuant to 64.5(3), and inspect and copy permit forms and related documents;

(9) A brief description of the nature of the hearing, including the rules and procedures to be followed; and

(10) The final date for submission of comments (paper or electronic) regarding the tentative determinations with respect to the permit application.

64.5(8) *Response to comments.* At the time a final NPDES permit is issued, the director shall issue a response to significant and pertinent comments in the form of a responsiveness summary. A copy of the responsiveness summary shall be sent to the permit applicant, and the document shall be made available to the public upon request. The responsiveness summary shall:

a. Specify which provisions, if any, of the draft permit have been changed in the final permit decision and the reasons for the changes; and

b. Briefly describe and respond to all significant and pertinent comments on the draft permit raised during the public comment period provided for in the public notice or during any hearing. Comments on a draft permit may be submitted by paper or electronic means or orally at a public hearing.

567—64.6(455B) Completing a Notice of Intent for coverage under a general permit.

64.6(1) *Contents of a complete Notice of Intent.* An applicant proposing to conduct activities covered by a general permit shall file a complete Notice of Intent by submitting to the department materials required in paragraphs “a” to “c” of this subrule except that a Notice of Intent is not required for discharges authorized under General Permit No. 6.

a. Notice of Intent Application Form. The following Notice of Intent forms must be completed in full.

(1) General Permit No. 1 “Storm Water Discharge Associated with Industrial Activity,” Form 542-1415.

(2) General Permit No. 2 “Storm Water Discharge Associated with Industrial Activity for Construction Activities,” Form 542-1415.

(3) General Permit No. 3 “Storm Water Discharge Associated with Industrial Activity from Asphalt Plants, Concrete Batch Plants, Rock Crushing Plants and Construction Sand and Gravel Facilities,” Form 542-1415.

(4) General Permit No. 4 “Discharge from On-Site Wastewater Treatment and Disposal Systems,” Form 542-1541.

(5) General Permit No. 5 “Discharge from Mining and Processing Facilities,” Form 542-4006.

(6) General Permit No. 7, “Pesticide General Permit (PGP) for Point Source Discharges to Waters of the United States From the Application of Pesticides.”

b. General permit fee. The general permit fee according to the schedule in 64.16(455B) payable to the Department of Natural Resources.

c. Public notification. The following public notification requirements must be completed for the corresponding general permit.

(1) General Permits No. 1, No. 2 and No. 3. A demonstration that a public notice was published in at least two newspapers with the largest circulation in the area in which the facility is located or the activity will occur. If a facility or activity authorized by General Permit No. 3 is to be relocated to a site not included in the original notice, a public notice need be published in only one newspaper. The newspaper notices shall, at the minimum, contain the following information:

PUBLIC NOTICE OF STORM WATER DISCHARGE

The (applicant name) plans to submit a Notice of Intent to the Iowa Department of Natural Resources to be covered under NPDES General Permit (select the appropriate general permit—No. 1 “Storm Water Discharge Associated with Industrial Activity” or General Permit No. 2 “Storm Water Discharge Associated with Industrial Activity for Construction Activities”). The storm water discharge will be from (description of industrial activity) located in (¼ section, township, range, county). Storm water will be discharged from (number) point source(s) and will be discharged to the following streams: (stream name(s)).

Comments may be submitted to the Storm Water Discharge Coordinator, IOWA DEPARTMENT OF NATURAL RESOURCES, Environmental Protection Division, 900 E. Grand Avenue, Des Moines, IA 50319-0034. The public may review the Notice of Intent from 8 a.m. to 4:30 p.m., Monday through Friday, at the above address after it has been received by the department.

(2) General Permits No. 4, No. 5, No. 6, and No. 7. There are no public notification requirements for these permits.

64.6(2) *Authorization to discharge under a general permit.* Upon the submittal of a complete Notice of Intent in accordance with 64.6(1) and 64.3(4) “b,” the applicant is authorized to discharge

after evaluation of the Notice of Intent by the department is complete and the determination has been made that the contents of the Notice of Intent satisfy the requirements of 567—Chapter 64. The discharge authorization date for all storm water discharges associated with industrial activity that are in existence on or before October 1, 1992, shall be October 1, 1992. The applicant will receive notification by the department of coverage under the general permit. If any of the items required for filing a Notice of Intent specified in 64.6(1) are missing, the department will consider the application incomplete and will notify the applicant of the incomplete items.

64.6(3) *General permit suspension or revocation.* In addition to the causes for suspension or revocation which are listed in 64.3(11), the director may suspend or revoke coverage under a general permit issued to a facility or a class of facilities for the following reasons and require the applicant to apply for an individual NPDES permit in accordance with 64.3(4) “a”:

a. The discharge would not comply with Iowa’s water quality standards pursuant to 567—Chapter 61, or

b. The department finds that the activities associated with a Notice of Intent filed with the department do not meet the conditions of the general permit. The department will notify the affected discharger and establish a deadline, not longer than one year, for submitting an individual permit application, or

c. The department finds that water well construction and well service discharge are not managed in a manner consistent with the conditions specified in General Permit No. 6, or

d. The department finds that discharges from biological pesticides and chemical pesticides which leave a residue are not managed in a manner consistent with the conditions specified in General Permit No. 7.

64.6(4) *Eligibility for individual permit holders.* A person holding an individual NPDES permit for an activity covered by a general permit may apply for coverage under a general permit upon expiration of the individual permit and by filing a Notice of Intent according to procedures described in 64.3(4) “b.”

64.6(5) *Filing a Notice of Discontinuation.* A notice to discontinue the activity covered by the NPDES general permit shall be made in writing to the department 30 days prior to or after discontinuance of the discharge. For storm water discharge associated with industrial activity for construction activities, the discharge will be considered as discontinued when “final stabilization” has been reached. Final stabilization means that all soil-disturbing activities at the site have been completed and that a uniform perennial vegetative cover with a density of 70 percent for the area has been established or equivalent stabilization measures have been employed.

The notice of discontinuation shall contain the following:

- a.* The name of the facility to which the permit was issued,
- b.* The general permit number and permit authorization number,
- c.* The date the permitted activity was, or will be, discontinued, and
- d.* A signed certification in accordance with the requirements in the general permit.

64.6(6) *Transfer of ownership—construction activity part of a larger common plan of development.* For construction activity which is part of a larger common plan of development, such as a housing or commercial development project, in the event a permittee transfers ownership of all or any part of property subject to NPDES General Permit No. 2, both the permittee and transferee shall be responsible for compliance with the provisions of the general permit for that portion of the project which has been transferred, including when the transferred property is less than one acre in area, from and after the date the department receives written notice of the transfer, provided that:

a. The transferee is notified in writing of the existence and location of the general permit and pollution prevention plan, and of the transferee’s duty to comply, and proof of such notice is included with the notice to the department of the transfer.

b. If the transferee agrees, in writing, to become the sole responsible permittee for the property which has been transferred, then the transferee shall be solely responsible for compliance with the provisions of the general permit for the transferred property from and after the date the department receives written notice of the transferee’s assumption of responsibility.

c. If the transferee agrees, in writing, to obtain coverage under NPDES General Permit No. 2 for the property which has been transferred, then the transferee is required to obtain coverage under NPDES General Permit No. 2 for the transferred property from and after the date the department receives written notice of the transferee's assumption of responsibility for permit coverage. After the transferee has agreed, in writing, to obtain coverage under NPDES General Permit No. 2 for the transferred property and the department has received written notice of the transferee's assumption of responsibility for permit coverage for the transferred property, the authorization issued under NPDES General Permit No. 2 to the transferor for the transferred property shall be considered by the department as not providing NPDES permit coverage for the transferred property and the transferor's authorization issued under NPDES General Permit No. 2 for, and only for, the transferred property, shall be deemed by the department as being discontinued without further action of the transferor.

d. All notices sent to the department as described in this subrule shall contain the name of the development as submitted to the department in the original Notice of Intent and as modified by any subsequent written notices of name changes submitted to the department, the authorization number assigned to the authorization by the department, the legal description of the transferred property including lot number, if any, and any other information necessary to precisely locate the transferred property and to establish the legality of the document.

567—64.7(455B) Terms and conditions of NPDES permits.

64.7(1) Prohibited discharges. No NPDES permit may authorize any of the discharges prohibited by 567—62.1(455B).

64.7(2) Application of effluent, pretreatment and water quality standards and other requirements. Each NPDES permit shall include any of the following that is applicable:

a. An effluent limitation guideline promulgated by the administrator under Sections 301 and 304 of the Act and adopted by reference by the commission in 567—62.4(455B).

b. A standard of performance for a new source promulgated by the administrator under Section 306 of the Act and adopted by reference by the commission in 567—62.4(455B).

c. An effluent standard, effluent prohibition or pretreatment standard promulgated by the administrator under Section 307 of the Act and adopted by reference by the commission in 567—62.4(455B) or 567—62.5(455B).

d. A water quality related effluent limitation established by the administrator pursuant to Section 302 of the Act.

e. Prior to promulgation by the administrator of applicable effluent and pretreatment standards under Sections 301, 302, 306, and 307 of the Act, such conditions as the director determines are necessary to carry out the provisions of the Act.

f. Any other limitation, including those:

(1) Necessary to meet water quality standards, treatment or pretreatment standards, or schedules of compliance established pursuant to any Iowa law or regulation, or to implement the antidegradation policy in 567—subrule 61.2(2); or

(2) Necessary to meet any other federal law or regulation; or

(3) Required to implement any applicable water quality standards; or

(4) Any legally applicable requirement necessary to implement total maximum daily loads established pursuant to Section 303(d) of the Act and incorporated in the continuing planning process approved under Section 303(e) of the Act and any regulations and guidelines issued pursuant thereto.

g. Limitations must control all pollutants or pollutant parameters which the director determines are or may be discharged at a level which will cause, have the reasonable potential to cause, or contribute to an excursion above any water quality standard, including narrative criteria, in 567—Chapter 61. When the permitting authority determines that a discharge causes, has the reasonable potential to cause, or contributes to an in-stream excursion of the water quality standard for an individual pollutant, the permit must contain effluent limits for that pollutant.

h. Any more stringent legally applicable requirements necessary to comply with a plan approved pursuant to Section 208(b) of the Act.

In any case where an NPDES permit applies to effluent standards and limitations described in paragraph “a,” “b,” “c,” “d,” “e,” “f,” “g,” or “h,” the director must state that the discharge authorized by the permit will not violate applicable water quality standards and must have prepared some verification of that statement. In any case where an NPDES permit applies any more stringent effluent limitation, described in 64.7(2) “f”(1) or “g,” based upon applicable water quality standards, a waste load allocation must be prepared to ensure that the discharge authorized by the permit is consistent with applicable water quality standards.

64.7(3) *Effluent limitations in issued NPDES permits.* In the application of effluent standards, and limitations, water quality standards, and other legally applicable requirements, pursuant to 64.7(2), the director shall, for each issued NPDES permit, specify average and maximum daily quantitative limitations for the level of pollutants in the authorized discharge in terms of weight (except pH, temperature, radiation, and any other pollutants not appropriately expressed by weight). The director may, in addition to the specification of daily quantitative limitations by weight, specify other limitations such as average or maximum concentration limits, for the level of pollutants authorized in the discharge.

[COMMENT. The manner in which effluent limitations are expressed will depend upon the nature of the discharge. Continuous discharges shall be limited by daily loading figures and, where appropriate, may be limited as to concentration or discharge rate (e.g., for toxic or highly variable continuous discharges). Batch discharges should be more particularly described and limited in terms of (i) frequency (e.g., to occur not more than once every three weeks), (ii) total weight (e.g., not to exceed 300 pounds per batch discharge), (iii) maximum rate of discharge of pollutants during the batch discharge (e.g., not to exceed 2 pounds per minute), and (iv) prohibition or limitation by weight, concentration, or other appropriate measure of specified pollutants (e.g., shall not contain at any time more than 0.1 ppm zinc or more than ¼ pound of zinc in any batch discharge). Other intermittent discharges, such as recirculation blowdown, should be particularly limited to comply with any applicable water quality standards and effluent standards and limitations.]

64.7(4) *Schedules of compliance in issued NPDES permits.* The director shall follow the following procedure in setting schedules in NPDES permit conditions to achieve compliance with applicable effluent standards and limitations, water quality standards, and other legally applicable requirements.

a. With respect to any discharge which is not in compliance with applicable effluent standards and limitations, applicable water quality standards, or other legally applicable requirements listed in 64.7(2) “f” and 64.7(2) “g,” the permittee shall be required to take specific steps to achieve compliance with: applicable effluent standards and limitations; if more stringent, water quality standards; or if more stringent, legally applicable requirements listed in 64.7(2) “f” and 64.7(2) “g.” In the absence of any legally applicable schedule of compliance, such steps shall be achieved in the shortest, reasonable period of time, such period to be consistent with the guidelines and requirements of the Act.

b. In any case where the period of time for compliance specified in paragraph “a” of this subrule exceeds nine months, a schedule of compliance shall be specified in the permit which will set forth interim requirements and the dates for their achievement; in no event shall more than nine months elapse between interim dates. If the time necessary for completion of the interim requirements (such as the construction of a treatment facility) is more than nine months and is not readily divided into stages for completion, interim dates shall be specified for the submission of reports of progress toward completion of the interim requirement.

[COMMENT. Certain interim requirements such as the submission of preliminary or final plans often require less than nine months and thus a shorter interval should be specified. Other requirements such as the construction of treatment facilities may require several years for completion and may not readily subdivide into nine-month intervals. Long-term interim requirements should nonetheless be subdivided into intervals not longer than nine months at which the permittee is required to report progress to the director pursuant to 64.7(4) “c.”]

c. Either before or up to 14 days following each interim date and the final date of compliance the permittee shall provide the department with written notice of the permittee's compliance or noncompliance with the interim or final requirement.

d. On the last day of the months of February, May, August, and November the director shall transmit to the regional administrator a list of all instances, as of 30 days prior to the date of such report, of failure or refusal of a permittee to comply with an interim or final requirement or to notify the department of compliance or noncompliance with each interim or final requirement (as required pursuant to paragraph "b" of this subrule). Such list shall be available to the public for inspection and copying and shall contain at least the following information with respect to each instance of noncompliance:

- (1) Name and address of each noncomplying permittee.
- (2) A short description of each instance of noncompliance (e.g., failure to submit preliminary plans, two-week delay in commencement of construction of treatment facility; failure to notify of compliance with interim requirement to complete construction by June 30).
- (3) A short description of any actions or proposed actions by the permittee to comply or by the director to enforce compliance with the interim or final requirement.
- (4) Any details which tend to explain or mitigate an instance of noncompliance with an interim or final requirement (e.g., construction delayed due to materials shortage, plan approval delayed by objections).

e. If a permittee fails or refuses to comply with an interim or final requirement in an NPDES permit such noncompliance shall constitute a violation of the permit for which the director may, pursuant to 567—Chapters 7 and 60, modify, suspend or revoke the permit or take direct enforcement action.

64.7(5) *Other terms and conditions of issued NPDES permits.* Each issued NPDES permit shall provide for and ensure the following:

a. That all discharges authorized by the NPDES permit shall be consistent with the terms and conditions of the permit; that facility expansions, production increases, or process modifications which result in new or increased discharges of pollutants must be reported by submission of a new NPDES application or, if such discharge does not violate effluent limitations specified in the NPDES permit, by submission to the director of notice of such new or increased discharges of pollutants; that the discharge of any pollutant more frequently than or at a level in excess of that identified and authorized by the permit shall constitute a violation of the terms and conditions of the permit; that if the terms and conditions of a general permit are no longer applicable to a discharge, the applicant shall apply for an individual NPDES permit;

b. That the permit may be amended, revoked and reissued, or terminated in whole or in part for the causes provided in 64.3(11) "b."

c. That the permittee shall permit the director or the director's authorized representative upon the presentation of credentials:

- (1) To enter upon permittee's premises in which an effluent source is located or in which any records are required to be kept under terms and conditions of the permit;
- (2) To have access to and copy any records required to be kept under terms and conditions of the permit;
- (3) To inspect any monitoring equipment or method required in the permit; or
- (4) To sample any discharge of pollutants.

d. That, if the permit is for a discharge from a publicly owned treatment works, the permittee shall provide notice to the director of the following:

- (1) One hundred eighty days in advance of any new introduction of pollutants into such treatment works from a new source as defined in 567—Chapter 60 if such source were discharging pollutants;
- (2) Except as specified below, 180 days in advance of any new introduction of pollutants into such treatment works from a source which would be subject to Section 301 of the Act if such source were discharging pollutants. However, the connection of such a source need not be reported if the source contributes less than 25,000 gallons of process wastewater per day at the average discharge, or contributes less than 5 percent of the organic or hydraulic loading of the treatment facility, or is not subject to a federal

pretreatment standard adopted by reference in 567—Chapter 62, or does not contribute pollutants that may cause interference or pass through; and

(3) Sixty days in advance of any substantial change in volume or character of pollutants being introduced into such treatment works by a source introducing pollutants into such works at the time of issuance of the permit.

Such notice shall include information on the quality and quantity of effluent to be introduced into such treatment works and any anticipated impact of such change in the quantity or quality of effluent to be discharged from such publicly owned treatment works.

e. That, if the permit is for a discharge from a publicly owned treatment works, the permittee shall require any industrial user of such treatment works to comply with the requirements of Sections 204(b), 307, and 308 of the Act. As a means of ensuring such compliance, the permittee shall require that each industrial user subject to the requirements of Section 307 of the Act give to the permittee periodic notice (over intervals not to exceed six months) of progress toward full compliance with Section 307 requirements. The permittee shall forward a copy of the notice to the director.

f. That the permittee at all times shall maintain in good working order and operate as efficiently as possible any facilities or systems of treatment and control which have been installed or are used by the permittee to achieve compliance with the terms and conditions of the permit. Proper operation and maintenance also include adequate laboratory control and appropriate quality assurance procedures. This provision requires the operation of backup or auxiliary facilities or similar systems which have been installed by the permittee only when such operation is necessary to achieve compliance with the conditions of the permit.

g. That if a toxic effluent standard or prohibition (including any schedule of compliance specified in such effluent standard or prohibition) is established under Section 307(a) of the Act for a toxic pollutant which is present in the permittee's discharge and such standard or prohibition is more stringent than any limitation upon such pollutant in the NPDES permit, the director shall revise or modify the permit in accordance with the toxic effluent standard or prohibition and so notify the permittee.

h. If an applicant for an NPDES permit proposes to dispose of pollutants into wells as part of a program to meet the proposed terms and conditions of an NPDES permit, the director shall specify additional terms and conditions of the issued NPDES permit which shall prohibit the proposed disposal or control the proposed disposal in order to prevent pollution of ground and surface water resources and to protect the public health and welfare. (See rule 567—62.9(455B) which prohibits the disposal of pollutants, other than heat, into wells within Iowa.)

i. That the permittee shall take all reasonable steps to minimize or prevent any discharge in violation of the permit which has a reasonable likelihood of adversely affecting human health or the environment.

j. It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the terms of this permit.

64.7(6) POTW compliance—plan of action required. The owner of a publicly owned treatment works (POTW) must prepare and implement a plan of action to achieve and maintain compliance with final effluent limitations in its NPDES permit, as specified below:

a. The director shall notify the owner of a POTW of the plan of action requirement, and of an opportunity to meet with department staff to discuss the plan of action requirements. The POTW owner shall submit a plan of action to the appropriate regional field office of the department within six months of such notice, unless a longer time is needed and is authorized in writing by the director.

b. The plan of action will vary in length and complexity depending on the compliance history and physical status of the particular POTW. It must identify the deficiencies and needs of the system, describe the causes of such deficiencies or needs, propose specific measures (including an implementation schedule) that will be taken to correct the deficiencies or meet the needs, and discuss the method of financing the improvements proposed in the plan of action.

The plan may provide for a phased construction approach to meet interim and final limitations, where financing is such that a long-term project is necessary to meet final limitations, and shorter term projects may provide incremental benefits to water quality in the interim.

Information on the purpose and preparation of the plan can be found in the departmental document entitled "Guidance on Preparing a Plan of Action," available from the department's regional field offices.

c. Upon submission of a complete plan of action to the department, the plan should be reviewed and approved or disapproved within 60 days unless a longer time is required and the POTW owner is so notified.

d. The NPDES permit for the facility shall be amended to include the implementation schedule or other actions developed through the plan to achieve and maintain compliance.

This rule is intended to implement Iowa Code chapter 455B, division III, part 1 (455B.171 to 455B.187).

567—64.8(455B) Reissuance of operation and NPDES permits.

64.8(1) *Individual operation and NPDES permits.* Individual operation and NPDES permits will be reissued according to the procedures identified in 64.8(1) "a" to "c."

a. Any operation or NPDES permittee who wishes to continue to discharge after the expiration date of the permit shall file an application for reissuance of the permit at least 180 days prior to the expiration of the permit pursuant to 567—60.4(455B). For a POTW, permission to submit an application at a later date may be granted by the director. In addition, the applicant must submit or have submitted information to show:

(1) That the permittee is in compliance or has substantially complied with all the terms, conditions, requirements and schedules of compliance of the expiring operation or NPDES permit.

(2) Up-to-date information on the permittee's production levels, permittee's waste treatment practices, nature, contents, and frequency of permittee's discharge.

(3) That the discharge is consistent with applicable effluent standards and limitations, water quality standards and other legally applicable requirements listed in 64.7(2), including any additions to, or revision or modifications of, such effluent standards and limitations, water quality standards, or other legally applicable requirements during the term of the permit.

b. The director shall follow the notice and public participation procedures specified in 64.5(455B) in connection with each request for reissuance of an NPDES permit.

c. Notwithstanding any other provision in these rules, any new point source the construction of which is commenced after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 (October 18, 1972) and which is so constructed as to meet all applicable standards of performance for new sources shall not be subject to any more stringent standard of performance during a ten-year period beginning on the date of completion of such construction or during the period of depreciation or amortization of such facility for the purposes of Section 167 or 169 (or both) of the Internal Revenue Code, as amended through December 31, 1976, whichever period ends first.

64.8(2) *Renewal of coverage under a general permit.* Coverage under a general permit will be renewed subject to the terms and conditions in paragraphs "a" to "d."

a. If a permittee intends to continue an activity covered by a general permit beyond the expiration date of the general permit, the permittee must reapply and submit a complete Notice of Intent in accordance with 64.6(1).

b. A complete Notice of Intent for coverage under a reissued or renewed general permit must be submitted to the department within 180 days after the expiration date of a general permit.

c. A person holding a general permit is subject to the terms of the permit until it expires or a Notice of Discontinuation is submitted in accordance with 64.6(5). If the person holding a general permit continues the activity beyond the expiration date, the conditions of the expired general permit will remain in effect provided the permittee submits a complete Notice of Intent for coverage under a renewed or reissued general permit within 180 days after the expiration date of the expired general permit. If the person continues an activity for which the general permit has expired and the general permit has not been

reissued or renewed, the discharge must be permitted with an individual NPDES permit according to the procedures in 64.3(4) "a."

d. The Notice of Intent requirements shall not include a public notification when a general permit has been reissued or renewed provided the permittee has already submitted a complete Notice of Intent including the public notification requirements of 64.6(1). Another public notice is required when any information, including facility location, in the original public notice is changed.

64.8(3) Continuation of expiring operation and NPDES permits.

a. The conditions of an expired operation or NPDES permit will continue in force until the effective date of a new permit if:

- (1) The permittee has submitted a complete application under 60.4(2); and
- (2) The department, through no fault of the permittee, does not issue a new permit with an effective date on or before the expiration date of the previous permit.

b. Operation and NPDES permits continued under this subrule remain fully effective and enforceable.

c. If a permittee is not in compliance with the conditions of the expiring or expired permit, the department may choose to do any of the following:

- (1) Initiate enforcement action on the permit which has been continued;
- (2) Issue a notice of intent to deny a permit under 64.5(1);
- (3) Reissue a permit with appropriate conditions in accordance with this subrule; or
- (4) Take other actions authorized by this rule.

567—64.11 and 64.12 Reserved.

567—64.13(455B) Storm water discharges.

64.13(1) The following is adopted by reference: 40 CFR 122.26.

64.13(2) Small municipal separate storm sewer systems.

a. For any discharge from a regulated small municipal separate storm sewer system (MS4), the permit application must be submitted no later than March 10, 2003, if designated under this subrule.

b. All MS4s located in urbanized areas as defined by the latest decennial census and all MS4s which serve 10,000 people or more located outside urbanized areas and where the average population density is 1,000 people/square mile or more are regulated small MS4s unless waiver criteria established by the department are met and a waiver has been granted by the department.

c. Permit coverage requirements for MS4s located in urbanized areas and serving 1,000 or more people and fewer than 10,000 people may be waived if the following requirements are met:

(1) The department has evaluated all waters of the United States that receive a discharge from the MS4, and for all such waters, the department has determined that storm water controls are not needed based on wasteload allocations that are part of an EPA approved or established total maximum daily load (TMDL) that addresses the pollutants of concern or, if a TMDL has not been developed or approved, an equivalent analysis that determines sources and allocations for the pollutants of concern. The pollutants of concern include biochemical oxygen demand, sediment or a parameter that addresses sediment (total suspended solids, turbidity or siltation), pathogens, oil and grease, and any pollutant that has been identified as a cause of impairment of any water body that will receive a discharge from the MS4.

(2) The department has determined that future discharges from the MS4 do not have the potential to result in exceedances of water quality standards, including impairment of designated uses or other significant water quality impacts including habitat and biological impacts.

d. Permit coverage requirements for MS4s located in urbanized areas and serving fewer than 1,000 people may be waived if the following requirements are met:

(1) The system is not contributing substantially to the pollutant loadings of a physically interconnected MS4 that is regulated by the NPDES storm water program.

(2) The MS4 discharges any pollutants that have been identified as a cause of impairment of any water body to which the MS4 discharges and the department has determined that storm water controls are not needed based upon wasteload allocations that are a part of an EPA approved or established TMDL that addresses the pollutants of concern.

e. Permit coverage requirements for MS4s located outside of urbanized areas and serving 10,000 or more people may be waived if the following criterion is met:

The MS4 is not discharging pollutants which are the cause of the impairment to a water body designated by the department as impaired.

f. Should conditions under which the initial waiver was granted change, the waiver may be rescinded by the department and permit coverage may be required.

g. MS4 applications shall, at a minimum, demonstrate in what manner the applicant will develop, implement and enforce a storm water management program designed to reduce the discharge of pollutants from the MS4 to the maximum extent practicable, to protect water quality and to satisfy the appropriate water quality requirements of the Clean Water Act. The manner in which the permittee will address the following items must be addressed in the application: public education and outreach on storm water impacts, public involvement and participation, illicit discharge detection and elimination, construction site storm water runoff control, postconstruction storm water management in new development and redevelopment, and pollution prevention for municipal operations. Measurable goals which the applicant intends to meet and dates by which the goals will be accomplished shall be included with the application.

64.13(3) Waivers for storm water discharge associated with small construction activity. The director may waive the otherwise applicable requirements in a general permit for storm water discharge from small construction activities as defined in 567—Chapter 60 when:

a. The value of the rainfall erosivity factor (“R” in the Revised Universal Soil Loss Equation) is less than 5 during the period of construction activity. The rainfall erosivity factor is determined in accordance with Chapter 2 of Agriculture Handbook Number 703, Predicting Soil Erosion by Water: A Guide to Conservation Planning With the Revised Universal Soil Loss Equation (RUSLE), pages 21-64, dated January 1997; or

b. Storm water controls are not needed based on a TMDL approved or established by the EPA that addresses the pollutant(s) of concern or, for nonimpaired waters that do not require TMDLs, an equivalent analysis that determines allocations for small construction sites for the pollutant(s) of concern or that determines that such allocations are not needed to protect water quality based on consideration of existing in-stream concentrations, expected growth in pollutant contributions from all sources, and a margin of safety. The pollutant(s) of concern includes sediment or a parameter that addresses sediment (such as total suspended solids, turbidity or siltation) and any other pollutant that has been identified as a cause of impairment of any water body that will receive a discharge from the construction activity.

[ARC 7625B, IAB 3/11/09, effective 4/15/09]

567—64.14(455B) Transfer of title or owner address change. If title to any disposal system or part thereof for which a permit has been issued under 64.2(455B), 64.3(455B) or 64.6(455B) is transferred, the new owners shall be subject to all terms and conditions of said permit. Whenever title to a disposal system or part thereof is changed, the department shall be notified in writing of such change within 30 days of the occurrence. No transfer of the authorization to discharge from the facility represented by the permit shall take place prior to notifying the department of the transfer of title. Whenever the address of the owner is changed, the department shall be notified in writing within 30 days of the address change.

Electronic notification is not sufficient; all title transfers or address changes must be reported to the department by mail.

Rules 567—64.3(455B) to 64.14(455B) are intended to implement Iowa Code section 455B.173.

567—64.15(455B) General permits issued by the department. The following is a list of general permits adopted by the department through the Administrative Procedure Act, Iowa Code chapter 17A, and the term of each permit.

64.15(1) Storm Water Discharge Associated with Industrial Activity, NPDES General Permit No. 1, effective October 1, 2007, to October 1, 2012. Facilities assigned Standard Industrial Classification 1442, 2951, or 3273, and those facilities assigned Standard Industrial Classification 1422 or 1423 which are engaged primarily in rock crushing are not eligible for coverage under General Permit No. 1.

64.15(2) Storm Water Discharge Associated with Industrial Activity for Construction Activities, NPDES General Permit No. 2, effective October 1, 2007, to October 1, 2012.

a. Part I, provision B, section 1, paragraph A of General Permit No. 2 is amended to read as follows:

Except for discharges identified under Parts I.B.2. and I.B.3., this permit may authorize the discharge of storm water associated with industrial activity from construction sites, (those sites or common plans of development or sale that will result in the disturbance of one or more acres of total land area),

b. Part VIII, under the definition: Storm water discharge associated with industrial activity, paragraph (x) of General Permit No. 2 is amended to read as follows:

Construction activity including clearing, grading and excavation activities except: operations that result in the disturbance of less than one acre of total land area which is not part of a larger common plan of development or sale.

64.15(3) Storm Water Discharge Associated with Industrial Activity from Asphalt Plants, Concrete Batch Plants, Rock Crushing Plants, and Construction Sand and Gravel Facilities, NPDES General Permit No. 3, effective October 1, 2007, to October 1, 2012. General Permit No. 3 authorizes storm water discharges from facilities primarily engaged in manufacturing asphalt paving mixtures and which are classified under Standard Industrial Classification 2951, primarily engaged in manufacturing Portland cement concrete and which are classified under Standard Industrial Classification 3273, those facilities assigned Standard Industrial Classification 1422 or 1423 which are primarily engaged in the crushing, grinding or pulverizing of limestone or granite, and construction sand and gravel facilities which are classified under Standard Industrial Classification 1442. General Permit No. 3 does not authorize the discharge of water resulting from dewatering activities at rock quarries.

64.15(4) “Discharge from Private Sewage Disposal Systems,” NPDES General Permit No. 4, effective March 18, 2009, to March 17, 2011.

64.15(5) “Discharge from Mining and Processing Facilities,” NPDES General Permit No. 5, effective July 18, 2001.

64.15(6) “Discharge Associated with Well Construction Activities,” NPDES General Permit No. 6, effective March 17, 2010, to February 28, 2015.

64.15(7) “Pesticide General Permit (PGP) for Point Source Discharges to Waters of the United States From the Application of Pesticides,” NPDES General Permit No. 7, effective March 30, 2011, to March 29, 2016.

[ARC 7569B, IAB 2/11/09, effective 3/18/09; ARC 8520B, IAB 2/10/10, effective 3/17/10; ARC 9365B, IAB 2/9/11, effective 3/30/11]

567—64.16(455B) Fees.

64.16(1) A person who applies for an individual permit or coverage under a general permit to construct, install, modify or operate a disposal system shall submit along with the application an application fee or a permit fee or both as specified in 64.16(3). Certain individual facilities shall also be required to submit annual fees as specified in 64.16(3) “b.” Fees shall be assessed based on the type of permit coverage the applicant requests, either as general permit coverage or as an individual permit. For a construction permit, an application fee must be submitted with the application. For General Permits

Nos. 1, 2, 3 and 5, the applicant has the option of paying an annual permit fee or a multiyear permit fee at the time the Notice of Intent for coverage is submitted.

For individual storm water only permits, a one-time, multiyear permit fee must be submitted at the time of application. A storm water only permit is defined as an NPDES permit that authorizes the discharge of only storm water and any allowable non-storm water as defined in the permit. For all other non-storm water NPDES permits and operation permits, the applicant must submit an application fee at the time of application and the appropriate annual fee on a yearly basis. A non-storm water NPDES permit is defined as any individual NPDES permit or operation permit issued to a municipality, industry, semipublic entity, or animal feeding operation that is not an individual storm water only permit. If a facility needs coverage under more than one NPDES permit, fees for each permit must be submitted appropriately.

Fees are nontransferable. If the application is returned to the applicant by the department, the permit fee will be returned. No fees will be returned if the permit or permit coverage is suspended, revoked, or modified, or if the activity is discontinued. Failure to submit the appropriate fee at the time of application renders the application incomplete, and the department shall suspend processing of the application until the fee is received. Failure to submit the appropriate annual fee may result in revocation or suspension of the permit as noted in 64.3(11) "f."

64.16(2) Payment of fees. Fees shall be paid by check or money order made payable to the "Iowa Department of Natural Resources."

For facilities needing coverage under both a storm water only permit and a non-storm water NPDES permit, separate payments shall be made according to the fee schedule in 64.16(3).

64.16(3) Fee schedule. The following fees have been adopted:

a. For coverage under the NPDES general permits, the following fees apply:

(1) Storm Water Discharges Associated with Industrial Activity, NPDES General Permit No. 1.

Annual Permit Fee	\$175(per year)
or	
Five-year Permit Fee	\$700
Four-year Permit Fee	\$525
Three-year Permit Fee	\$350

All fees are to be submitted with the Notice of Intent for coverage under the general permit.

(2) Storm Water Discharge Associated with Industrial Activity for Construction Activities, NPDES General Permit No. 2. The fees are the same as those specified for General Permit No. 1 in subparagraph (1) of this paragraph.

(3) Storm Water Discharge Associated with Industrial Activity from Asphalt Plants, Concrete Batch Plants, and Rock Crushing Plants, NPDES General Permit No. 3. The fees are the same as those specified for General Permit No. 1 in subparagraph (1) of this paragraph.

(4) Discharge from Private Sewage Disposal Systems, NPDES Permit No. 4. No fees shall be assessed.

(5) Discharge from Mining and Processing Facilities, NPDES General Permit No. 5. Fees as established in Iowa Code section 455B.197 are to be submitted by August 30 of every year unless a multiyear fee payment was received in an earlier year. New facilities seeking General Permit No. 5 coverage shall submit fees with the Notice of Intent for coverage. Maximum coverage is five years, four years, three years, and one year, respectively. In the event a facility is no longer eligible to be covered under General Permit No. 5, the remainder of the fees previously paid by the facility shall be applied toward its individual permit fees.

b. Individual NPDES and operation permit fees. The following fees are applicable for the described individual NPDES permit:

(1) For permits that authorize the discharge of only storm water associated with industrial activity and any allowable non-storm water, a five-year permit fee of \$1,250 must accompany the application.

(2) For permits that authorize the discharge of only storm water from municipal separate storm sewer systems and any allowable non-storm water, a five-year permit fee of \$1,250 must accompany the application.

(3) For operation and non-storm water NPDES permits not subject to subparagraphs (1) and (2), a single application fee of \$85 as established in Iowa Code section 455B.197 is due at the time of application. The application fee is to be submitted with the application forms (as required by 567—Chapter 60) at the time of a new application, renewal application, or amendment application. Before an approved amendment request submitted by a facility holding a non-storm water NPDES permit can be processed by the department, the application fee must be submitted. Application fees will not be charged to facilities holding non-storm water NPDES permits when an amendment request is initiated by the director, when the requested amendment will correct an error in the permit, or when there is a transfer of title or change in the address of the owner as noted in 64.14(455B).

(4) For every major and minor municipal facility, every semipublic facility, every major and minor industrial facility, every facility that holds an operation permit (no wastewater discharge into surface waters), and every open feedlot animal feeding operation required to hold a non-storm water NPDES permit, an annual fee as established in Iowa Code section 455B.197 is due by August 30 of each year.

(5) For every municipal water treatment facility with a non-storm water NPDES permit, no fee is charged (as established in Iowa Code section 455B.197).

(6) For a new facility, an annual fee as established in Iowa Code section 455B.197 is due 30 days after the new permit is issued.

c. Wastewater construction permit fees. A single construction permit fee as established in Iowa Code section 455B.197 is due at the time of construction permit application submission.

64.16(4) Fee refunds for storm water general permit coverage—pilot project. Rescinded IAB 10/16/02, effective 11/20/02.

64.16(5) “Discharge Associated with Well Construction Activities,” NPDES General Permit No. 6. No fees shall be assessed.

64.16(6) “Pesticide General Permit (PGP) for Point Source Discharges to Waters of the United States From the Application of Pesticides,” NPDES General Permit No. 7. No fees shall be assessed.

[Editorial change: IAC Supplement 2/11/09; **ARC 7625B**, IAB 3/11/09, effective 4/15/09; **ARC 8520B**, IAB 2/10/10, effective 3/17/10; **ARC 9365B**, IAB 2/9/11, effective 3/30/11]

567—64.17(455B) Validity of rules. If any section, paragraph, sentence, clause, phrase or word of these rules, or any part thereof, be declared unconstitutional or invalid for any reason, the remainder of said rules shall not be affected thereby and shall remain in full force and effect.

567—64.18(455B) Applicability. This chapter shall apply to all waste disposal systems treating or intending to treat sewage, industrial waste, or other waste except waste resulting from livestock or poultry operations. All livestock and poultry operations constituting animal feeding operations as defined in 567—Chapter 65 shall be governed by the requirements contained in Chapter 65. However, if an animal feeding operation is required to apply for and obtain an NPDES permit, the provisions of this chapter relating to notice and public participation, to the terms and conditions of the permit, to the reissuance of the permit and to monitoring, reporting and record-keeping activities shall apply.

These rules are intended to implement Iowa Code chapter 455B, division III, part 1.

- 33.30(17A,272C) Decisions
- 33.31(17A,272C) Client notification
- 33.32(17A,272C) Application for rehearing
- 33.33(17A) Stays of board actions
- 33.34(17A) No factual dispute contested cases
- 33.35(17A) Emergency adjudicative proceedings
- 33.36(17A,105,272C) License denial
- 33.37(17A,105,272C) Denial of application to renew license
- 33.38(105,272C) Recovery of hearing fees and expenses
- 33.39(17A) Judicial review
- 33.40(17A,272C) Reinstatement

CHAPTER 34

PLUMBING AND MECHANICAL SYSTEMS BOARD—COMPLAINTS AND INVESTIGATIONS

- 34.1(272C) Complaints
- 34.2(272C) Report of malpractice claims or actions or disciplinary actions
- 34.3(272C) Report of acts or omissions
- 34.4(272C) Investigation of complaints or reports
- 34.5(17A,272C) Issuance of investigatory subpoenas
- 34.6(272C) Peer review committees
- 34.7(17A) Appearance

CHAPTER 35

PLUMBING AND MECHANICAL SYSTEMS BOARD—LICENSURE OF NONRESIDENT APPLICANT—RECIPROCITY

- 35.1(105) Definition
- 35.2(105) Reciprocity agreements
- 35.3(105) Application by reciprocity

CHAPTER 36

PLUMBING AND MECHANICAL SYSTEMS BOARD—PETITIONS FOR RULE MAKING

- 36.1(17A) Petition for rule making
- 36.3(17A) Inquiries

CHAPTER 37

BREAST AND CERVICAL CANCER EARLY DETECTION PROGRAM

- 37.1(135) Definitions
- 37.2(135) Components of the IA BCCEDP
- 37.3(135) Client eligibility criteria
- 37.4(135) Client application procedures for IA BCCEDP services
- 37.5(135) Priority for program expenditures
- 37.6(135) Right to appeal
- 37.7(135) Verification for breast or cervical cancer treatment (BCCT) option of Medicaid

CHAPTER 38

GENERAL PROVISIONS FOR RADIATION MACHINES AND RADIOACTIVE MATERIALS

- 38.1(136C) Purpose and scope
- 38.2(136C) Definitions
- 38.3(136C) Exemptions from the regulatory requirements
- 38.4(136C) General regulatory requirements
- 38.5 Reserved

38.6(136C)	Prohibited uses
38.7(136C)	Communications
38.8(136C)	Fees
38.9(136C)	Administrative enforcement actions
38.10(136C)	Deliberate misconduct

CHAPTER 39

REGISTRATION OF RADIATION MACHINE FACILITIES, LICENSURE OF RADIOACTIVE MATERIALS AND TRANSPORTATION OF RADIOACTIVE MATERIALS

39.1(136C)	Purpose and scope
39.2(136C)	Definitions
39.3(136C)	Requirements for registration of X-ray and other electronic machines that produce radiation
39.4(136C)	Requirements for licensing of radioactive materials
39.5(136C)	Transportation of radioactive material

CHAPTER 40

STANDARDS FOR PROTECTION AGAINST RADIATION

GENERAL PROVISIONS

40.1(136C)	Purpose and scope
40.2(136C)	Definitions
40.3(136C)	Implementation
40.4 to 40.9	Reserved

RADIATION PROTECTION PROGRAMS

40.10(136C)	Radiation protection programs
40.11 to 40.14	Reserved

OCCUPATIONAL DOSE LIMITS

40.15(136C)	Occupational dose limits for adults
40.16(136C)	Compliance with requirements for summation of external and internal doses
40.17(136C)	Determination of external dose from airborne radioactive material
40.18(136C)	Determination of internal exposure
40.19(136C)	Determination of prior occupational dose
40.20(136C)	Planned special exposures
40.21(136C)	Occupational dose limits for minors
40.22(136C)	Dose equivalent to an embryo/fetus
40.23 to 40.25	Reserved

RADIATION DOSE LIMITS FOR INDIVIDUAL MEMBERS OF THE PUBLIC

40.26(136C)	Dose limits for individual members of the public
40.27(136C)	Compliance with dose limits for individual members of the public

RADIOLOGICAL CRITERIA FOR LICENSE TERMINATION

40.28(136C)	Radiological criteria for license termination
40.29(136C)	Radiological criteria for unrestricted use
40.30(136C)	Criteria for license termination under restricted conditions
40.31(136C)	Alternate criteria for license termination

TESTING FOR LEAKAGE OR CONTAMINATION OF SEALED SOURCES

40.32(136C)	Testing for leakage or contamination of sealed sources
40.33 to 40.35	Reserved

SURVEYS AND MONITORING

- 40.36(136C) Surveys and monitoring—general
- 40.37(136C) Conditions requiring individual monitoring of external and internal occupational dose
- 40.38 to 40.41 Reserved

CONTROL OF EXPOSURE FROM EXTERNAL SOURCES IN RESTRICTED AREAS

- 40.42(136C) Control of access to high radiation areas
- 40.43(136C) Control of access to very high radiation areas
- 40.44(136C) Control of access to very high radiation areas—irradiators
- 40.45 to 40.47 Reserved

RESPIRATORY PROTECTION AND CONTROLS TO RESTRICT
INTERNAL EXPOSURE IN RESTRICTED AREAS

- 40.48(136C) Use of process or other engineering controls
- 40.49(136C) Use of other controls
- 40.50(136C) Use of individual respiratory protection equipment
- 40.51 to 40.53 Reserved

STORAGE AND CONTROL OF LICENSED OR REGISTERED
SOURCES OF RADIATION

- 40.54(136C) Security and control of licensed radioactive material in quantities of concern
- 40.55(136C) Security and control of licensed or registered sources of radiation
- 40.56(136C) Control of sources of radiation not in storage
- 40.57 to 40.59 Reserved

PRECAUTIONARY PROCEDURES

- 40.60(136C) Caution signs
- 40.61(136C) Posting requirements
- 40.62(136C) Exceptions to posting requirements
- 40.63(136C) Labeling containers and radiation machines
- 40.64(136C) Exemptions to labeling requirements
- 40.65(136C) Procedures for receiving and opening packages
- 40.66 to 40.69 Reserved

WASTE DISPOSAL

- 40.70(136C) General requirements
- 40.71(136C) Method for obtaining approval of proposed disposal procedures
- 40.72(136C) Disposal by release into sanitary sewerage
- 40.73(136C) Treatment or disposal by incineration
- 40.74(136C) Disposal of specific wastes
- 40.75(136C) Transfer for disposal and manifests
- 40.76(136C) Compliance with environmental and health protection regulations
- 40.77(136C) Disposal of certain by-product material
- 40.78 and 40.79 Reserved

RECORDS

- 40.80(136C) General provisions
- 40.81(136C) Records of radiation protection programs
- 40.82(136C) Records of surveys
- 40.83(136C) Records of tests for leakage or contamination of sealed sources
- 40.84(136C) Records of prior occupational dose
- 40.85(136C) Records of planned special exposures
- 40.86(136C) Records of individual monitoring results
- 40.87(136C) Records of dose to individual members of the public
- 40.88(136C) Records of waste disposal

40.89(136C)	Records of testing entry control devices for very high radiation areas
40.90(136C)	Form of records
40.91 to 40.94	Reserved

REPORTS

40.95(136C)	Reports of stolen, lost, or missing licensed or registered sources of radiation
40.96(136C)	Notification of incidents
40.97(136C)	Reports of exposures, radiation levels, and concentrations of radioactive material exceeding the constraints or limits
40.98(136C)	Reports of planned special exposures
40.99(136C)	Reports of transactions involving nationally tracked sources
40.100(136C)	Reports of individual monitoring
40.101(136C)	Notifications and reports to individuals
40.102(136C)	Reports of leaking or contaminated sealed sources
40.103 and 40.104	Reserved

ADDITIONAL REQUIREMENTS

40.105(136C)	Vacating premises
40.106 to 40.109	Reserved

NOTICES, INSTRUCTIONS, AND REPORTS TO WORKERS; INSPECTIONS

40.110(136C)	Posting of notices to workers
40.111(136C)	Instructions to workers
40.112(136C)	Notifications and reports to individuals
40.113(136C)	Presence of representatives of licensees or registrants and workers during inspection
40.114(136C)	Consultation with workers during inspections
40.115(136C)	Requests by workers for inspections
40.116(136C)	Inspections not warranted—informal review
40.117(136C)	Employee protection

CHAPTER 41

SAFETY REQUIREMENTS FOR THE USE OF
RADIATION MACHINES AND CERTAIN USES
OF RADIOACTIVE MATERIALS

41.1(136C)	X-rays in the healing arts
41.2(136C)	Use of radionuclides in the healing arts
41.3(136C)	Therapeutic use of radiation machines
41.4 and 41.5	Reserved
41.6(136C)	X-ray machines used for screening and diagnostic mammography
41.7(136C)	X-ray machines used for stereotactically guided breast biopsy

CHAPTER 42

MINIMUM CERTIFICATION STANDARDS FOR DIAGNOSTIC RADIOGRAPHERS,
NUCLEAR MEDICINE TECHNOLOGISTS, AND RADIATION THERAPISTS

42.1(136C)	Purpose and scope
42.2(136C)	General requirements
42.3(136C)	Specific requirements for diagnostic radiographers
42.4(136C)	Specific requirements for nuclear medicine technologists
42.5(136C)	Specific requirements for radiation therapists
42.6(136C)	Specific eligibility requirements for radiologist assistant
42.7(136C)	Specific requirements for podiatric radiographers

CHAPTER 43

MINIMUM REQUIREMENTS FOR RADON TESTING AND ANALYSIS

- 43.1(136B) Purpose and scope
- 43.2(136B) Definitions
- 43.3(136B) General provisions
- 43.4(136B) Application for certification
- 43.5(136B) Revocation of certification
- 43.6(136B) Reporting requirements
- 43.7(136B) Training and continuing education programs
- 43.8(136B) Exemptions
- 43.9(136B) Enforcement
- 43.10(136B) Penalties
- 43.11(136B) Persons exempted from certification

CHAPTER 44

MINIMUM REQUIREMENTS FOR RADON MITIGATION

- 44.1(136B) Purpose and scope
- 44.2(136B) Definitions
- 44.3(136B) General provisions
- 44.4(136B) Application for credentialing
- 44.5(136B) Revocation of credentialing
- 44.6(136B) Additional record-keeping requirements
- 44.7(136B) Continuing education
- 44.8(136B) Exemptions
- 44.9(136B) Enforcement
- 44.10(136B) Penalties

CHAPTER 45

RADIATION SAFETY REQUIREMENTS FOR INDUSTRIAL
RADIOGRAPHIC OPERATIONS

- 45.1(136C) General requirements for industrial radiography operations
- 45.2(136C) Radiation safety requirements for the use of radiation machines in industrial radiography
- 45.3(136C) Radiation safety requirements for use of sealed sources of radiation in industrial radiography
- 45.4(136C) Radiation safety requirements for the use of particle accelerators for nonhuman use
- 45.5(136C) Radiation safety requirements for analytical X-ray equipment
- 45.6(136C) Radiation safety requirements for well-logging, wireline service operations and subsurface tracer studies

CHAPTER 46

MINIMUM REQUIREMENTS FOR TANNING FACILITIES

- 46.1(136D) Purpose and scope
- 46.2(136D) Definitions
- 46.3(136D) Exemptions
- 46.4(136D) Permits and fees
- 46.5(136D) Construction and operation of tanning facilities
- 46.6(136D) Inspections, violations and injunctions

CHAPTER 92
IOWA FATALITY REVIEW COMMITTEE

641—92.1(135) Purpose. The purpose of the child fatality review committee is to determine whether the department of human services and others involved with the case of child abuse responded appropriately.

641—92.2(135) Definitions.

“Child abuse assessment” means an assessment performed in accordance with Iowa Code section 232.71B.

“Child fatality” means the death of a child under the age of 18.

“Committee” means the Iowa child fatality review committee.

“Department” means the department of public health.

“Multidisciplinary team” means the group of individuals as defined in Iowa Code section 235A.13.
[ARC 9355B, IAB 2/9/11, effective 3/16/11]

641—92.3(135) Committee. The committee is an ad hoc committee appointed by the state medical examiner on a case-by-case basis. The committee shall include a medical examiner, a pediatrician who is knowledgeable concerning deaths of children, and a person involved in law enforcement. The committee may also consult with individuals with specific child death expertise as necessary to perform the duties and responsibilities of the committee. The office of the state medical examiner shall provide staffing and administrative support to the committee.

[ARC 9355B, IAB 2/9/11, effective 3/16/11]

641—92.4(135) Formation of the committee. The state medical examiner may appoint a committee to review the death of a child under the age of 18 upon the request from a member of the legislature or the governor in cases in which a report of suspected child abuse had been filed with the department of human services pursuant to Iowa Code section 232.70 within two years preceding the child’s death.

[ARC 9355B, IAB 2/9/11, effective 3/16/11]

641—92.5(135) Committee protocol for review. In determining whether the department of human services and others involved with the case of child abuse responded appropriately, the committee shall review records relevant to the child’s death, which may include but are not limited to the following:

1. All reports of suspected child abuse on the identified child made to the department of human services pursuant to Iowa Code section 232.70;
2. All child abuse assessments performed on the identified child in accordance with Iowa Code section 232.71B;
3. All other department of human services records maintained on the identified child;
4. All relevant law enforcement records which refer to the identified child;
5. All relevant medical and hospital records of the identified child;
6. All relevant court records which refer to the identified child;
7. Records of any multidisciplinary team which reviewed the case of the identified child;
8. Records of any public entity which reviewed the case of the identified child; and
9. All relevant records maintained by a day care provider, other child care provider, preschool, elementary school, middle school, or high school which refer to the identified child.

The committee shall also consult with any multidisciplinary team that is operating in the area where the fatality occurred.

641—92.6(135) Content of report.

92.6(1) Upon completion of the review, the state medical examiner shall submit the committee’s report to:

- a. The governor or the governor’s designee;
- b. The member of the senate or employee of the general assembly designated by the majority leader or minority leader of the senate;

c. The member of the house of representatives or employee of the general assembly designated by the speaker or minority leader of the house of representatives.

92.6(2) The committee report shall include findings concerning the case and recommendations for changes to prevent child fatalities when similar circumstances exist. The report shall include but is not limited to the following information:

a. The dates, outcomes, and results of any actions taken by the department of human services and others in regard to each report and allegation of child abuse involving the child who died.

b. The results of any review of the case performed by a multidisciplinary team, or by any other public entity that reviewed the case.

c. Confirmation of the department of human services' receipt of any report of child abuse involving the child, including confirmation as to whether or not any assessment involving the child was performed in accordance with Iowa Code section 232.71B, the results of any assessment, a description of the most recent assessment and the services offered to the family, the services rendered to the family, and the basis for the department's decisions concerning the case.

92.6(3) If deemed appropriate by the committee, the committee may, at any point in the review, recommend to the department of human services, appropriate law enforcement agencies, and any other person involved with child protection, interventions intended to prevent harm to a child who is related to or is living in the same home as a child whose case is reviewed by the committee.

[ARC 9355B, IAB 2/9/11, effective 3/16/11]

641—92.7(135) Consultation with county attorney. Prior to issuing the report, the committee shall consult with the county attorney responsible for prosecution of the alleged perpetrator of the child fatality. The committee's report shall include child abuse information associated with the case and the child but is subject to the restrictions applicable to the department of human services for release of information concerning a child fatality or near fatality in accordance with Iowa Code section 235A.15(9).

641—92.8(135) Supplemental report. Following the completion of the trial of any alleged perpetrator of the child fatality and the appeal period for the granting of a new trial, the committee shall issue a supplemental report containing the information that was withheld, in accordance with rule 92.7(135), so as not to jeopardize the prosecution or the rights of the alleged perpetrator to a fair trial as described in Iowa Code section 235A.15(9) "f" and "g."

641—92.9(135) Confidentiality and disclosure of information. The committee shall have access to patient records and other confidential information. The committee may disseminate confidential information in the committee's report which shall be submitted to the governor and the general assembly. For all other purposes, the committee shall maintain the confidentiality of all records which are confidential under Iowa Code section 22.7, Iowa Code chapter 235, or other provision of law. A person in possession or control of medical, investigative, or assessment information or other information pertaining to a child death and child abuse review shall allow the inspection and reproduction of the information by the department, upon the request of the department, to be used only in the administration and for the duties of the Iowa child fatality review committee. A person does not incur legal liability by reason of releasing information to the department as required under and in compliance with this rule.

641—92.10(135) Immunity and liability. Review committee members are immune from any liability, civil or criminal, which might otherwise be incurred or imposed as a result of any act, omission, proceeding, decision, or determination undertaken or performed, or recommendation made as a review committee member provided that the review committee members acted in good faith and without malice in carrying out their official duties in their official capacity. A complainant bears the burden of proof in establishing malice or lack of good faith in an action brought against review committee members involving the performance of their duties and powers.

A person who releases or discloses confidential data, records, or any other type of information in violation of this chapter is guilty of a serious misdemeanor.

These rules are intended to implement Iowa Code section 135.43(4).

CHAPTER 130
EMERGENCY MEDICAL SERVICES ADVISORY COUNCIL

641—130.1(147A) Definitions. For the purposes of this chapter, the following definitions shall apply:

“*Chairperson*” means the chair of the advisory council, who has been elected by the majority of the advisory council’s members.

“*Department*” means the Iowa department of public health.

“*Director*” means the director of the Iowa department of public health.

“*Emergency medical care provider*” means an individual who has been trained to provide emergency and nonemergency medical care at the first responder, EMT-basic, EMT-intermediate, EMT-paramedic, paramedic specialist, or other certification level recognized by the department before 1984 and who has been issued a certificate by the department.

“*Emergency medical services*” or “*EMS*” means an integrated medical care delivery system to provide emergency and nonemergency medical care at the scene or during out-of-hospital patient transportation in an ambulance.

641—130.2(147A) Purpose. The EMS advisory council shall advise the director and develop policy recommendations concerning the regulation, administration, and coordination of emergency medical services in the state.

641—130.3(147A) Appointment.

130.3(1) The EMS advisory council shall be appointed by the director. The appointments shall be for three-year staggered terms which shall expire on June 30. Vacancies shall be filled in the same manner in which the original appointments were made for the balance of the unexpired term.

130.3(2) Membership of the council shall be comprised of individuals nominated from, but not limited to, the following state or national organizations:

a. One physician from each of the following organizations:

- (1) Iowa Osteopathic Medical Association.
- (2) Iowa Medical Society.
- (3) American College of Emergency Physicians.
- (4) Iowa Academy of Family Physicians.
- (5) University of Iowa Hospitals and Clinics.
- (6) American Academy of Emergency Medicine.
- (7) American Academy of Pediatrics.

b. Representatives from each of the following organizations:

- (1) Iowa Physician Assistant Society.
- (2) EMS Education Programs Committee.
- (3) Rescinded IAB 2/9/11, effective 3/16/11.
- (4) Iowa Nurses Association.
- (5) Iowa Hospital Association.
- (6) Iowa State Association of Counties.

c. Two out-of-hospital emergency medical care providers from the Iowa Firemen’s Association.

d. One out-of-hospital emergency medical care provider from the Iowa Professional Firefighters.

e. Three out-of-hospital emergency medical care providers, with at least one representing volunteer EMS and one representing a private service program, from the Iowa EMS Association.

f. Two at-large volunteer emergency medical care providers.

[ARC 9356B, IAB 2/9/11, effective 3/16/11]

641—130.4(147A) Absences. Three consecutive unexcused absences shall be grounds for the director to consider dismissal of the advisory council member and to appoint another. The chairperson of the advisory council is charged with providing notification of absences.

641—130.5(147A) Officers.

130.5(1) Officers of the advisory council shall be a chairperson and a vice chairperson who shall be elected at the first meeting of each fiscal year unless they are designated as officers at the time of their appointment.

- a. Officers may serve no more than three consecutive terms as an officer.
- b. Vacancies in the office of chairperson shall be filled by the vice chairperson.
- c. Vacancies in the office of vice chairperson shall be filled by election at the next meeting after the vacancy occurs.

130.5(2) Duties of officers. The chairperson shall preside at all meetings of the advisory council, appoint such subcommittees as deemed necessary, and designate the chairperson of each subcommittee. If the chairperson is absent or unable to act, the vice chairperson shall perform the duties of the chairperson. When so acting, the vice chairperson shall have all the powers of and be subject to all the restrictions upon the chairperson. The vice chairperson shall also perform such other duties as may be assigned by the chairperson.

641—130.6(147A) Meetings.

130.6(1) The advisory council shall establish a meeting schedule on an annual basis to conduct business. There shall be a minimum of four meetings per year. Meetings may be scheduled as business requires, but notice to members must be at least five working days prior to the meeting date. Four weeks' notice is encouraged to accommodate the schedules of professional members.

130.6(2) Robert's Rules of Order shall govern all meetings.

130.6(3) A majority of appointed members shall be considered a quorum.

130.6(4) Any advisory council member who is unable to attend a meeting will notify the chairperson; there may not be a meeting if a quorum is not present.

130.6(5) When a quorum is present, a position is carried by affirmative vote of the majority of those present.

130.6(6) Persons wishing to make a presentation to the advisory council shall submit the request to the chairperson not less than 14 days prior to the meeting. Presentations may be made either at the discretion of the chairperson or upon matters appearing on the agenda.

130.6(7) Persons wishing to submit written materials should do so at least 14 days in advance of the scheduled meeting to ensure that advisory council members have adequate time to receive and evaluate the materials.

130.6(8) The advisory council may conduct a meeting by electronic means only in circumstances in which an in-person meeting is impossible or impractical, pursuant to Iowa Code section 21.8.

641—130.7(147A) Subcommittees. The advisory council may designate one or more subcommittees to perform such duties as may be deemed necessary.

641—130.8(147A) Expenses of advisory council members. The following may be considered necessary expenses for reimbursement of advisory council members when the expenses are incurred on behalf of advisory council business and are subject to established state reimbursement rates.

1. Reimbursement for travel in a private car.
2. Actual lodging and meal expenses, including sales tax on lodging and meals.
3. Actual expenses of public transportation.

641—130.9(147A) Gender balance. If not otherwise provided by law, all advisory bodies of the department appointed by the governor, director or designee shall be gender-balanced.

These rules are intended to implement Iowa Code chapter 147A.

CHAPTER 132
EMERGENCY MEDICAL SERVICES—SERVICE PROGRAM AUTHORIZATION

[Joint Rules pursuant to 147A.4]

[Prior to 7/29/87, Health Department[470] Ch 132]

641—132.1(147A) Definitions. For the purpose of these rules, the following definitions shall apply:

“*Ambulance*” means any privately or publicly owned ground vehicle specifically designed, modified, constructed, equipped, staffed and used regularly to transport the sick, injured or otherwise incapacitated.

“*Ambulance service*” means any privately or publicly owned service program which utilizes ambulances in order to provide patient transportation and emergency medical services.

“*Automated defibrillator*” means any external semiautomatic device that determines whether defibrillation is required.

“*Automated external defibrillator*” or “*AED*” means an external semiautomated device that determines whether defibrillation is required.

“*CEH*” means “continuing education hour” which is based upon a minimum of 50 minutes of training per hour.

“*Continuous quality improvement (CQI)*” means a program that is an ongoing process to monitor standards at all EMS operational levels including the structure, process, and outcomes of the patient care event.

“*CPR*” means training and successful course completion in cardiopulmonary resuscitation, AED and obstructed airway procedures for all age groups according to recognized national standards.

“*Critical care paramedic (CCP)*” means a currently certified paramedic specialist who has successfully completed a critical care course of instruction approved by the department and has received endorsement from the department as a critical care paramedic.

“*Critical care transport (CCT)*” means specialty care patient transportation when medically necessary, for a critically ill or injured patient needing critical care paramedic (CCP) skills, between medical care facilities, and provided by an authorized ambulance service that is approved by the department to provide critical care transportation and staffed by one or more critical care paramedics or other health care professional in an appropriate specialty area.

“*Current course completion*” means written recognition given for training and successful course completion of CPR with an expiration date or a recommended renewal date that exceeds the current date.

“*Deficiency*” means noncompliance with Iowa Code chapter 147A or these rules.

“*Department*” means the Iowa department of public health.

“*Director*” means the director of the Iowa department of public health.

“*Direct supervision*” means services provided by an EMS provider in a hospital setting or other health care entity in which health care is ordinarily performed when in the personal presence of a physician or under the direction of a physician who is immediately available or under the direction of a physician assistant or registered nurse who is immediately available and is acting consistent with adopted policies and protocols of a hospital or other health care entity.

“*Emergency medical care*” means such medical procedures as:

1. Administration of intravenous solutions.
2. Intubation.
3. Performance of cardiac defibrillation and synchronized cardioversion.
4. Administration of emergency drugs as provided by protocol.
5. Any medical procedure authorized by 131.3(3).

“*Emergency medical care provider*” means an individual who has been trained to provide emergency and nonemergency medical care at the first responder, EMT-basic, EMT-intermediate, EMT-paramedic, paramedic specialist or other certification levels recognized by the department before 1984 and who has been issued a certificate by the department.

“Emergency medical services” or *“EMS”* means an integrated medical care delivery system to provide emergency and nonemergency medical care at the scene or during out-of-hospital patient transportation in an ambulance.

“Emergency medical technician-basic (EMT-B)” means an individual who has successfully completed the current United States Department of Transportation’s Emergency Medical Technician-Basic curriculum and department enhancements, passed the department’s approved written and practical examinations, and is currently certified by the department as an EMT-B.

“Emergency medical technician-intermediate (EMT-I)” means an individual who has successfully completed an EMT-intermediate curriculum approved by the department, passed the department’s approved written and practical examinations, and is currently certified by the department as an EMT-I.

“Emergency medical technician-paramedic (EMT-P)” means an individual who has successfully completed the current United States Department of Transportation’s EMT-intermediate curriculum or the 1985 or earlier DOT EMT-P curriculum, passed the department’s approved written and practical examinations, and is currently certified by the department as an EMT-P.

“Emergency medical transportation” means the transportation, by ambulance, of sick, injured or otherwise incapacitated persons who require emergency medical care.

“EMS advisory council” means a council appointed by the director to advise the director and develop policy recommendations concerning regulation, administration, and coordination of emergency medical services in the state.

“EMS contingency plan” means an agreement or dispatching policy between two or more ambulance service programs that addresses how and under what circumstances patient transportation will be provided in a given service area when coverage is not possible due to unforeseen circumstances.

“EMS system” is any specific arrangement of emergency medical personnel, equipment, and supplies designed to function in a coordinated fashion.

“Endorsement” means providing approval in an area related to emergency medical care including, but not limited to, CCP and emergency medical services.

“First responder (FR)” means an individual who has successfully completed the current United States Department of Transportation’s First Responder curriculum and department enhancements, passed the department’s approved written and practical examinations, and is currently certified by the department as an FR.

“First response vehicle” means any privately or publicly owned vehicle which is used solely for the transportation of emergency medical care personnel and equipment to and from the scene of a medical or nonmedical emergency.

“Hospital” means any hospital licensed under the provisions of Iowa Code chapter 135B.

“Inclusion criteria” means criteria determined by the department and adopted by reference to determine which patients are to be included in the Iowa EMS service program registry or the trauma registry.

“Intermediate” means an emergency medical technician-intermediate.

“Iowa EMS Patient Registry Data Dictionary” means reportable data elements for all ambulance service responses and definitions determined by the department and adopted by reference.

“Medical direction” means direction, advice, or orders provided by a medical director, supervising physician, or physician designee (in accordance with written parameters and protocols) to emergency medical care personnel.

“Medical director” means any physician licensed under Iowa Code chapter 148, 150, or 150A who shall be responsible for overall medical direction of the service program and who has completed a medical director workshop, sponsored by the department, within one year of assuming duties.

“Mutual aid” means an agreement, preferably in writing, between two or more services that addresses how and under what circumstances each service will respond to a request for assistance in situations that exhaust available resources.

“Nonemergency transportation” means transportation that may be provided for those persons determined to need transportation only.

“Nontransport service” means any privately or publicly owned rescue or first response service program which does not provide patient transportation (except when no ambulance is available or in a disaster situation) and utilizes only rescue or first response vehicles to provide emergency medical care at the scene of an emergency.

“Off-line medical direction” means the monitoring of EMS providers through retrospective field assessments and treatment documentation review, critiques of selected cases with the EMS personnel, and statistical review of the system.

“On-line medical direction” means immediate medical direction provided directly to service program EMS providers, in accordance with written parameters and protocols, by the medical director, supervising physician or physician designee either on-scene or by any telecommunications system.

“Paramedic (EMT-P)” means an emergency medical technician-paramedic.

“Paramedic specialist (PS)” means an individual who has successfully completed the current United States Department of Transportation’s EMT-Paramedic curriculum or equivalent, passed the department’s approved written and practical examinations, and is currently certified by the department as a paramedic specialist.

“Patient” means any individual who is sick, injured, or otherwise incapacitated.

“Patient care report (PCR)” means a computerized or written report that documents the assessment and management of the patient by the emergency care provider in the out-of-hospital setting.

“Physician” means any individual licensed under Iowa Code chapter 148, 150, or 150A.

“Physician assistant (PA)” means an individual licensed pursuant to Iowa Code chapter 148C.

“Physician designee” means any registered nurse licensed under Iowa Code chapter 152, or any physician assistant licensed under Iowa Code chapter 148C and approved by the board of physician assistant examiners. The physician designee acts as an intermediary for a supervising physician in accordance with written policies and protocols in directing the care provided by emergency medical care providers.

“Preceptor” means an individual who has been assigned by the training program, clinical facility or service program to supervise students while the students are completing their clinical or field experience. A preceptor must be an emergency medical care provider certified at the level being supervised or higher, or must be licensed as a registered nurse, physician’s assistant or physician.

“Protocols” means written directions and orders, consistent with the department’s standard of care, that are to be followed by an emergency medical care provider in emergency and nonemergency situations. Protocols must be approved by the service program’s medical director and address the care of both adult and pediatric patients.

“Registered nurse (RN)” means an individual licensed pursuant to Iowa Code chapter 152.

“Reportable patient data” means data elements and definitions determined by the department and adopted by reference to be reported to the Iowa EMS service program registry or the trauma registry or a trauma care facility on patients meeting the inclusion criteria.

“Rescue vehicle” means any privately or publicly owned vehicle which is specifically designed, modified, constructed, equipped, staffed and used regularly for rescue or extrication purposes at the scene of a medical or nonmedical emergency.

“Service director” means an individual who is responsible for the operation and administration of a service program.

“Service program” or *“service”* means any medical care ambulance service or nontransport service that has received authorization by the department.

“Service program area” means the geographic area of responsibility served by any given ambulance or nontransport service program.

“Student” means any individual enrolled in a training program and participating in the didactic, clinical, or field experience portions.

“Supervising physician” means any physician licensed under Iowa Code chapter 148, 150, or 150A. The supervising physician is responsible for medical direction of emergency medical care personnel when such personnel are providing emergency medical care.

“Tiered response” means a rendezvous of service programs to allow the transfer of patient care.

“Training program” means an NCA-approved Iowa college, the Iowa law enforcement academy or an Iowa hospital approved by the department to conduct emergency medical care training.

“Transport agreement” means a written agreement between two or more service programs that specifies the duties and responsibilities of the agreeing parties to ensure appropriate transportation of patients in a given service area.

[ARC 8661B, IAB 4/7/10, effective 5/12/10; ARC 9357B, IAB 2/9/11, effective 3/16/11]

641—132.2(147A) Authority of emergency medical care provider.

132.2(1) Rescinded IAB 2/7/01, effective 3/14/01.

132.2(2) An emergency medical care provider who holds an active certification issued by the department may:

a. Render via on-line medical direction emergency and nonemergency medical care in those areas for which the emergency medical care provider is certified, as part of an authorized service program:

- (1) At the scene of an emergency;
- (2) During transportation to a hospital;
- (3) While in the hospital emergency department;
- (4) Until patient care is directly assumed by a physician or by authorized hospital personnel; and
- (5) During transfer from one medical care facility to another or to a private home.

b. Function in any hospital or any other entity in which health care is ordinarily provided only when under the direct supervision of a physician when:

- (1) Enrolled as a student in and approved by a training program;
- (2) Fulfilling continuing education requirements;
- (3) Employed by or assigned to a hospital or other entity in which health care is ordinarily

provided only when under the direct supervision of a physician as a member of an authorized service program, or in an individual capacity, by rendering lifesaving services in the facility in which employed or assigned pursuant to the emergency medical care provider’s certification and under direct supervision of a physician, physician assistant, or registered nurse. An emergency medical care provider shall not routinely function without the direct supervision of a physician, physician assistant, or registered nurse. However, when the physician, physician assistant, or registered nurse cannot directly assume emergency care of the patient, the emergency medical care personnel may perform, without direct supervision, emergency medical care procedures for which certified, if the life of the patient is in immediate danger and such care is required to preserve the patient’s life;

(4) Employed by or assigned to a hospital or other entity in which health care is ordinarily provided only when under the direct supervision of a physician, as a member of an authorized service program, or in an individual capacity, to perform nonlifesaving procedures for which certified and designated in a written job description. Such procedures may be performed after the patient is observed by and when the emergency medical care provider is under the supervision of the physician, physician assistant, or registered nurse, including when the registered nurse is not acting in the capacity of a physician designee, and where the procedure may be immediately abandoned without risk to the patient.

132.2(3) When emergency medical care personnel are functioning in a capacity identified in subrule 132.2(2), paragraph “*a*,” they may perform emergency and nonemergency medical care without contacting a supervising physician or physician designee if written protocols have been approved by the service program medical director which clearly identify when the protocols may be used in lieu of voice contact.

132.2(4) Scope of practice.

a. Emergency medical care providers shall provide only those services and procedures as are authorized within the scope of practice for which they are certified.

b. Scope of Practice for Iowa EMS Providers (April 2009) is incorporated and adopted by reference for EMS providers. For any differences that may occur between the adopted references and these administrative rules, the administrative rules shall prevail.

c. The department may grant a variance for changes to the Scope of Practice that have not yet been adopted by these rules. A variance to these rules may be granted by the department pursuant to 132.14(1).

d. Scope of Practice for Iowa EMS Providers is available through the Iowa Department of Public Health, Bureau of EMS, Lucas State Office Building, Des Moines, Iowa 50319-0075, or the bureau of EMS Web site (www.idph.state.ia.us/ems).

132.2(5) The department may approve other emergency medical care skills on a limited pilot project basis. Requests for a pilot project application shall be made to the department.

132.2(6) An emergency medical care provider who has knowledge of an emergency medical care provider, service program or training program that has violated Iowa Code chapter 147A or these rules shall report such information to the department within 30 days.

[ARC 8230B, IAB 10/7/09, effective 11/11/09]

641—132.3(147A) Emergency medical care providers—requirements for enrollment in training programs. Rescinded IAB 2/9/00, effective 3/15/00.

641—132.4(147A) Emergency medical care providers—certification, renewal standards and procedures, and fees. Rescinded IAB 2/9/00, effective 3/15/00.

641—132.5(147A) Training programs—standards, application, inspection and approval. Rescinded IAB 2/9/00, effective 3/15/00.

641—132.6(147A) Continuing education providers—approval, record keeping and inspection. Rescinded IAB 2/9/00, effective 3/15/00.

641—132.7(147A) Service program—authorization and renewal procedures, inspections and transfer or assignment of certificates of authorization.

132.7(1) *General requirements for authorization and renewal of authorization.*

a. An ambulance or nontransport service in this state that desires to provide emergency medical care, in the out-of-hospital setting, shall apply to the department for authorization to establish a program utilizing certified emergency medical care providers for delivery of care at the scene of an emergency or nonemergency, during transportation to a hospital, during transfer from one medical care facility to another or to a private home, or while in the hospital emergency department and until care is directly assumed by a physician or by authorized hospital personnel. Application for authorization shall be made on forms provided by the department. Applicants shall complete and submit the forms to the department at least 30 days prior to the anticipated date of authorization.

b. To renew service program authorization, the service program shall continue to meet the requirements of Iowa Code chapter 147A and these rules. The renewal application shall be completed and submitted to the department at least 30 days before the current authorization expires.

c. Applications for authorization and renewal of authorization may be obtained upon request to: Iowa Department of Public Health, Bureau of Emergency Medical Services, Lucas State Office Building, Des Moines, Iowa 50319-0075, or the bureau of EMS Web site (www.idph.state.ia.us/ems).

d. The department shall approve an application when the department is satisfied that the program proposed by the application will be operated in compliance with Iowa Code chapter 147A and these administrative rules.

e. Service program authorization is valid for a period of three years from its effective date unless otherwise specified on the certificate of authorization or unless sooner suspended or revoked.

f. Service programs shall be fully operational upon the effective date and at the level specified on the certificate of authorization and shall meet all applicable requirements of Iowa Code chapter 147A and these rules. Deficiencies that are identified shall be corrected within a time frame determined by the department.

g. The certificate of authorization shall be issued to the service program based in the city named in the application. Any ambulance service or nontransport service that operates from more than one city

shall apply for and, if approved, shall receive an inclusive authorization for each city of operation that is listed in the application.

h. Any service program owner in possession of a certificate of authorization as a result of transfer or assignment shall continue to meet all applicable requirements of Iowa Code chapter 147A and these rules. In addition, the new owner shall apply to the department for a new certificate of authorization within 30 days following the effective date of the transfer or assignment.

i. Service programs that acquire and maintain current status with a nationally recognized EMS service program accreditation entity that meets or exceeds Iowa requirements may be exempted from the service application/inspection process. A copy of the state service application and accreditation inspection must be filed with the department for approval.

132.7(2) *Out-of-state service programs.*

a. Service programs located in other states which wish to provide emergency medical care in Iowa must meet all requirements of Iowa Code chapter 147A and these rules and must be authorized by the department except when:

- (1) Transporting patients from locations within Iowa to destinations outside of Iowa;
- (2) Transporting patients from locations outside of Iowa to destinations within Iowa;
- (3) Transporting patients to or from locations outside of Iowa that requires travel through Iowa;
- (4) Responding to a request for mutual aid in this state; or
- (5) Making an occasional EMS response to locations within Iowa and then transporting the patients to destinations within Iowa.

b. An out-of-state service program that meets any of the exception criteria established in 132.7(2) shall be authorized to provide emergency medical care by the state in which the program resides and shall provide the department with verification of current state authorization upon request.

132.7(3) *Air ambulances.* Rescinded IAB 4/7/10, effective 5/12/10.

132.7(4) *Service program inspections.*

a. The department shall inspect each service program at least once every three years. The department without prior notification may make additional inspections at times, places and under such circumstances as it deems necessary to ensure compliance with Iowa Code chapter 147A and these rules.

b. The department may request additional information from or may inspect the records of any service program which is currently authorized or which is seeking authorization to ensure continued compliance or to verify the validity of any information presented on the application for service program authorization.

c. The department may inspect the patient care records of a service program to verify compliance with Iowa Code chapter 147A and these rules.

d. No person shall interfere with the inspection activities of the department or its agents pursuant to Iowa Code section 135.36.

e. Interference with or failure to allow an inspection by the department or its agents may be cause for disciplinary action in reference to service program authorization.

132.7(5) *Temporary service program authorization.*

a. A temporary service program authorization may be issued to services that wish to operate during special events that may need emergency medical care coverage. Temporary authorization is valid for a period of 30 days unless otherwise specified on the certificate of authorization or unless sooner suspended or revoked. Temporary authorization shall apply to those requirements and standards for which the department is responsible. Applicants shall complete and submit the necessary forms to the department at least 30 days prior to the anticipated date of need.

b. The service shall meet applicable requirement of these rules, but may apply for a variance using the criteria outlined in rule 641—132.14(147A).

c. The service shall submit a justification which demonstrates the need for the temporary service program authorization.

d. The service shall submit a report, to the department, within 30 days after the expiration of the temporary authorization which includes as a minimum:

- (1) Number of patients treated;

- (2) Types of treatment rendered;
- (3) Any operational or medical problems.

132.7(6) *Conditional service program authorization.* Rescinded IAB 2/6/02, effective 3/13/02.
[ARC 8661B, IAB 4/7/10, effective 5/12/10; ARC 9357B, IAB 2/9/11, effective 3/16/11]

641—132.8(147A) Service program levels of care and staffing standards.

132.8(1) A service program seeking ambulance authorization shall:

a. Apply for authorization at one of the following levels:

- (1) EMT-B.
- (2) EMT-I.
- (3) EMT-P.
- (4) PS.

b. Maintain an adequate number of ambulances and personnel to provide 24-hour-per-day, 7-day-per-week coverage. Ambulances shall comply with paragraph 132.8(1)“d.” The number of ambulances and personnel to be maintained shall be determined by the department, and shall be based upon, but not limited to, the following:

- (1) Number of calls;
- (2) Service area and population; and
- (3) Availability of other services in the area.

c. Provide as a minimum, on each ambulance call, the following staff:

- (1) One currently certified EMT-B.
- (2) One currently licensed driver. The service shall document each driver’s training in CPR (AED training not required), in emergency driving techniques and in the use of the service’s communications equipment. Training in emergency driving techniques shall include:

1. A review of Iowa laws regarding emergency vehicle operations.

2. A review of the service program’s driving policy for first response vehicles, ambulances, rescue vehicles or personal vehicles of an emergency medical care provider responding as a member of the service. The policy shall include, at a minimum:

- Frequency and content of driver’s training requirements.
- Criteria for response with lights or sirens or both.
- Speed limits when responding with lights or sirens or both.
- Procedure of approaching intersections with lights or sirens or both.
- Notification process in the event of a motor vehicle collision involving a first response vehicle, ambulance, rescue vehicle or personal vehicle of an emergency medical care provider responding as a member of the service.

3. Behind-the-wheel driving of the service’s first response vehicles, ambulances and rescue vehicles.

d. Submit an EMS contingency plan that will be put into operation when coverage pursuant to the 24/7 rule in paragraph 132.8(1)“b” is not possible due to unforeseen circumstances.

e. Report frequency of use of the contingency plan to the department upon request.

f. Seek approval from the department to provide nontransport coverage in addition to or in lieu of ambulance authorization.

g. Advertise or otherwise imply or hold itself out to the public as an authorized ambulance service only to the level of care maintained 24 hours per day, seven days a week.

h. Apply to the department to receive approval to provide critical care transportation based upon appropriately trained staff and approved equipment.

i. Unless otherwise established by protocol approved by the medical director, the emergency medical care provider with the highest level of certification (on the transporting service) shall attend the patient.

132.8(2) A service program seeking nontransport authorization shall:

a. Apply for authorization at one of the following levels:

- (1) Rescinded IAB 2/9/11, effective 3/16/11.

- (2) First responder.
- (3) EMT-B.
- (4) EMT-I.
- (5) EMT-P.
- (6) PS.

b. For staffing purposes provide, as a minimum, a transport agreement.

c. Advertise or otherwise hold itself out to the public as an authorized nontransport service program only to the level of care maintained 24 hours per day, seven days a week.

d. Not be prohibited from transporting patients in an emergency situation when lack of transporting resources would cause an unnecessary delay in patient care.

132.8(3) Service program operational requirements. Ambulance and nontransport service programs shall:

a. Complete and maintain a patient care report concerning the care provided to each patient. Ambulance services shall provide, at a minimum, a PCR verbal report upon delivery of a patient to a receiving facility and shall provide a complete PCR within 24 hours to the receiving facility.

b. Utilize department protocols as the standard of care. The service program medical director may make changes to the department protocols provided the changes are within the EMS provider's scope of practice and within acceptable medical practice. A copy of the changes shall be filed with the department.

c. Ensure that personnel duties are consistent with the level of certification and the service program's level of authorization.

d. Maintain current personnel rosters and personnel files. The files shall include the names and addresses of all personnel and documentation that verifies EMS provider credentials including, but not limited to:

(1) Current provider level certification.

(2) Current course completions/certifications/endorsements as may be required by the medical director.

(3) PA and RN exception forms for appropriate personnel and verification that PA and RN personnel have completed the appropriate EMS level continuing education.

e. If requested by the department, notify the department in writing of any changes in personnel rosters.

f. Have a medical director and 24-hour-per-day, 7-day-per-week on-line medical direction available.

g. Ensure that the appropriate service program personnel respond as required in this rule and that they respond in a reasonable amount of time.

h. Notify the department in writing within seven days of any change in service director or ownership or control or of any reduction or discontinuance of operations.

i. Select a new or temporary medical director if for any reason the current medical director cannot or no longer wishes to serve in that capacity. Selection shall be made before the current medical director relinquishes the duties and responsibilities of that position.

j. Within seven days of any change of medical director, notify the department in writing of the selection of the new or temporary medical director who must have indicated in writing a willingness to serve in that capacity.

k. Not prevent a registered nurse or physician assistant from supplementing the staffing of an authorized service program provided equivalent training is documented pursuant to Iowa Code sections 147A.12 and 147A.13.

l. Not be authorized to utilize a manual defibrillator (except paramedic, paramedic specialist).

m. Implement a continuous quality improvement program that provides a policy to include as a minimum:

- (1) Medical audits.
- (2) Skills competency.
- (3) Follow-up (loop closure/resolution).

n. Require physician assistants and registered nurses providing care pursuant to Iowa Code sections 147A.12 and 147A.13 to meet CEH requirements approved by the medical director.

o. Document an equipment maintenance program to ensure proper working condition and appropriate quantities.

p. Ensure a response to requests for assistance when dispatched by a public safety answering point within the primary service area identified in the service program's authorization application.

132.8(4) Equipment and vehicle standards. The following standards shall apply:

a. Ambulances placed into service after July 1, 2002, shall meet, as a minimum, the National Truck and Equipment Association's Ambulance Manufacture Division (AMD) performance specifications.

b. All EMS service programs shall carry equipment and supplies in quantities as determined by the medical director and appropriate to the service program's level of care and available certified EMS personnel and as established in the service program's approved protocols.

c. Pharmaceutical drugs and over-the-counter drugs may be carried and administered upon completion of training and pursuant to the service program's established protocols approved by the medical director.

d. All drugs shall be maintained in accordance with the rules of the state board of pharmacy examiners.

e. Accountability for drug exchange, distribution, storage, ownership, and security shall be subject to applicable state and federal requirements. The method of accountability shall be described in the written pharmacy agreement. A copy of the written pharmacy agreement shall be submitted to the department.

f. Each ambulance service program shall maintain a telecommunications system between the emergency medical care provider and the source of the service program's medical direction and other appropriate entities. Nontransport service programs shall maintain a telecommunications system between the emergency medical care provider and the responding ambulance service and other appropriate entities.

g. All telecommunications shall be conducted in an appropriate manner and on a frequency approved by the Federal Communications Commission and the department.

132.8(5) Preventative maintenance. Each ambulance service program shall document a preventative maintenance program to make certain that:

a. Vehicles are fully equipped and maintained in a safe operating condition. In addition:

(1) All ground ambulances shall be housed in a garage or other facility that prevents engine, equipment and supply freeze-up and windshield icing. An unobstructed exit to the street shall also be maintained;

(2) The garage or other facility shall be adequately heated or each response vehicle shall have permanently installed auxiliary heating units to sufficiently heat the engine and patient compartment; and

(3) The garage or other facility shall be maintained in a clean, safe condition free of debris or other hazards.

b. The exterior and interior of the vehicles are kept clean. The interior and equipment shall be cleaned after each use as necessary. When a patient with a communicable disease has been transported or treated, the interior and any equipment or nondisposable supplies coming in contact with the patient shall be thoroughly disinfected.

c. All equipment stored in a patient compartment is secured so that, in the event of a sudden stop or movement of the vehicle, the patient and service program personnel are not injured by moving equipment.

d. All airway, electrical and mechanical equipment is kept clean and in proper operating condition.

e. Compartments provided within the vehicles and the medical and other supplies stored therein are kept in a clean and sanitary condition.

f. All linens, airway and oxygen equipment or any other supplies or equipment coming in direct patient contact is of a single-use disposable type or cleaned, laundered or disinfected prior to reuse.

g. Freshly laundered blankets and linen or disposable linens are used on cots and pillows and are changed after each use.

h. Proper storage is provided for clean linen.

i. Soiled supplies shall be appropriately disposed of according to current biohazard practices.

132.8(6) Service program—incident and accident reports.

a. Incidents of fire or other destructive or damaging occurrences or theft of a service program ambulance, equipment, or drugs shall be reported to the department within 48 hours following the occurrence of the incident.

b. A copy of the motor vehicle accident report required under Iowa Code subsection 321.266(2), relating to the reporting of an accident resulting in personal injury, death or property damage, shall be submitted to the department within seven days following an accident involving a service program vehicle.

c. A service program must report the termination of an emergency medical care provider due to negligence, professional incompetency, unethical conduct or substance use to the department within ten days following the termination.

132.8(7) Adoption by reference. The Iowa EMS Patient Registry Data Dictionary identified in 641—paragraph 136.2(1)“c” is adopted and incorporated by reference for inclusion criteria and reportable patient data. For any differences which may occur between the adopted reference and this chapter, the administrative rules shall prevail.

a. The Iowa EMS Patient Registry Data Dictionary identified in 641—paragraph 136.2(1)“c” is available through the Iowa Department of Public Health, Bureau of Emergency Medical Services, Lucas State Office Building, Des Moines, Iowa 50319-0075, or the EMS bureau Web site (www.idph.state.ia.us/ems).

b. The department shall prepare compilations for release or dissemination on all reportable patient data entered into the EMS service program registry during the reporting period. The compilations shall include, but not be limited to, trends and patient care outcomes for local, regional, and statewide evaluations. The compilations shall be made available to all service programs submitting reportable patient data to the registry.

c. Access and release of reportable patient data and information.

(1) The data collected by and furnished to the department pursuant to this subrule are confidential records of the condition, diagnosis, care, or treatment of patients or former patients, including outpatients, pursuant to Iowa Code section 22.7. The compilations prepared for release or dissemination from the data collected are not confidential under Iowa Code section 22.7, subsection 2. However, information which individually identifies patients shall not be disclosed, and state and federal law regarding patient confidentiality shall apply.

(2) The department may approve requests for reportable patient data for special studies and analysis provided the request has been reviewed and approved by the deputy director of the department with respect to the scientific merit and confidentiality safeguards, and the department has given administrative approval for the proposal. The confidentiality of patients and the EMS service program shall be protected.

(3) The department may require entities requesting the data to pay any or all of the reasonable costs associated with furnishing the reportable patient data.

d. To the extent possible, activities under this subrule shall be coordinated with other health data collection methods.

e. Quality assurance.

(1) For the purpose of ensuring the completeness and quality of reportable patient data, the department or authorized representative may examine all or part of the patient care report as necessary to verify or clarify all reportable patient data submitted by a service program.

(2) Review of a patient care report by the department shall be scheduled in advance with the service program and completed in a timely manner.

f. The director, pursuant to Iowa Code section 147A.4, may grant a variance from the requirements of these rules for any service program, provided that the variance is related to undue hardships in complying with this chapter.

132.8(8) The patient care report is a confidential document and shall be exempt from disclosure pursuant to Iowa Code subsection 22.7(2) and shall not be accessible to the general public. Information contained in these reports, however, may be utilized by any of the indicated distribution recipients and may appear in any document or public health record in a manner which prevents the identification of any patient or person named in these reports.

132.8(9) Implementation. The director may grant exceptions and variances from the requirements of this chapter for any ambulance or nontransport service. Exceptions or variations shall be reasonably related to undue hardships which existing services experience in complying with this chapter. Services requesting exceptions and variances shall be subject to other applicable rules adopted pursuant to Iowa Code chapter 147A.

641—132.9(147A) Service program—off-line medical direction.

132.9(1) The medical director shall be responsible for providing appropriate medical direction and overall supervision of the medical aspects of the service program and shall ensure that those duties and responsibilities are not relinquished before a new or temporary replacement is functioning in that capacity.

132.9(2) The medical director's duties include, but need not be limited to:

- a. Developing, approving and updating protocols to be used by service program personnel that meet or exceed the minimum standard protocols developed by the department.
- b. Developing and maintaining liaisons between the service, other physicians, physician designees, hospitals, and the medical community served by the service program.
- c. Monitoring and evaluating the activities of the service program and individual personnel performance, including establishment of measurable outcomes that reflect the goals and standards of the EMS system.
- d. Assessing the continuing education needs of the service and individual service program personnel and assisting them in the planning of appropriate continuing education programs.
- e. Being available for individual evaluation and consultation to service program personnel.
- f. Performing or appointing a designee to complete the medical audits required in subrule 132.9(4).
- g. Developing and approving an applicable continuous quality improvement policy demonstrating type and frequency of review, including an action plan and follow-up.
- h. Informing the medical community of the emergency medical care being provided according to approved protocols in the service program area.
- i. Helping to resolve service operational problems.
- j. Approving or removing an individual from service program participation.

132.9(3) Supervising physicians, physician designees, or other appointees as defined in the continuous quality improvement policy referenced in 132.9(2) "g" may assist the medical director by:

- a. Providing medical direction.
- b. Reviewing the emergency medical care provided.
- c. Reviewing and updating protocols.
- d. Providing and assessing continuing education needs for service program personnel.
- e. Helping to resolve operational problems.

132.9(4) The medical director or other qualified designees shall randomly audit (at least quarterly) documentation of calls where emergency medical care was provided. The medical director shall randomly review audits performed by the qualified appointee. The audit shall be in writing and shall include, but need not be limited to:

- a. Reviewing the patient care provided by service program personnel and remedying any deficiencies or potential deficiencies that may be identified regarding medical knowledge or skill performance.
- b. Response time and time spent at the scene.

c. Overall EMS system response to ensure that the patient's needs were matched to available resources including, but not limited to, mutual aid and tiered response.

d. Completeness of documentation.

132.9(5) Rescinded IAB 2/6/02, effective 3/13/02.

132.9(6) On-line medical direction when provided through a hospital.

a. The medical director shall designate in writing at least one hospital which has established a written on-line medical direction agreement with the department. It shall be the medical director's responsibility to notify the department in writing of changes regarding this designation.

b. Hospitals signing an on-line medical direction agreement shall:

(1) Ensure that the supervising physicians or physician designees will be available to provide on-line medical direction via telecommunications on a 24-hour-per-day basis.

(2) Identify the service programs for which on-line medical direction will be provided.

(3) Establish written protocols for use by supervising physicians and physician designees who provide on-line medical direction.

(4) Administer a quality assurance program to review orders given. The program shall include a mechanism for the hospital and service program medical directors to discuss and resolve any identified problems.

c. A hospital which has a written medical direction agreement with the department may provide medical direction for any or all service program authorization levels and may also agree to provide backup on-line medical direction for any other service program when that service program is unable to contact its primary source of on-line medical direction.

d. Only supervising physicians or physician designees shall provide on-line medical direction. However, a physician assistant, registered nurse or EMT (of equal or higher level) may relay orders to emergency medical care personnel, without modification, from a supervising physician. A physician designee may not deviate from approved protocols.

e. The hospital shall provide, upon request to the department, a list of supervising physicians and physician designees providing on-line medical direction.

f. Rescinded IAB 2/6/02, effective 3/13/02.

g. The department may verify a hospital's communications system to ensure compliance with the on-line medical direction agreement.

h. A supervising physician or physician designee who gives orders (directly or via communications equipment from some other point) to an emergency medical care provider is not subject to criminal liability by reason of having issued the orders and is not liable for civil damages for acts or omissions relating to the issuance of the orders unless the acts or omissions constitute recklessness.

i. Nothing in these rules requires or obligates a hospital, supervising physician or physician designee to approve requests for orders received from emergency medical care personnel.

NOTE: Hospitals in other states may participate provided the applicable requirements of this subrule are met.

641—132.10(147A) Complaints and investigations—denial, citation and warning, probation, suspension or revocation of service program authorization or renewal.

132.10(1) All complaints regarding the operation of authorized emergency medical care service programs, or those purporting to be or operating as the same, shall be reported to the department. The address is: Iowa Department of Public Health, Bureau of Emergency Medical Services, Lucas State Office Building, Des Moines, Iowa 50319-0075.

132.10(2) Complaints and the investigative process will be treated as confidential in accordance with Iowa Code section 22.7.

132.10(3) Service program authorization may be denied, issued a civil penalty not to exceed \$1000, issued a citation and warning, placed on probation, suspended, revoked, or otherwise disciplined by the department in accordance with Iowa Code subsection 147A.5(3) for any of the following reasons:

a. Knowingly allowing the falsifying of a patient care report (PCR).

b. Failure to submit required reports and documents.

c. Delegating professional responsibility to a person when the service program knows that the person is not qualified by training, education, experience or certification to perform the required duties.

d. Practicing, condoning, or facilitating discrimination against a patient, student or employee based on race, ethnicity, national origin, color, sex, sexual orientation, age, marital status, political belief, religion, mental or physical disability diagnosis, or social or economic status.

e. Knowingly allowing sexual harassment of a patient, student or employee. Sexual harassment includes sexual advances, sexual solicitations, requests for sexual favors, and other verbal or physical conduct of a sexual nature.

f. Failure or repeated failure of the applicant or alleged violator to meet the requirements or standards established pursuant to Iowa Code chapter 147A or the rules adopted pursuant to that chapter.

g. Obtaining or attempting to obtain or renew or retain service program authorization by fraudulent means or misrepresentation or by submitting false information.

h. Engaging in conduct detrimental to the well-being or safety of the patients receiving or who may be receiving emergency medical care.

i. Failure to correct a deficiency within the time frame required by the department.

132.10(4) The department shall notify the applicant of the granting or denial of authorization or renewal, or shall notify the alleged violator of action to issue a citation and warning, place on probation or suspend or revoke authorization or renewal pursuant to Iowa Code sections 17A.12 and 17A.18. Notice of issuance of a denial, citation and warning, probation, suspension or revocation shall be served by restricted certified mail, return receipt requested, or by personal service.

132.10(5) Any requests for appeal concerning the denial, citation and warning, probation, suspension or revocation of service program authorization or renewal shall be submitted by the aggrieved party in writing to the department by certified mail, return receipt requested, within 20 days of the receipt of the department's notice. The address is: Iowa Department of Public Health, Bureau of Emergency Medical Services, Lucas State Office Building, Des Moines, Iowa 50319-0075. If such a request is made within the 20-day time period, the notice shall be deemed to be suspended. Prior to or at the hearing, the department may rescind the notice upon satisfaction that the reason for the denial, citation and warning, probation, suspension or revocation has been or will be removed. After the hearing, or upon default of the applicant or alleged violator, the administrative law judge shall affirm, modify or set aside the denial, citation and warning, probation, suspension or revocation. If no request for appeal is received within the 20-day time period, the department's notice of denial, probation, suspension or revocation shall become the department's final agency action.

132.10(6) Upon receipt of an appeal that meets contested case status, the appeal shall be forwarded within five working days to the department of inspections and appeals pursuant to the rules adopted by that agency regarding the transmission of contested cases. The information upon which the adverse action is based and any additional information which may be provided by the aggrieved party shall also be provided to the department of inspections and appeals.

132.10(7) The hearing shall be conducted according to the procedural rules of the department of inspections and appeals found in 481—Chapter 10.

132.10(8) When the administrative law judge makes a proposed decision and order, it shall be served by restricted certified mail, return receipt requested, or delivered by personal service. That proposed decision and order then becomes the department's final agency action without further proceedings ten days after it is received by the aggrieved party unless an appeal to the director is taken as provided in subrule 132.10(9).

132.10(9) Any appeal to the director for review of the proposed decision and order of the administrative law judge shall be filed in writing and mailed to the director by certified mail, return receipt requested, or delivered by personal service within ten days after the receipt of the administrative law judge's proposed decision and order by the aggrieved party. A copy of the appeal shall also be mailed to the administrative law judge. Any request for an appeal shall state the reason for appeal.

132.10(10) Upon receipt of an appeal request, the administrative law judge shall prepare the record of the hearing for submission to the director. The record shall include the following:

a. All pleadings, motions, and rules.

- b.* All evidence received or considered and all other submissions by recording or transcript.
- c.* A statement of all matters officially noticed.
- d.* All questions and offers of proof, objections, and rulings thereon.
- e.* All proposed findings and exceptions.
- f.* The proposed decision and order of the administrative law judge.

132.10(11) The decision and order of the director becomes the department's final agency action upon receipt by the aggrieved party and shall be delivered by restricted certified mail, return receipt requested, or by personal service.

132.10(12) It is not necessary to file an application for a rehearing to exhaust administrative remedies when appealing to the director or the district court as provided in Iowa Code section 17A.19. The aggrieved party to the final agency action of the department who has exhausted all administrative remedies may petition for judicial review of that action pursuant to Iowa Code chapter 17A.

132.10(13) Any petition for judicial review of a decision and order shall be filed in the district court within 30 days after the decision and order becomes final. A copy of the notice of appeal shall be sent to the department by certified mail, return receipt requested, or by personal service. The address is: Bureau of Emergency Medical Services, Iowa Department of Public Health, Lucas State Office Building, Des Moines, Iowa 50319-0075.

132.10(14) The party who appeals a final agency action to the district court shall pay the cost of the preparation of a transcript of the contested case hearing for the district court.

132.10(15) Final decisions of the department relating to disciplinary proceedings may be transmitted to the appropriate professional associations, the news media or employer.

132.10(16) This rule is not subject to waiver or variance pursuant to 641—Chapter 178 or any other provision of law.

132.10(17) Emergency adjudicative proceedings.

a. Necessary emergency action. To the extent necessary to prevent or avoid immediate danger to the public health, safety, or welfare, and consistent with the Constitution and other provisions of law, the department may issue a written order in compliance with Iowa Code section 17A.18 to suspend a certificate in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the department by emergency adjudicative order.

b. Before issuing an emergency adjudicative order, the department shall consider factors including, but not limited to, the following:

(1) Whether there has been a sufficient factual investigation to ensure that the department is proceeding on the basis of reliable information;

(2) Whether the specific circumstances which pose immediate danger to the public health, safety or welfare have been identified and determined to be continuing;

(3) Whether the program required to comply with the emergency adjudicative order may continue to engage in other activities without posing immediate danger to the public health, safety or welfare;

(4) Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety or welfare; and

(5) Whether the specific action contemplated by the department is necessary to avoid the immediate danger.

c. Issuance of order.

(1) An emergency adjudicative order shall contain findings of fact, conclusions of law, and policy reasons to justify the determination of an immediate danger in the department's decision to take immediate action. The order is a public record.

(2) The written emergency adjudicative order shall be immediately delivered to the service program that is required to comply with the order by utilizing one or more of the following procedures:

1. Personal delivery.

2. Certified mail, return receipt requested, to the last address on file with the department.

3. Fax. Fax may be used as the sole method of delivery if the service program required to comply with the order has filed a written request that agency orders be sent by fax and has provided a fax number for that purpose.

(3) To the degree practicable, the department shall select the procedure for providing written notice that best ensures prompt, reliable delivery.

(4) Unless the written emergency adjudicative order is provided by personal delivery on the same day that the order issues, the department shall make reasonable immediate efforts to contact by telephone the service program that is required to comply with the order.

(5) After the issuance of an emergency adjudicative order, the department shall proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.

(6) Issuance of a written emergency adjudicative order shall include notification of the date on which department proceedings are scheduled for completion. After issuance of an emergency adjudicative order, continuance of further department proceedings to a later date will be granted only in compelling circumstances upon application in writing unless the service program that is required to comply with the order is the party requesting the continuance.

[ARC 8661B, IAB 4/7/10, effective 5/12/10]

641—132.11(147A) Complaints and investigations—denial, citation and warning, probation, suspension, or revocation of emergency medical care personnel certificates or renewal. Rescinded IAB 2/9/00, effective 3/15/00.

641—132.12(147A) Complaints and investigations—denial, citation and warning, probation, suspension, or revocation of training program or continuing education provider approval or renewal. Rescinded IAB 2/9/00, effective 3/15/00.

641—132.13(147A) Complaints, investigations and appeals. Rescinded IAB 2/9/00, effective 3/15/00.

641—132.14(147A) Temporary variances.

132.14(1) If during a period of authorization there is some occurrence that temporarily causes a service program to be in noncompliance with these rules, the department may grant a temporary variance. Temporary variances to these rules (not to exceed six months in length per any approved request) may be granted by the department to a currently authorized service program. Requests for temporary variances shall apply only to the service program requesting the variance and shall apply only to those requirements and standards for which the department is responsible.

132.14(2) To request a variance, the service program shall:

a. Notify the department verbally (as soon as possible) of the need to request a temporary variance. Submit to the department, within ten days after having given verbal notification to the department, a written explanation for the temporary variance request. The address and telephone number are Iowa Department of Public Health, Bureau of Emergency Medical Services, Lucas State Office Building, Des Moines, Iowa 50319-0075; (515)725-0326.

b. Cite the rule from which the variance is requested.

c. State why compliance with the rule cannot be maintained.

d. Explain the alternative arrangements that have been or will be made regarding the variance request.

e. Estimate the period of time for which the variance will be needed.

f. Rescinded IAB 2/2/05, effective 3/9/05.

132.14(3) Upon notification of a request for variance, the department shall take into consideration, but shall not be limited to:

a. Examining the rule from which the temporary variance is requested to determine if the request is appropriate and reasonable.

b. Evaluating the alternative arrangements that have been or will be made regarding the variance request.

c. Examining the effect of the requested variance upon the level of care provided to the general populace served.

d. Requesting additional information if necessary.

132.14(4) Preliminary approval or denial shall be provided verbally within 24 hours. Final approval or denial shall be issued in writing within ten days after having received the written explanation for the temporary variance request and shall include the reason for approval or denial. If approval is granted, the effective date and the duration of the temporary variance shall be clearly stated.

132.14(5) Rescinded, effective July 10, 1987.

132.14(6) Any request for appeal concerning the denial of a request for temporary variance shall be in accordance with the procedures outlined in rule 641—132.10(147A).

132.14(7) Rescinded IAB 2/3/93, effective 3/10/93.

641—132.15(147A) Transport options for fully authorized paramedic service programs.

132.15(1) Upon responding to an emergency call, ambulance or nontransport paramedic level services may make a determination at the scene as to whether emergency medical transportation or nonemergency transportation is needed. The determination shall be made by a paramedic or paramedic specialist and shall be based upon the nonemergency transportation protocol approved by the service program's medical director. When applying this protocol, the following criteria, as a minimum, shall be used to determine the appropriate transport option:

- a.* Primary assessment,
- b.* Focused history and physical examination,
- c.* Chief complaint,
- d.* Name, address and age, and
- e.* Nature of the call for assistance.

Emergency medical transportation shall be provided whenever any of the above criteria indicate that treatment should be initiated.

132.15(2) If treatment is not indicated, the service program may make arrangements for nonemergency transportation. If arrangements are made, the service program shall remain at the scene until nonemergency transportation arrives. During the wait for nonemergency transportation, however, the ambulance or nontransport service may respond to an emergency.

641—132.16(147A) Public access defibrillation. Rescinded IAB 2/2/05, effective 3/9/05.

These rules are intended to implement Iowa Code chapter 147A.

CHAPTER 143
AUTOMATED EXTERNAL DEFIBRILLATOR PROGRAM

AUTOMATED EXTERNAL DEFIBRILLATOR GRANT PROGRAM

641—143.1(135) Purpose. An automated external defibrillator grant program is established to provide matching funds to eligible organizations that are seeking to implement an early defibrillation program. The objective of the grant program is to enhance and supplement the emergency response system in rural areas of the state by providing increased access to automated external defibrillator equipment by rural emergency and community personnel.

641—143.2(135) Definitions. For the purposes of these rules, the following definitions shall apply:

“*Automated external defibrillator*” or “*AED*” means an external semiautomatic device that determines whether defibrillation is required.

“*Community organization*” means an educational institution, nonprofit organization, social service agency, philanthropic organization, or business, trade, or professional association.

“*CPR*” means cardiopulmonary resuscitation.

“*Department*” means the Iowa department of public health.

“*Early defibrillation program*” means a program established by the applicant to enhance and supplement the local EMS system.

“*EMS*” means emergency medical services.

“*Local board of health*” means a county, city, or district board of health.

“*Rural*” means a geographic area outside an urban or suburban setting with a population of less than 15,000 persons.

641—143.3(135) Application process. To be eligible for an automated external defibrillator program grant, a local board of health, community organization or city shall:

143.3(1) Properly complete and submit the department’s AED grant program application, which shall require an applicant to:

- a. Demonstrate the ability to provide matching funds of 50 percent of the cost of the program;
- b. Designate an individual who shall be responsible for the overall supervision of the early defibrillation program; and
- c. Include a plan for increasing rural emergency or community personnel access to automated external defibrillator equipment; and

143.3(2) Notify local EMS service programs of the intent to establish an early defibrillation program.

641—143.4(135) Early defibrillation program. A local board of health, community organization or city that receives an automated external defibrillator program grant shall:

143.4(1) Adopt and implement a policy that ensures establishment of an emergency plan of action; AED maintenance; personnel competency in the use of an AED and CPR; and a method for postevent analysis and staff debriefing.

143.4(2) Designate an individual who shall be responsible for the overall supervision of the early defibrillation program.

143.4(3) Submit an annual report to the department indicating the number of AED uses, patient outcomes and number of individuals trained.

143.4(4) Comply with the terms and conditions of the contract with the department for implementation of the program.

641—143.5(135) Review process. The department shall establish a request for proposal and application process for eligible organizations to apply for an automated external defibrillator program grant. The department shall establish a process to review applications, which shall include receiving input from a review committee. The review process and review criteria shall be described in the request for proposals.

641—143.6(135) Appeals. An applicant may appeal the denial of a properly submitted grant application. Appeals shall be governed by 641—176.8(135,17A).

641—143.7 to 143.9 Reserved.

AUTOMATED EXTERNAL DEFIBRILLATOR MAINTENANCE

641—143.10(135) Purpose. These rules establish standards for the maintenance of automated external defibrillators for a person or entity that owns, manages or is otherwise responsible for the premises on which an automated external defibrillator is located if the person or entity maintains the automated external defibrillator in accordance with Iowa Code section 613.17 as amended by 2008 Iowa Acts, Senate File 505.

[ARC 7551B, IAB 2/11/09, effective 3/18/09]

641—143.11(135) Definition. For the purposes of these rules, the following definition shall apply:

“Automated external defibrillator” or “AED” means an external semiautomatic device that determines whether defibrillation is required.

[ARC 7551B, IAB 2/11/09, effective 3/18/09]

641—143.12(135) AED maintenance. The person or entity maintaining the AED shall:

143.12(1) Ensure that the AED is maintained and inspected in accordance with the manufacturer’s guidelines.

143.12(2) Maintain records of all maintenance and inspections of the AED for the usable life of the device.

143.12(3) Ensure that the AED is programmed to conform to nationally accepted guidelines for treatment of cardiac arrest patients.

[ARC 7551B, IAB 2/11/09, effective 3/18/09]

These rules are intended to implement Iowa Code section 135.26.

641—143.13 to 143.15 Reserved.

FIRE DEPARTMENT RESPONSE WITH AUTOMATED EXTERNAL DEFIBRILLATOR

641—143.16(147A) Purpose. The purpose of these rules is to allow a local fire department that is not authorized as an EMS service program and that has an AED to respond to cardiac arrest events in the department’s community. These rules are intended to enhance and supplement the local EMS system with nontraditional early defibrillation programs.

[ARC 9358B, IAB 2/9/11, effective 3/16/11]

641—143.17(147A) Definitions. For the purpose of these rules, the following definitions shall apply:

“Automated external defibrillator” or “AED” means an external semiautomatic device that determines whether defibrillation is required.

“CPR” means training and successful course completion in cardiopulmonary resuscitation, AED, and obstructed airway procedures for all age groups according to recognized national standards.

“Emergency medical care provider” means an individual who has been trained to provide emergency and nonemergency medical care at the first responder, EMT-basic, EMT-intermediate, EMT-paramedic, paramedic specialist or other certification levels recognized by the department before 1984 and who has been issued a certificate by the department.

“Local fire department” means a paid, volunteer, or combination fire protection service provided by a benefited fire district under Iowa Code chapter 357B or by a county, municipality or township or a private corporate organization that has a valid contract to provide fire protection service for a benefited fire district, county, municipality, township or governmental agency. “Local fire department” does not include a military or private industrial fire department or an authorized Iowa EMS service.

“*Service program*” or “*service*” means any medical care ambulance service or nontransport service that has received authorization by the department.

[ARC 9358B, IAB 2/9/11, effective 3/16/11]

641—143.18(147A) Local fire department AED service registration. A local fire department that desires to allow its firefighters to use an AED may register with the department to provide AED coverage.

143.18(1) *Training requirements.* Local fire department personnel wishing to provide AED coverage shall have current course completion in CPR.

143.18(2) *Local fire department AED service—registration, guidelines, and standards.* A local fire department may register with the department to provide AED coverage. Local fire departments seeking registration with the department shall:

a. Complete the department’s AED service registration form initially and every five years thereafter.

b. Provide an AED liaison to be responsible for supervision of the AED service.

c. Ensure that the AED is maintained and inspected in accordance with rule 641—143.12(135).

d. Maintain records of all maintenance and inspections of the AED for the usable life of the device.

e. Ensure that the fire department’s AED providers maintain AED and CPR skill competency.

f. Identify which authorized Iowa ambulance service program(s) will provide patient transportation.

g. Ensure that emergency medical care is limited to CPR and AED.

143.18(3) *Complaints and investigations.* Complaints and investigations shall be conducted as with any complaint received against an EMS service program in accordance with rule 641—132.10(147A).

[ARC 9358B, IAB 2/9/11, effective 3/16/11]

These rules are intended to implement Iowa Code chapters 135, 147A and 613.

TRAFFIC OPERATIONS

CHAPTER 130

SIGNING MANUAL

[Prior to 6/3/87, Transportation Department[820]—(06,K) Ch 2]

761—130.1(321) Manual. The “Manual on Uniform Traffic Control Devices” (MUTCD), 2009 Edition dated December 2009, published by the U.S. Department of Transportation, Federal Highway Administration, shall constitute the manual and specifications for a uniform system of traffic control devices for use upon the highways of this state.

130.1(1) The department makes the following exception to the MUTCD for school zones: In Part 2, Section 2B.04, paragraph 12, of the MUTCD, Right-of-Way at Intersections, Standard, in lieu of the sentence “Portable or part-time STOP or YIELD signs shall not be used except for emergency and temporary traffic control zone purposes,” the department adopts the following: “Portable or part-time STOP signs may be used only in the following situations:

“1. When necessary for emergency and temporary traffic control zone purposes, or

“2. In school zones at appropriate school crosswalks.”

130.1(2) The department makes the following exception to the MUTCD, Section 1A.09, Engineering Study and Engineering Judgment: Add the following paragraphs to the Guidance section prior to paragraph 03:

“The decision to use a particular device at a particular location should be made on the basis of either an engineering study or the application of engineering judgment. While the MUTCD provides standards, guidance, and options for design and application of traffic control devices, the MUTCD should not be considered a substitute for engineering judgment.

“Engineering judgment should be exercised in the selection and application of traffic control devices, as well as in the location and design of the roads and streets that the devices complement.”

130.1(3) The department makes the following exception to the MUTCD, Section 1A.13, Definitions of Headings, Words, and Phrases in this Manual, paragraph 01, definition of “Standard,” to read as shown:

“A. Standard—a statement of required, mandatory, or specifically prohibitive practice regarding a traffic control device. All Standard statements are labeled, and the text appears in bold type. The verb ‘shall’ is typically used. The verbs ‘should’ and ‘may’ are not used in Standard statements. Standard statements are sometimes modified by Options.”

130.1(4) Copies of the MUTCD are available for examination at the Office of Traffic and Safety, Iowa Department of Transportation, 800 Lincoln Way, Ames, Iowa 50010. The MUTCD is also available on the Internet at <http://mutcd.fhwa.dot.gov>.

This rule is intended to implement Iowa Code sections 321.249 and 321.252.
